By-Election Activities
Q. So that you were closely connected with Waterworth in 1943? A. Yes. In the meantime there was a by-election that came up between 1943 and 1947 and Joe Campbell ran for Liberals against Major John J. McDonald, and I was interested in that election too. But a day or two before the by-election I asked Mr. Campbell if he had arranged for the cars for the Montague polls and he said that Wilfred Waterworth was taking care of the cars for the Montague polls, but the morning of the election I found that I was the only car running for Campbell — I couldn't see any more cars around and I went to Waterworth and told him what Mr. Campbell said, that is, that he, Waterworth, was going to supply the cars. I went to Waterworth and said, "Joe said you were supplying cars," and he said "To H— with Joe Campbell" or words to that effect.

Q. In this by-election, Waterworth appeared to be against Campbell? A. Yes, I considered that he was against the Liberal Party and after that I have never discussed politics with him.

Q. Now back to the evidence on page 9 and 10. (Q) When you went to Dr. Grant, did you have any other applications with you? (A) I had twelve others. (Q) Did he sign them? (A) Dr. Grant signed the thirteen applications. (Q) Was there any discussion about this particular one? (A) Not a word. (Q) You are doing fine. He says "This is great; get as much for the boys as you can, and get it out." Now, doctor, was there ever such a conversation? A. No, it is all false.

Q. You never signed any thirteen applications all at once? A. No I certainly did not.

Q. You didn't say "You are doing fine, this is great?" A. It is all false.

Q. I'll read from the evidence on page 10: "(Q) What was the meaning of 'Get it out?' (A) Pass it out. (Q) For what purpose? (A) It was just at that time, it was very close to the election, and put it out as I was instructed to do." Now, Dr. Grant, you had no talk about election at all? A. No, I considered him to be a Conservative, and that those were his people — I thought he was getting some nets for them.

Q. I'll read from the evidence on page 10: "(Q) What was the meaning of 'Get it out?' (A) Pass it out. (Q) For what purpose? (A) It was just at that time, it was very close to the election, and put it out as I was instructed to do." Now, Dr. Grant, you had no talk about election at all? A. No, I considered him to be a Conservative, and that those were his people — I thought he was getting some nets for them.

Q. Now back to the evidence near the top of page 12: "(Q) For what purpose did you go to see Dr. Grant? (A) I was going to see Dr. Grant. I'll have to check that. I think it was meant to be "to elect Clark and Campbell." A. I

Q. In connection with the election you had nothing to do with him? A. I didn't discuss anything with him — I didn't ask him what side he was on because I knew I wouldn't get a reliable answer.

Q. Now back to the evidence near the top of page 12: "(Q) For what purpose did you go to see Dr. Grant? (A) I was going to see Dr. Grant. I'll have to check that. I think it was meant to be "to elect Clark and Campbell." A. I

A very pretty wedding was solemnized at the Catholic chapel, R.C.A.F. station, Summerside, on Saturday, July 29th when Elizabeth Kenyon, daughter of Mr. and Mrs. George Kenyon of Ottawa, became the bride of Flying Officer Homer R. Chapman, son of Mr. and Mrs. William Chapman, also of Ottawa. They were attended by Flying Officer and Mrs. Henderson.

The nuptial mass was celebrated by Rev. J. Douglas MacNeill. The bride looked lovely in a gown of white eyelet organdie, ballarina length. She carried a bouquet of white carnations. For "wedding she wore a pearl two-piece dress with natural straw accessories.

After a honeymoon spent in touring the Maritimes, Mr. and Mrs. Chapman will reside in Summerside.

DR. GRANT
Continued from page 1
County, Prince Edward Island? A. Yes, sir.

Q. Now you have heard me mention here about the affidavit of Wilfred Waterworth and about a subpoena for you last summer to attend his trial. When did you first hear about that subpoena? A. Only within the last week.

Q. You heard of it from me, is that correct? A. Yes, sir.

Q. Last year you never knew there was a subpoena out for you? A. No, sir.

Q. You didn't attend the trial? A. No, sir.

Q. I just want to take Mr. Waterworth's evidence and go through it from the first and read parts to you and see what you have to say to it. (Q) On page 3 of the evidence the question reads: "What was the application for?" What was the application for? (A) I don't know.

Q. You never mentioned anything in connection with the election. A. No, I did not.

Q. And further on on page 12 of the evidence, "And Dr. Grant said 'Get it out.' I said 'Write me some tickets then.' (Q) Tickets for what? (A) Liquor. Doctor's prescriptions. He wrote me ten tickets and went out." Did that ever happen? A. Yes, sir.

Q. I don't think it did not at that time. The election before, when he was running himself, I might have given him some tickets.

Q. If you gave him any, it might be one like you would give to anyone. A. Yes.

Q. You never gave him any number of prescriptions? A. None I can remember.

Q. The next question on page 12 of the evidence reads: "(Q) What did you do with them? I got six more from Joseph Campbell the same day and went to Cardigan." Now, doctor, if he did get any from you, did you give him any for election purposes? A. No.

Q. On page 13 of the evidence, I quote "(Q) Regarding these cheques — was there any money you received over and above what was due the fishermen, \$1,000, and \$500, cheques? (A) That all went out the same way. It all bought liquor. If not run it was moonshine and it was put out for the purpose I was told to get it for."

Q. Told by whom? (A) Our Dominion member, Dr. Grant. Did you ever tell him to get any liquor? A. Absolutely no. That's all false.

Q. On page 17 of the Waterworth evidence it says: "(Q) What date was that? A. — Day before the election, 10th December. (Q) When did you last see Dr. Grant with reference to election day? (A) The last I saw Dr. Grant was the morning about 11 o'clock on December 11th. He came to see me." Did you go to see him on election day? A. — That was with reference to the election before. I never went to see him or went near him this election at all.

Q. — Further on page 17 of the evidence, I quote: "(Q) Was that the day you saw Dr. Grant? (A) Yes, December 10, after I had been to Charlottetown. (Q) He came to you for office? (A) Yes, and wanted to know if I would use my car the next day. I told him that my car was broke. I would do my business at the plant, but I could not drive my car. (Q) What about the amount of money? (A) That was the occasion I told Dr. Grant when he asked me how I was fixed. I said 'I have \$250.' He said 'Get it out.' I said 'Give me some tickets then.' That was the last conversation after that? (A) No more.

Q. Or about Fishermen's Loan Board? (A) No, never. (Q) Dr. Grant after that for anything about Fishermen's Loan Board? What about that, Dr. Grant? A. — That's false.

Refused Requests
Q. — Is that true — he never contacted you after that? A. — When the rumor got around that Waterworth was keeping money out of loans or part of it, one fellow asked me again to sign them, and then another man spoke to me and he came in a day or so after with five boys with applications, and I said "Boys, I can't sign any more." "I can't sign them." I was going to Charlottetown on the train, and those five boys were also on the train.

Q. — Who were some of them? A. — I can't remember — there were five of them on the train and they came out there I was and asked me again to sign them, and I said "No, I can't sign any more."

Q. Waterworth went into town that day and got the \$1,000. I saw in Charlottetown where his name was on them.

Q. — On page 19 of the Waterworth evidence: — "(Q) I gather that during the fall of 1947 you

association was pretty close with Dr. Grant? (A) Very close. (Q) Is it right, Dr. Grant approved most of the applications that went through at that period? (A) He approved most of the applications." Is that correct, Dr. Grant? A. — That's not correct.

Q. — And your association with him was not very close? A. — No.

Q. — Further on in the evidence: "(Q) It would be foolishness to go to anybody else when you had the most influential person in the County to put his name on the application? (A) He told me to come to him. Did you ever tell him to bring applications to you, Dr. Grant? (A) That's false. I never told him to come to me.

Q. — Further on page 21 of the evidence, I quote: "(Q) Dr. Grant's name does not appear on any of those? (A) Dr. Grant had nothing to do with any of those? Certainly he did. He said to get them." Did you say that? A. — No, that's false.

Retired Merchant Of St. Eleanors Passes Away

There passed away at the Prince County Hospital on Saturday morning, Mr. H. Bruce Bernard, prominent retired merchant of St. Eleanors, at the age of 62 years.

The late Mr. Bernard was prominent in the Masonic Order, being a past master of King Hiram and Lebanon Lodge, Summerside and a member of the Scottish Rite.

He was twice married. His first wife, who predeceased him ten years ago, was the former Lulu Richardson, of St. Eleanors. His second wife was Bertha Haywood of Howlan, who survives. He leaves also to mourn his passing three children, Doris, Mrs. Gordon Bennett of Charlottetown, Edwin of St. Eleanors and Keith with the Canadian Westinghouse, Hamilton, Ont., who arrived home by plane on Sunday. Also surviving is one sister, Mrs. Ernest Tanton of Wilmington, N. Y.

The funeral will take place this afternoon with a short family service at the home, followed by service at 2:00 p.m. at Trinity United Church, Summerside. Interment will be in St. John's Cemetery, St. Eleanors.—S.

Further Statements Denied
Q. — Page 26: "The six years' fishing experience? (A) That was up to him. (Q) You knew he had no six years' fishing experience? (A) So would Dr. Grant. (Q) Dr. Grant had nothing to do with it? (A) I was acting under instructions from Dr. Grant." Is that true, Doctor Grant? A. — That's all false. I never issued any instructions either with regard to the Fishermen's Loan Board or the election.

Q. — Page 29 reads: "(A) There was a bunch waiting. Dr. Grant told me to get the money out." Is that correct? A. — That's false.

Q. — Any of the applications that you did sign you understood that the man was going fishing, whether he had been a fisherman or not? A. — I would sign for a fellow on the general principle that he wanted to go fishing.

Q. As a general rule Waterworth told you they were buying nets for him? A. They told me themselves that Waterworth was getting their nets for them and that they had no money. They all told me that. He was in that business—supplying nets. I understood he was, anyway.

Q. — I had some other matters which are in the Chief Justice's charge but I didn't put that in because he mentions the matter of issuing a subpoena for Dr. Grant, but I think that's been sufficiently attended to. A. — I never heard of it until last week.

Q. — And you came here today in answer to our subpoena. A. — Yes.

Habeas Corpus
Mr. Campbell: I take the position in tendering the Waterworth evidence taken at the Supreme Court in 1949, and submit that sitting as a Commissioner under the Public Inquiries Act Your Honor has not the power to issue a habeas corpus in order to bring Waterworth before you as he is presently confined to jail or penitentiary. Under the Public Inquiries Act Your Honor has the power to issue subpoenas to compel the attendance of witnesses. The subpoena is useless in the Waterworth case as he is at present under conviction for two years by the Supreme Court. It would require a habeas corpus and I am further of the opinion that it would be idle to apply to a Judge of the Supreme Court for a habeas corpus because I don't see how there would be any procedure for that — to have him attend a public inquiry.

Judge DesRoches: I am inclined to agree with you. Thank you Dr. Grant for being here today. The sitting was then adjourned to Grand Tracadie on Friday, August 4th at 7 p.m.
