THE DAILY EXAMINER

NOVEMBER 13, 1900.

THE STRUGGLE IMMINENT.

AFTER some unexpected and significant delays—due we believe to protests on the part of adherents from the country who are not closely attached to the Party Machine—the government has, it is understood, decided upon an immediate appeal to the country. We do not know the day that has been fixed upon,—but it will not be in any sense a long day.

It is gratifying to learn that public opinion against the present Administration is becoming more and more pronounced every day. We have letters from various persons, leaders and supporters of the Opposition, declaring the intention of fighting the government with all its combined forces and scandalous methods; and we believe that the sober second thought of the country demands that the Administration shall be driven from office and power.

THE RACE CRY.

No proof is required that it was the race cry that carried Quebec. The fact is made evident by the almost solid contingent sent to the support of Mr. Tarte and Sir Wilfrid Laurier by that Province. It is really wonderful that the organs of the Government should attempt to deny the fact in view of thousands of such Liberal (?) appeals as this of La Patrie: "Patriots vote on Wednesday against the insulters of our nationality, against the enemies of our province." It is true, nevertheless that many thousands of the French-Canadians refused to be influenced by the cry, and we have great pleasure in quoting the Mail and Empire's tribute to these patriotic men as follows:

"It is not fair to the French-Canadians to say that they have turned over to Tarte and Laurier en masse in response to the odious British race cry.

"Thousands and thousands of our fellow citizens in Quebec resisted the mean and bigotted appeals of the two leaders, and voted in principle, for the good of the country.

"These loyal friends of Canada were swamped just as we are. Their desire for clean government, government on principle, is thwarted as ours is.

"It is not right, then, to assume that there is not a public opinion or a public conscience in Quebec. It is not right to say that Tarte's wickedness premeates the entire province.

"Quebec rose against a man who was not half so bad as Tarte, a few years ago, and put him to flight. It will slaughter Tarte in fine style before long.

"The trouble with the present situation is the circumstance that there are about fifty-eight Tartes in the present Parliament, and they have all got there by the resort to passionate appeals.

"It is not so much Quebec against the rest of Canada, as the bad or Tarte element in the politics of Quebec against the conscience of the entire Dominion.

LOSS OF THE MONTICELLO.

THE Monticello was well known as an old and rickety vessel ten years ago. But she was permitted to ply about our coasts until, yesterday, we had the news of the terrible disaster with which her name will forever be linked. We think that The Guardian has not pressed the lesson of the fate of the passengers in the Monticello quite far enough. The lesson might be brought home a little closer. The application might, indeed, be made to certain steamers plying about our bays, harbors, and rivers,—uninspected, uncertificated. These vessels escape one day, and the people, if they think about the matter at all, think that they will escape another day,—until at last, in spite of repeated warnings, as in the case of the Monticello, a number of thoughtless, unsuspecting people on board may go down to death. The Provincial Government have repeatedly been warned on account of the unpardonable neglect of inspection in the case of their old steamers. Perhaps they will take to heart the lesson to be drawn from the fate of the Monticello.

NOTES AND COMMENTS.

THE bubonic plague cost the city of Glasgow \$5,000,000.

A WORD to the wise. Don't promise your votes until you see who the candidates are and what their policy is!

THE Montreal Gazette remarks the English newspapers are rejoicing over the electoral success of Sir Wilfrid Laurier, some because they think it a blow at Mr. Chamberlain's policy, some, evidently, because they have not the slightest idea as to what the success meant, or how it was brought about. Those who lost in the fight will give such declarations their full value when they ignore them.

THE Montreal Gazette says: Mr. Foster's message to his party is what was to be expected from him. It fully recognizes the situation, but gives way to no despair, and does not admit that there is reason for permanent discouragement. Many good men have fallen, but others are left, and some have joined the parliamentary ranks for the first time. The present conditions are not normal. They will pass away and a return will be had to a better state of affairs. Conservatism represents both a great cause and great achievement. Its leaders were first among the makers of Canada, and their spirit is the inheritance of their successors. That spirit will inspire the men of today for their work, which is to begin now, by sober argument and reasonable appeal to men of quiet sense, "the contest for correct principles, consistent action, and prudent administration at Ottawa."

Itching, Bleeding Piles

Mr. W. G. Phyll, proprietor Bodega Hotel, 36 Wellington Street East, Toronto, says: "While living in Chicago I was in a terrible state with itching and bleeding piles. I tried several of the best physicians and was burnt and tortured in various ways by their treatments to no avail, besides, spending a mint of money to no purpose. Since coming to Toronto I learned of Dr. Chase's Ointment, I used but one box and have not been troubled with piles in any shape or form since."

A TEMPERANCE VIEW.

SIR,—Public opinion is strongly in favour of giving battle to the Farquharson party which has announced the intention of going to the people while the echoes of the Dominion victory are still in the air. Let them come on, say I. Their recent and present scandalous neglect of the enforcement of our liquor laws has, alone, condemned them in the eyes of all respectable people. Let not Donald Farquharson ever again pose as a temperance man.

How One Gets Bilious

A sluggish liver fails to filter the bile from the blood, and when the poisonous matter goes through the body in the circulation, the whole system is tained and deranged. This is called biliousness, and can be completely cured by Dr. A. W. Chase's Kidney Liver Pills, which act directly on the liver, making it healthy and active. One pill a dose, 25c a box. The cheapest medicine in the world.

MARRIED.

Asthma

Mrs. Ger. Badden, Putnamville, Ont., says: "I felt it my duty to recommend Dr. Chase's Syrup of Linseed and Turpentine, as I had the asthma very bad; could get nothing to do me any good. A friend of mine persuaded me to try this remedy, as he had tried it, and it proved successful. I tried it and it cured me. I am thankful today to say I am a well woman through the use of this remedy. 25c a bottle. Family size 60c."

"No Eye Like the Master's Eye."

You are master of your health, and if you do not attend to duty, the blame is easily located. If your blood is out of order, Hood's Sarsaparilla will purify it.

It is the specific remedy for troubles of the blood, kidneys, bowels or liver.

Heart Trouble—"I had heart trouble for a number of years and different medicines failed to benefit me. I tried Hood's Sarsaparilla and three bottles completely and perfectly cured me." Mrs. C. A. FLENN, Wallace Bridge, N. S.

A Sarsaparilla—"As I had lost five children with diphtheria I gave my remaining two children Hood's Sarsaparilla as they were subject to throat trouble and were not very strong. They are now healthier and stronger and have not since had a cold." Mrs. W. H. FLENN, Pembroke, Ont.
