Miscouche Graduates 'Good Opportunity Here'

MISCOUCHE — The 32 members of the graduating class of Miscouche Regional High School were urged last night by veteran journalist Hartwell Daley to strive to be better than the average, because "the average is seldom high".

In addition, Mr. Daley told the class of '64 that there was a marked tendency in today's society to shirk responsibility. "You have come into a world where it will be easy to be average, to cast aside responsibility, and where it will be easy to say that there is no responsibility to this province," he said.

Mr. Daley said there is ample opportunity in this province and said that the new industry establishing here is proof that this is true.

The speaker was thanked by Rev. John Kelly.

Principal Sister Mary Eugene reported on school activities for the year and prizes and diplomas were presented by school board chairman, B. W. DesRoches to the following: (Prizes are in parentheses):

Power of Court Upheld At Law Teachers' Meeting

Canada's "independent" (supreme) court, manned by Canadian judges, provides the best tribunal available for balanced interpretation of the law-making powers of Canada and the provinces in relation to one another," said a law teacher yesterday.

The speaker, William R. Lederman, QC, dean of the law faculty at Queen's University, was addressing a session of the Canadian Association of Law Teachers in Confederation Centre.

He strongly upheld the power of the Supreme Court of Canada in making final interpretations of the distribution of law-making powers between Parliament and the provincial legislatures in his paper, "Balanced interpretation of the federal

distribution of legislative powers in Canada."

During his discussion of the overlapping of some laws in the federal and provincial categories, he illustrated the point with the proposition, "marriage revokes a pre-nuptial will of either spouse."

"Marriage is a federal category of jurisdiction... while property is a provincial category. Logically, if (the rule) falls within both the federal and provincial lists," he said, noting that such an example was more the usual case than the exception.

DR. GRAHAM DURING A "CRUSADE" Crusade Climax Tomorrow As Billy Graham Arrives

A man who has been called the ambassador of Christ will speak tomorrow afternoon at an expected crowd of more than 10,000 at the Charlottetown Exhibition grounds.

Billy Graham, internationally famous evangelist, bearing a message heard by hundreds of thousands of people in six continents, will bring to an end a week-long crusade for Christ in Charlottetown.

Rev. William F. (Billy) Graham, D.D., evangelist, author and educator, was born at Charlotte, North Carolina in 1918. He was ordained to the Baptist Ministry in 1940 and received his Doctor of Divinity degree from Wheaton College in 1943. He began his crusades for Christ in 1946.

Since that time he has held major crusades in cities and countries stretching over six continents. His published works include "Peace With God", "The Secret of Happiness", "My Answer" and the "Hour of Decision" radio sermons.

OVER 3 PER CENT RESPOND

It has been found that, on the average, 3.16 per cent of a crusade audience responds to the invitation. Mr. Graham, however, does not expect to have a crusade transform a city overnight. He prefers to emphasize the importance of the individual.

The Graham evangelistic team comprises some 25 members and it includes Baptists, Methodists, Presbyterians, Con-

Large Docket in Traffic Court; Liquor Rules Magistrate's

Illegal possession of liquor charges consumed most of the time at Queens County magistrate's court yesterday before Magistrate James B. Johnston, QC.

Three men were fined \$20 and costs or 30 days when they were found guilty of possession charges. One of the men had pleaded not guilty but the evidence of Cst. A. H. Bennett of the RCMP was enough to find him guilty.

Another similar case was adjourned to fix a date for hearing. Donald Allister Hatch, Mr. Herbert, pleaded not guilty to speeding in a 40 mile per hour zone. The case was adjourned by Leonard Brian Rice, a Brackley Point Road resident, had his case, a charge of taking a car belonging to Walter MacQuarrie with intent to operate same without consent of the owner, adjourned until June 15 for sentencing.

TRAFIC COURT

Wendell Francis Sonier, North Rustico, charged with driving while his license was suspended, was fined \$50 and costs.

Water Safety Classes To Be Continued

MONTAGUE — A small but enthusiastic group of parents and children will be attending a water safety meeting held last evening in the elementary school.

A decision to continue the swimming classes at Clements Cove in the past was made to which it is expected that approximately 200 children will take part. These will include children from Brudenell and West Montague areas as well as out of province children who were busy all day Wednesday in making repairs and replacing fuses and transformers in the southern Kings area following the violent electric storm on Wednesday night.

This storm destroyed one barn owned by Kitchener Smith of New Perth and caused considerable damage to trees and electric equipment.

Mr. Clements said that 49 fuses and three transformers had to be replaced.

It was rumored that a barn owned by Neil Ross was also hit and set on fire but that the heavy rain assisted in extinguishing the blaze.

No Word Yet On Club Licenses

Applications by clubs for licenses to sell liquor to members are still under consideration by the Liquor Control Commission.

Yesterday, representatives of the clubs accompanied by a legal counsel, met with the commission to discuss the applications for licenses.

Commission chairman Blake Wood said late yesterday that applications are still under advisement.

Among the clubs that are seeking licenses are the Mount Country Club, the Granada Lounge, the Rod and Gun Club and the Sportsmen's Club. The latter three are in Charlottetown.
