Referring to a native of Charlottetown, and a former resident of Summerside, the South Bond (Ind) News says: "We see that Dr. E. P. Moore, who has been practicing in this city something over three years, has found his old quarters too small for his steadily increasing business, and has moved to larger and more convenient rooms. The doctor's pleasant address and his unusual success in the treatment of diseases of mothers and children are making him a large number of friends, and in his new quarters, which he has fitted up very handsomely, he is able to care for all who come."

ST. PAUL'S CHURCH.—The Rev. J. T. Bryan preached in St. Paul's Church last night from the words "Whosoever the carcass is there will the eagles be gathered together," the main theme of the address being war as a scavenger, with special reference to the conflict at present going on between the United States and Spain. Considering the inclemency of the weather a large congregation was present; and the preacher was listened to with rapt attention.

Japan has now building in British yards, three monster war vessels of 15,000 tons each and three battleships of 10,000 tons each, a total of 75,000 tons of fighting craft. It is said the British government has made an offer for them which Japan declined. But in the event of war with Russia, Britain would have the right to take these ships as her own by paying the contractors for them, if she chose to do so. War changes all conditions, and it sometimes becomes necessary to assert the right of "eminent domain."

A woman never really knows the meaning of happiness and content until she is the mother of a healthy, happy child. The health of the child depends on the health of the mother, both before and after birth. Most all of woman's weakness and particularly the weakness that most strongly influences the health of children, comes from some derangement or disease of the distinctly feminine organs. Dr. Pierce's Favorite Prescription will cure troubles of this nature. It should be taken regularly by every woman during the entire period of gestation. It gives strength to all the organs involved, lessens the pains of childbirth and insures the health of both mother and child. Send 31 one-cent stamps to cover cost of mailing only, and receive free a copy of Dr. Pierce's Medical Adviser. Address, World's Dispensary Medical Association, Buffalo, N. Y.

War or no war we will keep firing out the clothing as fast and as cheap as ever. Don't go and pay \$18 to \$25 for your spring suit we will sell you with suits just as good and just as well made for \$10 \$12 and \$15.—Prowse Bros 95 St.

FAMOUS MILITARY BAND.—Dan Godfrey's famous military Band is to make a three weeks visit to Canada, sailing from Liverpool about May 7th. NATAL DAY.—The Oddfellows will celebrate their Natal Day tomorrow. The three City Lodges will meet in their hall, Victoria Row, at two o'clock, and form in procession. From the hall the procession will proceed up Queen Street to Kent, along Kent to Prince and up Prince to the Baptist Church where the Rev. C. W. Corey will deliver a sermon appropriate to the occasion. After the service the line of march will be down Prince to Water street along Water to Queen and up Queen to Oddfellows Hall. The celebration will close with an entertainment in the Opera House for which an excellent programme has been prepared.

A DANGEROUS PLAYTHING.—By some means at present unknown, the little child of Capt and Mrs. George Masters came into possession of a dynamite cartridge for a plaything. On Monday morning while Grandma Masters was dressing the little girl, not knowing the deadly nature of the innocent-looking shell, she took the shell and laid it on the stove for a moment. A moment was sufficient; it exploded with a terrific noise, the pieces flying in all directions. Fortunately no one was seriously injured, though the child and the grandma bore evidence of the accident in several cuts and scratches about the face, the child's body also being considerably cut by the flying bits of the shell.—Hantsport Advance.
