La constitution et les règlements de l'association qui avaient été confiés à la surveillance d'un comité furent lus et adoptés. Au delà de 20 nouveaux membres s'enrolèrent, faisant maintenant un total d'environ 50 membres. Nous espérons que les fermiers de Tignish et Palmer Road profiteront des avantages qui leur sont offerts par ce Cercle agricole. En joignant ce club les fermiers enlvent aux marchands et aux acheteurs étrangers le droit de monopoliser les prix et de ne payer que ce qu'ils veulent dans leurs achats des fermiers. Ce sont les fermiers qui ont le droit de fixer le prix de ce qu'ils ont à vendre et non d'autres.

Sermons du Rev. De Costa

Le Rev. De Costa, ministre de la secte épiscopienne de New York, continue ses sermons fondoyants contre le protestantisme. Dimanche, le 5 février, dans l'église de Saint Jean l'Évangéliste, il a parlé des églises ou sectes sans tête. Une église sans tête est un cadavre, a-t-il dit, et doit être enterré. Le pays, a-t-il ajouté, est rempli de ces églises-cadavres. Des hommes qui ne croient même pas en Dieu se prétendent chrétiens. Le Rev. De Costa a aussi déclaré que la Bible seule ne saurait être une règle de foi. Il faut une Eglise, une autorité vivante pour l'interpréter. C'est la doctrine catholique, et le Rev. De Costa ferait bien mieux de quitter sa secte pour entrer dans le sein de la seule Eglise vivante, celle que Notre Seigneur lui-même a fondée sur Pierre. E.L. est facile à trouver.

LES ECOLES NEUTRES

Le "New York Freeman's Journal," numéro du 11 février, déclare que sur les 75,000,000 de personnes qui composent la population des Etats Unis, 25,000,000 seulement fréquentent les différentes églises. Il y aurait donc 50 millions de nos voisins qui vivent pratiquement comme des athées. C'est là le fruit des écoles neutres.

Club de Leoville

M. le Rédacteur :
La dernière séance de notre club qui a eu lieu le premier mars a surpassé toutes celles qui l'ont précédée. Le sujet écrivait fut discuté : "La vie de l'homme est-elle sujette à une destinée?" M. Joseph Poirier ouvrit le débat et d'une manière très-babile essaya à convaincre l'auditoire qu'il n'y a pas de destinée. Ceux qui le supportèrent furent MM. Vitale Maillet, John McGerry, Benoit Doiron, Jean B. Gaudet, F. H. Desroches, Norbert Poirier, J. H. Blanchard, Domini que Doiron, James Profit et Alexis Laviolette.
Contre—MM. Celstin Poirier, Emmanuel Gallant, Arcade Gaudet, Pierre Bernard, le capitaine F. Gallant, James McGrah, Pierre N. Poirier, Charles N. Poirier, George Quin, Fidéle Poirier, Fidéle Poirier, marchand, Joseph Aucoin, Pierre Maillet, Thomas Ready, Guillaume Gaudet et James LePage. De très bons discours furent entendus. Sur division, la majorité supporta ceux qui avaient parlé en faveur de la

destinée. Un vote de remerciements fut donné aux nombreux étrangers qui avaient bien voulu venir nous visiter.

B. Doiron,
Secrétaire.

NEW PLAN OF WESTMOUNT

The Council of the fair Town of Westmount, appreciating the desirability of a complete plan of their municipality, in all respects up to date, decided to have such an one made, showing every street and Lane, lines of sewers, subdivisions of properties, public squares and parks, as well as the western mountain, with its recently opened, convenient and picturesque drives.

They have entrusted the work to the Engineering firm of McConnell & Marion, of Montreal. The plan when completed will no doubt be a most useful work for reference and a boon to real estate men and others having business connections with our model Western suburb.

The most fascinating invention of the age. Always ready to entertain. It requires no skill to operate it and reproduces the music of bands, orchestras, vocalists or instrumental soloists. There is nothing like it for an evening. You can sing or talk to it and it will reproduce immediately and as often as desired, your song or words.
Other so-called talking machines reproduce only records of cut and dried subjects, specially prepared in a laboratory; but the Graphophone is not limited to such performances. On the Graphophone you can easily make and instantly reproduce records of the voice, or any sound. This is constantly awakens new interest and its charm is ever fresh. The reproductions are clear and brilliant.
Graphophones are sold for \$10 and up

Gladiators of the Prize Ring

A MAGNIFICENT WORK FOR SPORTSMEN

NOTED PUGILISTS

From Hyer to Corbett

Together with their Records in Battle and the Histories of their Lives.

BY BILLY EDWARDS

The Famous Ex-Champion Light-Weight Pugilist. THE ONLY WORK OF THE KIND ON THE MARKET.

The portraits are produced from copper plates, and a photograph of this size would be worth \$1.50 apiece, making a collection of photographs worth \$50.00, to say nothing of the invaluable work of reference accompanying same. Size 14 x 11 1/2. Novelty cloth binding. Aluminum and gold tint stamps. 200 pages.

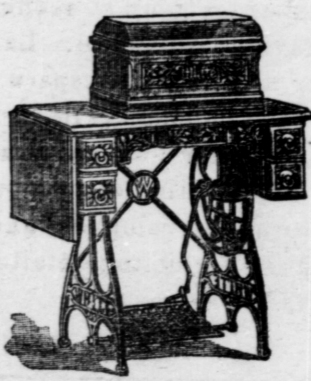

Of recent years the interest taken in the noble art of self-defense has been almost universal. The cultivation in our colleges of athletic exercises, and the great interest taken by all classes of people in physical culture, would seem to indicate that this is the golden era of muscular development and the establishment of a perfect manhood.

Gladiators of the Prize Ring has been prepared in the most careful manner; every fact has been verified by exhaustive research and careful compilation of official data. Every important event in the fight arena, from the first ring counter down to the great battles of the present day, both in this country and abroad, is given a place. The biographical matter is historically correct and the portraits are taken from authentic photographs or sketches from life. The accounts of fight combats in this book are composite compilations from the personal experiences of those most competent to describe the events—the principals, seconds, timekeepers, backers, referees, etc. The book will be found unexcelled as an accurate work of reference, for not a fact has been distorted nor a line set down in malice.

- Special Features**
1. This is the only work of the kind ever published.
 2. The portraits are the finest in existence—taken at the time the men were in their prime.
 3. It has been edited by the greatest authorities now living, and is the only authentic work of reference ever published.
 4. The boxing lesson by "Young Griffo" and Walter Campbell is a series of twenty-four plates taken by instantaneous photography and shows every important blow with guard for same, and the positions reversed, while the instructive text, accompanying and explaining them, is thorough and complete. This is the first time such results have been obtained, and the two men represented are the most scientific in their profession.
 5. Three years' time has been consumed and \$25,000 have been expended in collecting, compiling and reproducing the portraits for this work.
 6. All "touch" phraseology has been carefully avoided in the editing of the work so that there is nothing to offend the most refined.
