A JOINT meeting of P.E.I. Road Builders and the P.E.I. Builders Exchange at the Charlottetown Hotel last night was addressed by H.R. Montgomery, Montreal president of the Canadian Construction Association. Here Mr. Montgomery, (second from left) talks with left, W.J. Watson, Charlottetown, president of the P.E.I. Builders Exchange; D.H. Jupp, Toronto, national vice-president of the CCA; and David Morrison, Summerside, president of the P.E.I. Road Builders Associaton. Earlier in the day Mr. Montgomery presented a brief to the provincial government, on behalf of the CCA.

Gov't Told $30 Million To Be Spent This Year

Approximately $30,000,000 will be spent on construction work in Prince Edward Island this year, the provincial government was told yesterday in a brief presented on behalf of the Canadian Construction Association by its president, Hugh R. Montgomery, Montreal.

The construction people proposed that the federal government should participate in developing roads of national importance on a continuing basis, and asked the support of the government here "towards establishment of a national highways policy and an early start on essential advanced planning."

Signatures to the brief include those of W.P. Watson, Charlottetown, assistant vice-president, CCA, and president of the P.E. Island Builders Exchange; and D. E Morrison, Summerside, who is president of the P.E.I. Road Builders Association.

$288 PER HEAD

The brief did not give details on the construction volume, but it did say that the investment equivalent of $288 for every person in the province is providing work on a full time basis for 2,800 employees. Government harbor and wharf work are included in the figure.

The completion of the Trans Canada highway and "announcements concerning future major projects such as the P. E. I. Causeway" emphasize "the desirability of establishing without further delay, a national highway policy, program and organization," the construction people contend.

Unless there is a substantial change in the tax jurisdiction, most provinces will not be able to meet their road requirements," they warned.

FEDERAL GRANTS

The recommendation is federal grants be made available to provinces on an equitable basis for such things as use on roads in Canada's main highway network, and an auxiliary joint plan provide for international connections, approaches to national parks, access roads and railway- highway grade seprations.

The construction people also urged the government to exempt from sales tax construction items in order to encourage capital investment.

They point out that the P.E.I. sales tax on automobile trade-ins applies only to net cash transaction. "A similar treatment on construction equipment trade-ins and the exemption of equipment rentals" was asked especially.

S'side School Teacher Named Drama Advisor

The P. E. I. Drama Association has announced the appointment of Lionel G. Dixon, 28, of Summerside, as drama advisor for Prince Edward Island through the co-operation of the provincial government.

Mr Dixon was born in England and came to P.E.I. in January of this year. He is head of the French department and teacher at Summerside High School. Mr. Dixon last year produced the musical "Oklahoma" presented by the Summerside High School and this year is producer of the school's musical "The King And I."

He has also been engaged to write the script and direct a large scale historical drama for the 1964 centennial celebrations, and at present is director of the Summerside Little Theatre.

Mr Dixon, in commenting on his appointment, stated that due credit should be given the provincial government for creation of the post of drama advisor and indicates the province's interest in the advancement of cultural activities.

"I feel that my primary aim must be to generate enthusiasm for drama on a province-wide basis", stated Mr. Dixon, "In order to channel the talent in P.E.I. into dramatic expression.

"Having generated and channeled this enthusiasm, my next aim must be to sustain this enthusiasm, assist in raising higher the standards of production, and the instruction of those whose talents lie in directing, acting and allied fields."

SEEN RIPE

The new drama advisor noted that he had been in the province only since January, but said he had been convinced that dramatically speaking, it is ripe for development. "The future holds forth the promise of excellent production facilities in the Memorial Theatre which can surely be envisaged as the scene of drama festivals of high quality.

"May I comment that a number of individuals and groups are not as confident as they deserve to be of their ability to produce good theatre. My energies and enthusiasm are at your disposal. I will extend myself to the utmost in order to make this province a centre of dramatical enthusiasm and theatrical enterprise."

LIONEL G. DIXON

Three Injured At S'side In Spectacular Crash

SUMMERSIDE — Three people were hospitalized as the result of a two-car collision at Summerside East last evening around 9.30 but none of the victims is believed in serious condition although both cars were badly damaged.

William LeFurgey, Summerside East, driver of a 1961 Chevrolet sustained chest injuries, while a passenger in the car, Mrs. Annie Maxfield, Summerside East was treated at the emergency ward and released.

The other vehicle involved was a 1958 Pontiac driven by Gerald Hill, Freetown, who suffered leg injuries while a passenger in the Hill car, Miss Cora Folland, Bradalbane, received injuries to one arm as well as facial lacerations.

The accident occurred directly in front of Mr. LeFurgey's home, on the brow of a hill, a few yards west of the Starlite Drive-In Theatre.

The LeFurgey vehicle was proceeding out of the driveway of Howard Waite, Sr., which is opposite the LeFurgey residence and was attempting to cross the highway into the home driveway. The Hill car was travelling toward Summerside.

The impact reportedly sent the Hill car hurtling through the air and after rolling over it landed in the ditch on the south side of the highway on its top. Mr. LeFurgey's car was spun around on the highway and ended up facing in the direction from which it came. He was reported to have been thrown from the vehicle to the pavement.

The passengers in the Hill car were taken from the overturned vehicle through one of the windows. The victims were taken to hospital by ambulances from Bowness Funeral Home and the Compton Funeral Home, after being attended at the scene by Dr. J. L. Saunders and Dr. H. B. MacNeill.

The accident was investigated by Cnst. E. F. McCue and Cnst. D. W. Durling of the Summerside detachment, RCMP.

AT RMA ANNUAL MEETING IN S'SIDE

Some of the executive of the Prince Edward Island division of the Retail Merchants Association is shown above, left to right (seated) are Joe Zakem, Charlottetown, secretary; Clayton MacLeod, Charlottetown, secretary manager of RMA Wholesale Ltd.; (standing) R. G. Evans, Moncton, organizational manager for the Maritimes, and William Ellis, Sherwood, president. The new executive was appointed Wednesday evening at the annual meeting of the association in Summerside.

S'side Y's Men Hear Address By 'Y' Physical Educationist

SUMMERSIDE — Physical education director of the YMCA in Canada, Wesley MacVicar, Toronto addressed the Summerside Y's Men's Club last evening with Robert Schurman presiding. Ross MacKenzie was co-chairman.

Mr. MacVicar gave an interesting talk, illustrated by slides, of all the facilities and program aids which are available to YMCA's such as exist in Summerside. Mr. MacVicar was accompanied by his wife who was also a guest of the Y's Men.

Plans were finalized for the bottle blitz which is to take place next Saturday, rain or shine commencing at 1 p.m. All Y's Men will be out, and it is hoped that the figures for the last blitz will be improved upon.

Tickets were distributed to be sold for the concert of Emmanuel Mansfield, the great American tenor, which is to be held at the Civic Auditorium on Nov. 1.

Other guests for the evening were Carol Carpenter, Ronald Ramsay, Gordon Mountford of the RCAF, Hedley Myers, Frank Harris and John MacNaught.

Devotions were read by Allison MacLean; fines were levied by Charles Linkletter and collected by Kenneth Walker. Songleader was Clarence Mercer.

Case Is Set Over For Argument

Alphee Joseph LeBlanc, Shediac, charged with possession of unlawfully manufactured spirits, had his case remanded to today for argument by counsel. The case is being heard in city police court before Magistrate James Haslam.

A fine of $125 and costs was paid by Ervan Sonier, Miscouche, for driving while impaired.

John Cudmore, Clyde River, was fined $25 and costs for disorderly conduct.

One drunk and incapable completed the docket. The case was dismissed.

PLEASANT VALLEY SCHOOL

Grade I: 1. Vernon Stevenson; 2. Blaine Weeks.

Highest average in Senior grades: Blair Nicholson.

Highest average in Junior grades: Wayne Barlow.

Mrs. Grace Hickox, teacher.

Borden Credit Union Hears Managing Director Speak

BORDEN — Gregory Kelly, managing director of the P.E.I. Credit Union, was the guest speaker at the 24th annual meeting and banquet of the Borden Credit Union, held Wednesday evening in Borden Legion Home.

In outlining the expansion of the credit union movement, Mr. Kelly, said that today there are 25,000 credit unions in Canada and the U.S. with a membership of more than 15 and a half million.

In 1961 the membership rose by six and a half per cent, while the number of credit unions increased by four and a half per cent.

He said that although the number of members in Borden might seem small, it has brought a great deal of assistance to many people in a number of ways.

In paying tribute to the work of secretary-treasurer, Reginald McAleer, the speaker said that the amount of work and time he gives to the local union is tremendous. "Nowhere could you get a treasurer who would do so much for so little," he declared.

The speaker called upon the members not to be backward in giving their time and energies in acting upon committees, when called upon.

At the business session, the president, Reginald Rodgers reporting for the directors stated that there are now 179 members an increase of 13 over the previous year. He also reported a substantial increase in the number of shares and loans.

The meeting gave full approval to the paying of five per cent interest on shares and directed that 33 and one-third per cent be paid on loan interest. Approval was also given for an increase in the salary for the treasurer.

The following were appointed to various committees: board of directors, Mrs. John Hanlan, Dewar MacAusland, Reginald McAleer, Reginald Rodgers, Robert Dalzell, Michael Ness and Hillard Pickering.

Credit committee, John Melanson, Chester Lake and James MacCormack.

Supervisory committee, Alex Dawson, Reginald MacLean, F. W. Westhaver and Lorne Robinson. All the new officers were installed by Mr. Kelly.

During the entertainment period, the guests were treated to a number of dances by Miss Judy Dawson, and the evening was rounded out with a dance.

The banquet was prepared and served by the Ladies Auxiliary of the Borden Legion under the president Mrs. Mary Sutherland.

Dewar MacAusland was chairman for the banquet and Rev. Arthur Pendergast said grace.

No Liquor Price Boost Foreseen

Attorney General Melvin McQuaid said yesterday that he foresees no increases in liquor prices in the province.

Other provinces were forced to increase their prices on imported liquors some time ago, following a tariff increase by the federal government on liquor imports.

"After studying the effect of increased duties," said Mr. McQuaid, "I have found that liquor profits are not greatly affected. For that reason, no price increases are anticipated."

Total capital expenditures in Canada reached a record level of more than $8,700,000,000 in 1957

BONDEX

READY-MIXED

BASEMENT PAINT

Fortified with Silicone-Latex, it is designed for all interior masonry surfaces — poured concrete, concrete block and brick. Also ideal for ceilings, wood trim, wallboard and basement partitions.

OTHER FAMOUS BONDEX PRODUCTS

Universities Need Greater Gov't Support, Hicks Says

The vital need of greater government participation in education costs at the university level was emphasized by Dr. Henry D. Hicks, dean of the faculty of arts and science at Dalhousie University, when he addressed the organizational meeting of the P.E.I. Dalhousie Alumni Association at Montgomery Hall last night.

Noting the tremendous increase in student enrolment within the past eight years from 65,000 to 150,000, Dr. Hicks predicted that within the next 15 years the enrolment in Canadian universities will have risen to over 200,000.

The dean said of university growth that Dalhousie had been growing at a rate slightly more than the national average with a 25 per cent increase in registration in arts and science in the past two years and a doubling of the number of graduate students this year over last. He stated that Dalhousie now has more post-graduate medical students than any other university in Canada.

Elaborating on his theme of "University Education in the 20th Century", Dr. Hicks stressed scientific and technological changes in recent years to show the necessity for concentration on future facilities for education.

CHEAPER THAN COAL?

He said there would be a great alteration of the picture of man in his environment in the near future and emphasized this by pointing to the present dependence on electric power as compared to the past when oil lamps provided the illumination. He added that "we are on the verge of producing energy from atomic power that will be cheaper than we can now produce it from Nova Scotia coal".

Dean Hicks termed this last half of the 20th century "a tremendously interesting period" but said there was a great need of new policies and new methods to meet the challenge.

Remarking that today the human race is vastly more interdependent than even in the days of our fathers and grandfathers, he noted the increasing trend towards government supervision of many aspects of life. The dean said that would continue as we will delegate to governments "more of the things important to happiness."

LARGER GRANTS

He said flatly that higher education can no longer be left in private hands and that provincial and federal governments would have to take a greater part by looking beyond the primary educational field and making larger grants to universities.

In mentioning the expansion program at Dalhousie, now underway or planned for the immediate future, Dean Hicks told of the vital need for a new medical school or the university might be forced to a decision not to admit students from outside Nova Scotia, New Brunswick and Newfoundland — the three provinces which make grants to the medical school. (Note: Prince Edward Island makes an annual grant of $25,000 to assist in the medical education of students attending Dalhousie from this province)

LARGE SUMS

He stated the large sums of money needed for expansion would come in part, he hoped, from foundations, "but much must come from governments which must take a greater share in medical education costs especially in view of increasing growth in health care plans."

The alumni dinner was presided over by Malcolm MacKenzie who introduced Dr. Hicks to the former Dalhousie students and their guests. The blessing was asked by Rev. George MacDonald and the guest speaker was thanked by Archdeacon J. R. Davies.

ASS'N ORGANIZED

In a brief session following Dr. Hicks' address a local Alumni Association was organized with Malcolm MacKenzie elected its first president. Other officers named were Mrs. Robert Sutherland, vice-president and David Jardine, secretary. Directors named were Dr. Gerald Barrett, David Boswell and Miss Dorothy Cullen, all of Charlottetown, Mrs. June Miller, Summerside, and Kenneth MacDonald, Montague.

There are approximately 200 alumni and alumnae of Dalhousie in this province.

LATE NOTICES

(Also see announcements in columns adjoining Classified Advertising section.)

FOUND—At the Livingston and MacArthur Nursing Home, Wednesday, Oct. 17, 1962, Harlan P. Found, 43 Rochford Street and formerly of New London, in his 92nd year. Resting at the Cutcliffe Funeral Home until noon today, then to Clifton United Church for funeral service commencing at 2:30 p.m. Interment in the church cemetery.

Works Min. Here Today

A look at the Borden area, from where plans indicate the promised P. E. I. - N. B. causeway will start, will probably be taken this afternoon by Works Minister Davie Fulton, though an advance news release says only that he'll inspect new docking facilities there.

He will inspect the new wharf and low - rental housing units in Charlottetown, before attending a dinner with the provincial cabinet at the Charlottetown hotel at 7.00 p. m.

The minister will land at Summerside in a department of transport plane at 4 o'clock, will be met there by District Engineer, Bruce MacLennan, will come to Charlottetown via the Trans - Canada highway, and leave here at 8.00 p.m.

Accompanying the minister will be Orville Phillips, MP Prince; Robert McCleave, MP Halifax; Tom Bell, MP Saint John, N.B.; Mr. Fulton's executive assistant, Lowell Murray, and Canadian Press staff writer Ken Kelly.

Rigney Named Top Manager

NEW YORK (AP)—Bill Rigney, whose Los Angeles Angels astounded the baseball world by finishing third in only their second season in the American League, was named the circuit's 1962 manager of the year Thursday in the annual Associated Press poll.

Rigney received 80 of the 108 votes cast by members of the Baseball Writers Association. Sam Mele of second-place Minnesota Twins was a distant runner-up in the balloting with 25 votes. Ralph Houk of the pennant - winning New York Yankees was third with three.

The 43-year-old Rigney, an astute handler of youngsters, had his surprising club in second place as late as Sept. 12 before the Angels dropped to third. They wound up with 86 victories and 76 defeats, 10 games behind Yanks and five behind Twins.

In 1961, Angels finished eighth with 70 victories.

Borden Ass'n Names Rink Committee

BORDEN — The executive of the Borden Athletic Association has been named a special committee to operate the Borden rink this winter. The step was taken at a meeting of the association held Tuesday evening in the town hall.

Mayor Gilbert Bell moved that the executive be named a special rink committee, seconded by Fred Ranahan and unanimously adopted.

Clayton MacLean was appointed treasurer and the meeting also suggested that the necessary arrangements be made with Maritime Electric Company for the electrical hook-up for the rink.

Ice-making will commence as soon as possible this season.

James MacCormack, president, presided.

De Gaulle Asks Clear Mandate

By HARVEY HUDSON

PARIS (AP) — President de Gaulle spelled it out plain and clear: Unless he gets what he wants in the Oct. 28 referendum on the presidency—and by a big vote—he will resign and never return to French political life.

The referendum is to decide whether to elect future French presidents by popular vote, cancelling the present system of elections by a sort of electoral college of 80,000 persons.

Nikita Visit, Berlin Crisis Discussed

WASHINGTON (AP)—Soviet Foreign Minister Andrei Gromyko said Thursday night he had a "useful" talk with President Kennedy about the Berlin issue but declined to say whether Premier Khrushchev will come to the United States.

Gromyko gave this word to reporters after a 2½-hour meeting with Kennedy at the White House.

The Russian then headed for the state department, where Secretary Dean Rusk served up a "working dinner" at which the Berlin crisis—and possibly a Khrushchev visit—were slated for further discussion.

Dominion Stores Report Profit

TORONTO (CP) — Dominion Stores Limited had net profit in the six months ended Sept. 15 of $3,710,570 or 46 cents a share compared with $3,627,591 and 45 cents in the corresponding period last year.

Sales totalled $207,974,305 compared with $200,042,751.

T. G. McCormack, president, said wages and employee benefits and other expenses continued to increase but effective cost controls and planned improvements in efficiency served to counteract part of the increased cost of doing business.

He said the company opened five supermarkets in the first six months and re - equipped and renovated eight others. Nine small units were closed. The company has 351 stores in operation across Canada.

Officers Named By Circulation

HAMILTON (CP)—Julian D. Shields of Thomson Newspapers Limited was named president Thursday of the Canadian Circulation Managers' Association at its annual convention.

L. A. Dorman of the Moncton Times and Transcript was elected treasurer.

Directors include: Roland D'Anjou, Quebec Le Soleil; John Taite, St. John's Telegram; and Roger Lamontague, Trois-Rivieres Le Nouvelliste.

AWARDS MADE

RAMORE, Ont. (CP)—Awards for long service were made Friday to five men stationed at RCAF Station Ramore near Timmins, Ont. Sgt. J. R. N. Rousseau, Quebec City, was presented with an award for 22 years service. An award for more than 12 years service was presented to Sgt. D. Hardy of Charlottetown.

$1,138 SOUGHT IN APPEAL

Navy League Plays Role In Training Island's Youth

(Editor's note: This is another in a series of articles concerning organizations taking part in the Province-wide United Fund Campaign.) ...

By JEAN MacISAAC
Guardian-Patriot Staff Writer

Another agency taking part in the P.E.I. United Appeal is "the civilian voice of the navy" — the P.E.I. division of the Navy League of Canada — one of the nation's oldest patriotic organizations. — dedicated to the support of voluntary youth training and men of the sea.

The P.E.I. division of this organization acts in a co-ordinating and supervisory capacity in connection with the Sea Cadet Corps and Navy League Cadet Corps in this province which operates under the national organization. There are approximately 170 Sea Cadets and 45 Navy League Cadets in the province.

It is estimated that $10 is needed for each cadet per year: of this $3 is provided by the government. The division must budget for money supplement the corps' requirements, and have named $1,138 as the amount needed from United Appeal

PATRIOTISM GOAL

The Navy League voluntary youth training program for teenage boys and girls includes patriotism, good citizenship and the development of leadership and Canadian National Defence when required. League members recognize that Canada looks to her youth.

Navy League Cadet training is for boys 12 to 14, giving them a modified type of naval training to encourage young ideals and an interest in basic seamanship, discipline and training.

The Royal Canadian Sea cadet Corps is for boys 14 to 18 and is sponsored by the Navy League in partnership with the Royal Canadian Navy. This is an advanced type of naval training which includes summer training camps, scholarships, cruises and other instructional courses.

The cadet program has received the unqualified acceptance of parents and educators.

SCHOLARSHIPS GIVEN

The Navy League of Canada, has interests far afield from actual training. Through the scholarship program many cadets and ex-cadets receive scholarships to colleges and universities. For sea cadets the camps and instructional courses provided make for a broadened and beneficial outlook. The league also maintains hostels and conducts educational campaigns pertaining to the Royal Canadin Navy and Merchant navy.

Each corps in the province has its own sponsoring body approved by the league, which provides funds for the operating expenses of the corps. The funds are paid directly to the corps

In Summerside, the sponsoring body is the Canadian Legion, in Souris the Lions Club, and in Charlottetown the Naval Officers Association for Sea Cadets and the Main Brace Naval Veterans Association for the Navy League Cadet Corps.
