World's Columbian Exposition, Chicago, 1893.

THE Government of the Dominion of Canada has accepted the invitation of the Government of the United States to take part in the World's Columbian Exposition, to be held in Chicago from 1st May to 31st October, 1893. As it is important that a very full display of Canadian products be made on that occasion, a general invitation is extended to Canadian producers and manufacturers in agriculture, horticulture, products of forests, fisheries, minerals, machinery, manufactures, arts, etc., to assist in bringing together such a display of the natural resources and industrial products of Canada as will be a credit to the country.

An Executive Commissioner for Canada has been appointed, who will have the general charge of the exhibits and the allotment of space, and the several Provincial Governments have been invited to co-operate with the view of making the exhibition as complete and satisfactory as possible.

The Dominion Government will pay the transport of exhibits going and returning, and for the placing of articles sent.

Entries must be made not later than 31st July. The reception of articles at the Exposition buildings will commence 1st November, 1892, and all exhibits, excepting Live Stock, must be in place by 1st April, 1893.

Forms of application for space and general information can be obtained on applying by letter, post free, to the undersigned.

WM. SAUNDERS,
Executive Commissioner for Canada.

PARNELL,

SIRED BY	DAM
Abdallah Messenger, 4869, Sire of Bijou, 2.25 1-4, Grandsire of Telephone, 2.25.	Dolly, by a son of Saladin, Grand dam by Saladin, he by Bay Middleton.

—THE PROPERTY OF—

P. P. GILLIS, CHARLOTTETOWN, P. E. I.

PARNELL is a rich dark bay in color, with black points. He stands 16 hands high, and weighs 1150 pounds. He is a magnificently built and perfectly proportioned animal, having a finely shaped head and neck, the throat being clearly cut; the chest is broad and deep, giving grand lung power; the shoulders slope well back; the barrel is well rounded and springly ribbed, with strong loins and coupling; the quarters are shapely and heavily muscled; his bone is firm and clean, and his legs and feet all that can be desired. He is a splendidly gaited animal, having a free, open, natural trotting action that is greatly admired by all who have seen him moving in harness. He is good tempered and level headed, and very intelligent looking.

At the Provincial Exhibition, 1892, he showed his license to trot. Being started three lengths behind, and he pole horse, he drove the winner home in 2.40½, which is equal to 2.35 had he got fair play. Parnell has to his credit some of the best looking colts on the Island, and before the snow flies next fall he will have some of the fastest.

In Parnell's veins is mingled the blood of performers and producers—the blood of Black Hawk, of Abdallah I., of Justin Morgan, of Sambo, of Saladin, and of many others that are renowned in the equine history of the United States and of Prince Edward Island. In style, action, speed, courage, energy, pluck and intelligence he is worthy of his breeding, and breeders can make no mistake in stinting their best mares to this handsome Stallion. If you want speed you must breed for it, and in Parnell you have it. If you want fine carriage horses you must breed for them, and in Parnell you have concentrated the strains that have produced hundreds of our best roadsters His inheritance is such as to justify expectations of the best results.

Parnell will stand at the owner's stables during the season of 1892 at the service fee of $15.00 for a foal. As I expect Parnell to trot below 2.30 this fall, I cannot allow the usual return privileges. Mares from a distance will be kept free of charge for two days.

P. P. GILLIS, Owner.

ONE CHANCE ONLY!

Well, I have done all I can, and I think he is over the worst stages of the disease, BUT, said the DOCTOR, you know the greatest danger comes from the weak condition in which the Grip has left him. However, there is ONE CHANCE MORE,—try Ale and Beef Peptonized. It is a wonderful stimulating nutritive Tonic and Food, and has never failed me yet. Send around quick; it can be got at any DRUG STORE.

THE DAILY EXAMINER.

MAY 25, 1892.

Notes and Comments.

—Remarking upon the fact that Mr. Fielding, the Liberal Premier of Nova Scotia, is about to sail for England to negotiate a loan, the Montreal Gazette says that next to abusing the Conservatives for adding to the public debt the genuine Liberal in power likes to borrow money on the public credit.

—Great excitement has been aroused in the columns of the Omaha Republican by what it terms the "Canadian plan" of British preferential trade. It descends even to the depths of profanity in regarding the awful consequences which would ensue by the shutting out of American goods from their natural market in Britain, and concludes by saying that, "This country (the U. S.) must either stop foreign immigration, provide for and secure foreign dependencies, stop the acquirement of such by other nations, or by-and-by starve." Newfoundland is to be annexed at once as a commencement in this work of American salvation from Canadian "plans." It would, therefore, appear that the Dominion has more influence abroad than the Grits will give it the credit of having.

—According to the latest cable despatches Great Britain has just won a great diplomatic triumph over Russia in Persia The Shah owed a British company, whose rights he had bought out, some £500,000. And he had no money and no credit. At this juncture Russia kindly offered to lend him the money at 6 per cent. interest, if he would give Russia control of the Persian customs houses until the money was repaid. The idea, of course, was to place the Shah under obligations to Russia and at the same time secure to Russia control of Persia's trade. For a time it was thought that the Shah would accept the offer, as he stood sadly in need of the money. But at length the news comes that he has refused it, and will go on the London money market and borrow the money like a man. So the Blawsted Britisher is still supreme at Teheran as well as at Cairo, despite all that St. Petersburg and Paris can do to dislodge him.

Horse Notes.

Of the mares booked to Belkaiser, 18197, the newly imported Wilkes stallion, the first bred to him was the well-known Kentucky bred mare Morena, imported with Hernando in 1881. Her breeder was General Withers, of the celebrated Fairlawn Farm, Lexington, Ky. Her sire was Almont Mambrino, 761, son of Almont, 33, and Monogram, a daughter of Mambrino Chief, 11. Her dam was by a son of Abdallah, 15, sire of Almont, 33. Morena is a very good individual and a fine type of a brood mare. She was never trained for speed, but her gait and movement indicate that she might have obtained a place among the members of the 2 30 circle. Hernona, the handsome five-year-old standard mare owned by Mr. John Newson, one of the best informed and advanced breeders of the Island, is her daughter.

Hernona was sired by Hernando, son of Almont, 33, and has thus a doubling up of the blood of the great son of Alexander's Abdallah, 15. Hernona has given evidence of a high order of speed, but only her usefulness was considered more valuable in the breeding ranks she might have taken a low record. Of other offspring of Morena, Mr. D. C. McKinlay, North River (her owner, has a yearling and two-year-old colt by Preceptor; also a yearling filly, standard, by same horse. For the two-year-old Preceptor colt Mr. McKinlay has been offered a handsome price. It is a full brother to Fleetwood, also bred by Mr. McKinlay and now owned by Mr. Henderson.

The commingling of the strains of blood to be found in the pedigrees of Belkaiser, 18197, grandson of Georges Wilkes, 2.22, and Morena, grand-daughter of Almont, 33, will give the offspring an inheritance of the richest blood which is conferring lasting renown on the American trotting horse.

News Notes.

American lynch law has been established in Tangiers, the innovation having been introduced through the lack of judges and gendarmes. Eight Arabs have been lynched.

The French forces in Tonquin recently attacked and captured a pirate stronghold. One hundred and twenty-five pirates and fifty-three soldiers and five officers were killed.

Sixteen valuable Astrakhan sheep sent by Mr. Beale, American Minister to Persia, arrived in London a few days ago en route to the United States Agricultural Department.

THE LADIES DELIGHTED.—The pleasan effect and the perfect safety with which the ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels. ....

TILSONBURG, Ont., May 20.—During the past few days the Ontario commission on dehorning of cattle has been engaged in this neighborhood taking evidence and examining different herds of cattle that have been deprived of their aggressive weapons. A large number of witnesses, nearly all engaged in dairying, have been examined, and all gave strong evidence in favor of dehorning, claiming that it was beneficial all round.

THE Rev Geo H Thayer, of Bourbon, Ind, says: "Both myself and wife owe our lives to Shiloh's Consumption Cure."—Reddin Bros. novldwly

At Dead of Night.

I woke at dead of night. The wind was high;
My white ros bush was tapping 'gainst the pane
With ghostly finger-tips; a sobbing rain
Made doleful rythm for my thoughts, and I
Strove vainly not to think, and wondered why
My brain, ghoul-like, must dig where long had lain
The pulseless dead that time and change had slain.
I fear no living thing. But oh! to lie,
And see the gruesome dark within my room
Take eyes and turn on me with yearning gaze!
To hear reproachful voices from the tomb
Of duties unfulfilled,—might well nigh craze
A stronger brain! God save me from the gloom
Of sleepless hours that stretch between two days!

—Carrie Blake Morgan, in June Lippincott's.

Canadian Eggs in England

AN ENGLISH MERCHANT WHO THINKS A TRADE CAN BE BUILT UP.

(Montreal Herald)

Mr. Cornelius Hawe, representing the Continental Egg Company of Great Grimsby, Yorkshire, England, is stopping at the St. Lawrence Hall for a few days. He is here to look up some of our merchants and enquire into the trade between this country and England. Queried by a Herald reporter last evening as to how the trade is at present, and how he thought it would increase, he said:

The whole matter lies in a nutshell. The eggs must be given a wider area, and not sold only in one place as at present. Eggs are brought to Liverpool and sold in and around that city instead of a great quantity being shipped from Canada and sold all over the country. Canadian eggs can be sold in England; look at the quantities which arrive from Germany and Russia daily; car loads and car loads are sent from these countries into England, and sold all over the country at good prices, and our company has an agent in both countries travelling all over buying and shipping just as fast as they can. Look at the famine in Russia, which we read about in the papers. People would think that would diminish the shipping of eggs from that country, but it is not so; there are just as large quantities coming from there now. They get good prices for them in England, and I cannot see why Canadian eggs, if shipped in large quantities and put out on a larger area, could not bring the same prices, if not larger ones. The fault found at present with the eggs from this country is that they are very small, and it seems that the shippers send any kind, very often boxes being found with three or four different sizes. Uniformity is the principal thing needed. I notice that the eggs are gathered in quantities and placed in cold storerooms until there are sufficient for shipment, when they are sent to England, there to remain very often for some weeks before being sold. This would not happen if they had a wider range for sale. If the Canadian merchants would ship in much larger quantities and to different ports, they would build up quite an extensive trade with England.

Mr. Hawe will proceed from here to Toronto, and will visit all our principal cities before returning home.

Personal.

It is officially stated that the Prince of Wales will visit Copenhagen at the celebration of the golden wedding of the King and Queen of Denmark, but will not join in the festivities.

The Stratford-on-Avon people have saved Anne Hatheway's cottage from the Chicago exposition spoil hunters by buying it. The Englishmen seem to have paid a big price for a big advertisement for the Windy City's show.

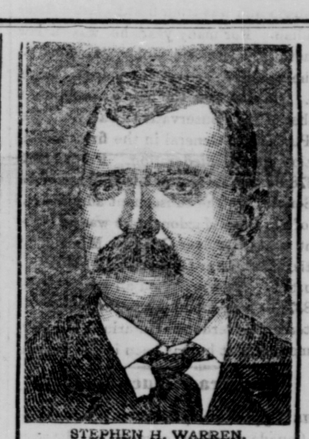
While acting as a mason laying the corner stone of the Board of Trade building at Montreal recently, Sir Donald Smith told the assemblage that he had also acted as navvy and driven the last spike on the Canadian Pacific Railway. There is nothing like ability to turn his hand to anything that comes for helping a man to get along in the world.

A bust of the late Sir John Macdonald, prime minister of Canada, executed by Geo. Wade, has been selected by the Imperial Federation League for erection in St. Paul's Cathedral. The memorial is to be executed in marble and placed by permission of the dean and chapter in the crypt of St. Paul's Cathedral next to that of the late Lord Mayo. —London Daily Telegraph, May 10th.

The Rev. Wm. Valentine Lloyd, chaplain to the household of the Duke of Edinburgh and Rector of Haselbeck, accompanied by his brother, Mr. Henry Crampton Lloyd, of Stockton, Cherbury, Solop, is in Montreal at present, the St. Lawrence Hall being his headquarters. Mr. Lloyd, who was with His Royal Highness during his service in the navy, has retired from active work so far as the sea is concerned, but has been busy with his pen, having among other works completed one volume of the "Sheriffs of Montgomeryshire," which he has compiled down to 1645. He is ambitious of bringing the lives of the Sheriffs down to the present day; and hard work having brought about necessity for a rest, he comes to Canada for it. He will visit Lord Aylmer, will also visit His Excellency Lord Stanley, and will call upon Sir Julian Pauncefote in Washington before he returns to England.

MANY people are not aware that it is the wrapper of the tobacco which gives the color to the plug, and are therefore often deceived by a handsome outside appearance. The wrapper is a single film of leaf wrapped around the plug and is never good smoking tobacco. It is costly only because of its fine color. In the "Myrtle Navy" brand the chief attention is paid to the "filler," that is, the inside of the plug. It is this which determines the smoking quality of any tobacco. A tobacco can be made to look as well as the "Myrtle Navy" without much trouble or expense, but it may at the same time be a very inferior article.

A NASAL INJECTOR free with each bottle of Shiloh's Catarrh Remedy. Price 50 cents.—Reddin Bros. novldwly



STEPHEN H. WARREN.
FROM THE ISLES OF THE SEA.
Liver & Kidney Trouble
COMBINED WITH
PALPITATION OF THE HEART
CURED!

STEPHEN H. WARREN OF ISLESBORO, ME., IS WELL KNOWN IN HIS NATIVE TOWN, AND THE GREATEST CREDENCE CAN BE GIVEN TO HIS STATEMENT. TO A REPRESENTATIVE OF THE SKODA DISCOVERY CO., HE RECENTLY SAID:

"For more than two years I have suffered great misery from what Physicians called **Liver and Kidney Troubles.** Nearly all the time I would have **severe pains** in my **back** and **side,** with a constant dull pain in the region of my liver. My bowels were **constipated. Food distressed me badly,** and my **Heart would palpitate** greatly at times, in fact I was well broken up.

BETTER THAN COLD

For two months I have been taking SKODA'S DISCOVERY and SKODA'S LITTLE TABLETS, **and I AM A NEW MAN. Appetite good. Bowels in good condition. Heart palpitation all gone. No trouble with Liver or Kidneys now. I AM WELL.** You certainly have a wonderful remedy in SKODA'S DISCOVERY as I have taken many of the Sarsaparillas, and have been treated by different Physicians without getting permanent benefit."

THE ONLY MEDICINE SOLD WITH A GUARANTEE CONTRACT WITH EACH BOTTLE. TRY A COURSE (6 BOTTLES) AT OUR RISK, IF NOT BENEFITTED RETURN BOTELES AND GET YOUR MONEY. PAY ONLY FOR THE GOOD YOU RECEIVE.
