

**Local and Other Items.**

We are in receipt of copies of the "Evening Telegraph"—the one cent paper recently started by Mr. Eldon, of the St. John "Daily Telegraph." It is beautifully printed, and is one of the newest little papers in Canada.

The rush is so great at the Osborne House that we cannot find room in our columns today for Mr. McGregor's list of arrivals. He was unable to supply accommodation to all who made application to him.

At the Matriculation Examination held at King's College, Windsor, Nova Scotia, October 2nd, the order of merit was as follows:— Osborne, 200; Sampson, 180; Simonds, 135; Hallett, 130; Tucker, 209; Farish, 95; Morris, 92; Gregory, 87; Graham, 80.

Too much credit cannot be given to Messrs. Fredk. Osborne and William Sampson for acquitting themselves so well. Both these gentlemen were prepared for their examination by the Rev. Alfred Osborne.

OUR "Island Boys" hold their own in competition with their fellows, in all parts of the world. An extensive law firm in New York, recently advertised for an assistant in their office, the applicants to submit to an examination, and the position to be awarded to the party best qualified to fill it. There were no less than sixty applications for the vacancy, and we are pleased to learn that Jas. C. McEachen, youngest son of Mr. John McEachen, of this city, succeeded in securing the position against the field, among whom there is no doubt that there were some smart young men.—Argus.

**City Council.**

A meeting of the City Council was held on Monday evening. Present, the Mayor, Recorder, Councillors Ings, Blake, Smith, Lawson, Horne, Byrne, Davy, Beer and Morris.

Councillor Blake moved, and Councillor Lawson seconded, that the resolution awarding Mr. Tomlins, Secretary of the Licensing Board, \$100 for services be rescinded.

Councillors Ings and Beer spoke in favor of the motion, and Byrne and Morris spoke against it.

The motion was carried, 6 to 3. The Mayor informed the Council that Councillor Koughan, had resigned, and that an election to fill the vacancy would be held on Saturday next.

The resignations of the City Auditors—Messrs. J. R. Brecken and F. W. Hyndman—were read and accepted. The resignations were tendered because the Auditors were not paid. The Mayor says that the Auditors never sent in their bills.

The appointment of auditors was deferred to the next meeting.

Petitions were read from certain inhabitants of Orlebar and DesBrisay streets, asking for a platform and other improvements for the streets on which they reside. The estimate for street improvements and repairs had been almost exceeded. Other parts of the city required improvements as well as these streets; therefore the prayer of the petitioners was not granted.

Councillor Horne reported that the money granted for the repairs of streets had been nearly all expended. The work of repairing, instead of being finished, was only commencing; and the streets were in a worse state now than in the spring. He thought the City would have to give a further grant for street repairs this season or else becoming liable for damages for the loss of life or limbs.

Councillor Horne moved, and Councillor Smith seconded, that the sum of five hundred dollars additional, be expended for the maintenance of streets and squares the present year. Carried.

A letter was read from Mr. James Trainor, asking compensation for assistance rendered the police while in discharge of his duty as private watchman. It was laid on the table.

A letter was read from George Brace, and another from Mrs. Young, complaining of the high amounts at which their property was assessed, and asking for reductions. The Council took no action on the matter.

A return of arrears of rent due for stalls and cellars in the Market House, was read, and a resolution was passed ordering the Clerk to collect them immediately.

Read a letter from Mr. Murdoch, stating that he could not furnish his report until the last of November.

The monthly accounts were then read and ordered to be paid, with a few exceptions.

Councillor Byrne moved and Councillor Morris seconded, that the sum of one hundred dollars be presented to Dr. Strickland as an acknowledgement of his services in the fire department for the past fourteen years.

While Councillors Blake, Ings and Beer were anxious that the valuable services of Dr. Strickland should be recognized, they did not think the city finances could afford it. They, therefore, would not vote for such a recognition.

Councillors Byrne and Morris spoke in favor of the motion. It was lost on the following division:

Against—Ings, Beer, Lawson, Davy, Horne, Blake.

For—Byrne, Morris, Smith.

Council adjourned.

**Remedy for Hard Times.**

Stop spending so much on fine clothes, rich food and style. Buy good, healthy food, cheaper and better clothing; get more real and substantial things of life every way, and especially stop the foolish habit of running after expensive and quack doctors or using so much of the vile humbug medicine that does you only harm, and makes the proprietors rich, but put your trust in the greatest of all simple pure remedies, Hop Bitters that cures always at a trifling cost, and you will see better times and good health. Try it once. Read of it in another column.

**EUROPEAN.**

LONDON, Oct. 9.

Though there are conflicting reports respecting the reception of the English proposals for starving Turkey into submission and of seizing Islands in the Aegean Sea, it is clear the Powers have approved the principle involved. All may not join in the proposed coercion, and some may ask the mandates of Europe,—England, Russia and Italy—for instance. The Sultan's note indicating such contempt for the Powers, also shows such a suicidal spirit that the Porte is gradually losing all its old sympathizers. The attempt to rouse public feeling by meetings against Mr. Gladstone, specially, were miserable failures and Jingo journals are gradually deserting the Porte. The "Standard" is in fact becoming thoroughly ministerial on many small subjects.

The condition of Ireland causes daily greater anxiety and uneasiness. The Government have officially announced that Galway and Mayo are in a state of disturbance and require an additional police force. The proclamation made to this effect throws the expense of this extra force upon the Irish counties. Mr. Parnell talks of another tour to the United States to replenish his exchequer for agitation. He wants to start a league newspaper. If the landlords refuse to discharge their public duties and to arm men on whom they can rely, the Irish clans will rapidly increase and the Government become compelled to interfere.

The withdrawal of the best troops from Candahar is condemned in Anglo-Indian circles. Great distrust is expressed as to Gen. Phayre's capacity to command in South Afghanistan.

The reports of Mr. Goschen's return from Constantinople are premature.

The Debats of yesterday morning is of opinion that a blockade of the ports of Salonica and Smyrna would be fully as prejudicial to certain of the Great Powers and not only to France, as it would be to Turkey.

The *Republique Francaise* is more reserved in discussing Eastern affairs and is evidently disconcerted by the attitude of the semi-official German press.

NEW YORK, Sept. 10.

The "World's" cable special says it is understood that the British Government will not recede from its position in reference to Turkey in any event, no matter what the other Powers may do. The next step taken by her will probably be to take measures for seizing the Custom House of the Turkish Empire, in the hope of reducing the Sultan to financial extremities and exciting a revolt among Turkish people and the army. Some arrangement might then be made to meet the claims of creditors of Turkey throughout Europe. In anticipation of such action there were increased purchases yesterday and to-day of Turkish bonds.
