U.S. Steel Strike Injunction Upheld By Supreme Court

PHILADELPHIA (AP)—A federal appeals court Tuesday upheld 2 to 1 a Taft-Hartley injunction ordering 500,000 striking steel workers back to the mills for 90 days.

men back to work for the specified 90-day cooling-off period. Tuesday's decision was hailed by government attorneys as a major victory in Eisenhower's efforts to end a strike now 105 days old and seemingly a long way from settlement despite the fact two steel firms have signed independently with the union. These companies are Kaiser and Detroit steel.

The other two judges who figured in this climax to a day of fast and dramatic developments in the steel situation were John Biggs Jr., the chief, and Herbert Goodrich. Judge Biggs, who wrote the majority opinion, turned aside the union charge that the injunction amounted to unconstitutional legislative action by the court.

Breweries Fight Combines Charge

UNION PETITION The decision of the special panel came upon the petition by the United Steel Workers union to declare that the injunction was unconstitutional.

TORONTO (CP) — A New Brunswick brewery executive Tuesday told the Ontario Supreme Court it could have been just coincidence that a group of breweries announced the same price increases in beer in 1948 and took similar action in 1951. Philip W. Oland, vice-president and managing-director of Moosehead Brewery Limited, Lancaster, N.B., was testifying at the trial of Canadian Breweries Limited on a combines charge.

ence about the beer price boosts in letters sent by the brewers to the New Brunswick Liquor Control Board. "Is it just a coincidence that the prices are the same?" He asked Mr. Oland. "It could be," was the answer.

Nehru Asks Reds To Return Police

NEW DELHI (Reuters)—India disclosed Tuesday that it has moved for the return of 10 border police captured by Chinese Communist troops in frontier incidents last week.

Ladakh a Kashmir province bordering Tibet. A spokesman for India's external affairs ministry told correspondents the Chinese still are on Indian territory in the area of the clash.

Mr. Oland said the letter was written two days after the federal government had announced a higher sales tax.

Steel Losses Are 'Heaviest'

NEW YORK (AP) — United States Steel Corporation Tuesday reported it lost more money in the three months ended Sept. 30 than in any three-month period in its history. Directors declared the regular quarterly dividend.

The Chinese have said three Indian border police were captured in Ladakh Tuesday, with the other seven taken during the fight. One Indian is believed missing.

PRICE ANNOUNCEMENTS Documents submitted by the crown showed that National Breweries Limited of Montreal, John Labatt Limited of London, Ont., Molson's Brewery Limited of Montreal, Red Ball Brewery Limited of Saint John, N. B., A. Keith and Son Limited of Halifax and Canadian Breweries (Quebec) Limited and Moosehead Brewery Limited sent letters to the board in November, 1948, announcing price increases ranging from six cents for one dozen small bottles to 21 cents for one dozen large bottles of beer.

Soviet Budget Sets Record; Scientific Funds Increased

Reefer Holdup Is Forestalled

Past action to relieve a threatened serious shortage in vitally necessary refrigerator cars to handle the important Island Potato crop was taken yesterday by Premier Walter Shaw. Alerted to a reported shortage in the freight cars, the premier immediately got in touch with Canadian National Railway authorities and received assurance that a supply will be diverted here from Montreal starting at once.

FLEET STREET LIKED CANUCK

Canadian Press Staff Writer LONDON (CP) — The hard-boiled editors of Fleet Street shed a sentimental tear Tuesday on hearing that Esmond Butler is heading back to Canada. "He brought a breath of fresh air to Buckingham Palace and to Britain," said Bernard Drew, news editor of the Sunday Express. "We'll all be sorry to see him go."

Federal Park Aid Is Probed

Receiving serious consideration from the provincial government at present is the federal government's offer to make its winter work program applicable to work in provincial parks. The proposal to make the program now applicable to national parks will also be construed to apply to provincially operated picnic or campsites.

CAR WRECKS LIVING ROOM

Louise Waters, 13, and her sister Shirley, 9, sit surrounded by wrecked furniture left after a car crashed through the clabboard front wall of their home in Hull, Que. Both girls were sleeping in the living room when the car burst through the wall and shattered furniture before coming to a stop inches from the couch where Louise lay, burying her in debris. Full World Disarmament Asked In UN By East, West

By JOSEPH MacSWEEN UNITED NATIONS, N.Y. (CP) East and West agreed Tuesday night on a United Nations resolution calling for complete world disarmament under effective control. The Soviet Union and other Western powers, led by the United States and Britain and including Canada, reached agreement in private sessions on the resolution which will be placed before the UN General Assembly's 82-member political committee today.

Terms were not disclosed immediately but spokesmen said it does not give its blessing to any particular country's disarmament plan.

DEFENCE EXPENDITURES Deputy Finance Minister Garbuzov told the Supreme Soviet that defence expenditures are set at 95,100,000,000 rubles, the same as in 1958. He said the 12.9 per cent of the national revenue to go to the armed forces compares with 19.9 per cent in 1955. "More than half of the U.S. budget goes for defence. That, however, represents less than 10 per cent of the total U.S. national income. (At the official rate, the money openly earmarked for the Soviet army, navy and air force totals \$24,025,000,000. Other forms of military spending are hidden in civilian appropriations and cannot be estimated.)

Province Bldg. To Be Repaired

Repairs to the roof of the Provincial Building will be started immediately by workmen who have been busy erecting a steel staging on the Richmond street side of the historic structure.

Photographic Rockets Predicted By Soviets

MOSCOW (AP)—Soviet scientists said Tuesday Lunik III's historic photographic mission to the far side of the moon heralds the launching of photographic rockets to planets beyond.

Defence Drop Is Questioned

By DAVE McINTOSH OTTAWA (CP) — There is no real evidence yet that Russia is reducing defence expenditures as a proportion of its total budget, informed sources here said Tuesday. In fact, the opposite might be the case.

LONG STORIES

The newspaper Pravda carried extensive accounts of the technical operations of the 614-ton Lunik.

Weatherman's Work Is Increased By Jets

By TOM MITCHELL Canadian Press Staff Writer MONTREAL (CP)—The weatherman, with headaches enough at any time, is trying to beat a new crop that have arisen with the speedup in air transport.

information is the need for fast relay of this data to the pilots. A serious problem here is the limitation imposed by present communication systems, the director said.

FIRST IN MARITIMES

Provincial Dairy School Is Proposed By Premier

A new dairy school for the benefit of Islanders will be opened here in connection with the Vocational School if plans now under consideration by the provincial government can be worked out in a satisfactory manner, Premier Walter R. Shaw said last night.

NEED IS FELT

The need for such a dairy school here has long been noted by dairymen and government officials. At the present time there is no such institution in the Maritimes and the three seaside provinces each year have been sending students to Central Canada schools for training.

CBC Critic Effort Fails

WINNIPEG (CP) — A call for "responsive and responsible" Canadians to act as amateur radio and television critics for the CBC has drawn a weak response in greater Winnipeg.

JET STREAM DATA

He noted that the upper air levels are those where the jet streams—ribbons of high velocity wind—are found which can sharply help or hinder the commercial carrier. The need for fast, full information about this is great.

TROOPER HAS NARROW ESCAPE

State Trooper Gene Meier is lucky to be alive after an avalanche boxed in the car in which he was driving at Franconia Notch, New Hampshire. The trooper was watching the avalanche come down a mountainside when the road under his car collapsed. The earth disturbance was caused by a wash out. (AP Wirephoto)
