School Bowling Tourney Slated

A high school bowling tournament takes place at Crest Lakes in Summerside next week. The boys' competition will be on Monday, June 10, and the girls' on Tuesday, June 11. There will be prizes for high trips, high single, and consolation prizes. Also awards for the most strikes and most spares. There will doubtless be a large turnout for these competitions as high school students have been very enthusiastic about the bowling game since its inception in Summerside in March. Then don't forget the big boys' tournament for men to be started on Wednesday, June 20. Bowlers entered will bowl six frames each, and the top 12 will continue the following Wednesday, again bowling six frames. This promises to be an annual affair. The new Commercial Softball League in Summerside comprises eight teams, which

SOFTENING THE FALL

At first glance it appears that Finnish athlete Timo Koskela is crawling from under a pile of fallen bricks at a Helsinki sports meeting. Actually, the "bricks" are foam rubber blocks to break a pole vaulter's fall, which is becoming quite a problem since athletes

Borderline Call Makes Difference

One borderline call by an umpire can occasionally make a head of difference in a ball game. We're not criticizing the umpires. They're bound to handle some close ones, which could be called either way, and they have to make up their minds in a hurry. One day evening a pitch was called a ball by the ump. Had it been a strike, it would have made a difference of six runs. There were two out, and two on base, and a full count on the batter. A strike would have retired the side, but the next pitch, obviously a close one, was called a ball, the batter walked, and six runs scored before the side was retired. A confidant who was behind the plate, but much further away than the umpire, of course, came over to us after the pitch and

Ass'n Prexy Calls Meet

Bob Schuman, president of the Summerside Golf Association, is calling a meeting in the club rooms for this Friday eve-

Park Defeats Lions 6-5 For 3rd Straight Victory

The upstart National Park All-Stars notched their third straight win last night at the Old Diamond but they did it with the help of some shoddy fielding by their opponents. Barry Kempster, final score of the game was 6-5. The winners got only four hits off the offerings of the All-Stars. Jones and reliever Art Ballen but six costly errors meant the difference. The winning run scored by John Hughes in the final frame came as the result of a miscue by coach and first-sacker Jim Good. Hughes, the first man to the plate in the bottom of the seventh, hit a hard one to second sacker Merrill Flynn but Good let Flynn's peg get away from him. The Park stickler went to second on a wild pitch and headed for third on another

MacKenzies Top Airmen 17-11

SUMMERSIDE — Batters continued to hold supremacy over pitchers as MacKenzies defeated RCAF in a regular softball league fixture last night, the final score 17-11. Gerry Kempter almost went to first for the winners, Owen Coffelt coming in to retire the last

Angels Down Jets 15-13

Guardian Angels downed Cameron Jets 15-13 in Commercial League action last night. The Angels came through with five big runs in the sixth to clinch the victory. The Jets tried hard to make a comeback in the top of the seventh but the best they could do was score three runs, two from tying the game. Minutes later the slab for the winners, giving up eleven hits, three of them crucial mistakes. On the mound for the Jets were Myron Weeks. The Angels took him for sixteen hits and two of them were double-runners. The winners had another big rally in the fourth inning when they scored five runs. The Jets dispatched their run over the seven innings, scoring a run or more in every frame. They scored a run in each of the first five innings and then added three in the sixth and three in the seventh.

HERN AND BIRD'S WEAR

June Byrd Steals Spotlight At Local Oval Last Night

A newcomer to the Charlottesville track stole the spotlight in last night's eight dash card at the local oval. June Byrd, a bay mare owned by the newly-formed Greenbrier Farms of Charlottesville who arrived at the local stables just last Saturday, captured both dashes of the feature invitation pace. The mare, trained by Claude O'Brien, made it look easy in both outings and in her second trip stepped the fastest mile of the young season, a rapid 2:08. Her first mile was in 2:12. Jolly Abb was runner-up to the Byrd mare in each heat. Including June Byrd there were four double winners on the card. Dr. Chris Gallant's new one, Irv Averill, a 5-year-old brown gelding by Averill out of Josedale Direct, took both ends of a B pace. Gladie Smith reined the gelding to miles of 2:12 and 2:15-1, beating out the Walter Kelly-driven Willard's Choice both outings.

OUT CAME THE NEAREST THING YET TO PERFECT GASOLINE

NEW SKY CHIEF

- Get the biggest boxscore of benefits in gasoline history
- Better Mileage
- More Usable Power
- Faster Starts
- Quicker Warm-Ups
- Faster Acceleration
- No Rust or Corrosion
- Longer Engine Life
- Less Stalling
- Longer Ring Life
- Longer Spark-Plug Life

Your Texaco dealer has a new gasoline

It is available now, only because Texaco scientists recently put computers to work to analyze a 60-year accumulation of petroleum research and facts on driving. They fed them figures on over a million miles of test-driving; thousands and thousands of stalls; more thousands of cold starts; data on pre-ignition, detonation, vapour lock... and every other driving complaint you can think of. The purpose: "Find the formula for the nearest thing yet to a perfect gasoline." The result: The computers eliminated more than a decade of searching and made many years of research pay off almost at once. In days (instead of years) the computers came up with a formula for a great, new, near-perfect gasoline, one that saves on starts, saves on warmups, saves engine. (Just look at that boxscore of benefits.) It's the New Texaco Sky Chief. Try It.
