

AIR WAVES

(CIMN News and Information)

would like to extend a belated welcome back to another semester at U.P.E.I. By the time you read this you will be well into your winter schedule. Now that you know your schedule would like you to consider volunteering at CIMN. If you have an interest in music, journalism, drama, production, or radio in general, CIMN is a great place to spend some of your leisure time. With full training provided, your time at CIMN will be educational as well as enjoyable. Stop by the third floor of the Barn for more information, to look around, and to volunteer.

If you'd love to volunteer, but between work and school just don't have the time, try coming to us. We have a wide variety of music to suit everybody's taste (watch for our handy program guide). If there is something you're dying to hear just call our request line 2-2466 (892-CIMN), and we will almost definitely play it for you. To top it all off we provide current information about what is going on at UPEI and offer great giveaways

(some of the current giveaways include cool T-shirt's, Pictionary: the election edition, and a huge selection of CD's like the Cult, Nirvana, Neil Young, and Tori Amos). If you are lucky enough to live in Marion you can receive us on 700 AM (Bernadine residents, let me know if you can get the station on the same channel). If you live somewhere with access to Cable, you can get us at 104.5 FM Cable (right beside the CBC Stereo channel). Hooking us up to your radio is simple, just call CIMN (566-0417) or Island Cablevision (569-4101) for information.

In a few months the Student Union will be hiring several management positions for CIMN including Station Manager, Program Director, and Music Director for the upcoming year. I would like you to seriously consider applying for one or more of these jobs. For more information talk to our friendly management personnel at the station. Good luck this semester, and I hope to see you around the station.

Thanks,
Rory O'Connor
