ATTACK ON A SETTLER.

As you ascend the Juniata from its confluence with the Susquehanna, you enter a secluded dell, where in some places the banks rise steep and rocky above the flowing river, forming a scene of romantic beauty verging on sublimity.

In one place where the cliff has a perpendicular descent of fifty feet, an early settler had erected his log dwelling upon the very brink. It was an almost impossible thing for the Indians to assail it on the side next to the water; and to prepare a way for retreat, in case of its being successfully stormed in front, or on the land side, he had dug a kind of well nearly down to a level with the water, enlarging the excavation at the bottom sufficiently to contain a small boat, with an outlet directly upon the Juniata, and concealing this outlet with a thin shell of earth and stones, so disposed as to resemble the natural cliff itself. At the bottom of this well a small boat was placed, and kept in readiness for the last resort, which could be launched in a few minutes by destroying the thin barrier, and pushing it out upon the water, and it was thought that the family might, in the dire event of which we speak, escape in this manner before the assailing foe should discover their secret. Thus prepared, with a windlass for lowering the inmates, and a stockade on three sides of his dwelling, the fourth forming a perpendicular line with the bank, the settler felt as much at ease as any one could in his exposed situation, and went vigorously to work, with his two sons, aged sixteen and eighteen, clearing and tilling the land of his purchase.

The household of Job Hanson consisted of five souls—himself, wife, two sons just mentioned, and a daughter of twelve. At the precise period of his settling in the valley of the Juniata, the Indians were at peace with the whites, and nothing occurred to disturb the tranquility of the family for a couple of years, when vague rumors of savage discontent and probable hostility began to reach them and excite a feeling of uneasiness. Not long after this, came the fearful intelligence of the destruction of Wyoming; and on the very heels of this, as it were, a party of savages, headed by a white man, were discovered approaching the dwelling. The two sons, who were at work in a field about a quarter of a mile from the house, saw them just in time to get home and give the alarm. The father was already there, being indoors with an attack of rheumatism; and though it was with great difficulty he could move about, his head was clear to direct, which was of great consequence to the less experienced inmates. He ordered the gate of the stockade to be securely closed, the rifles to be reprimed, and then, to guard against accidents, had his wife and daughter lowered down to the boat already mentioned. By the time this had been accomplished, the savages were whooping before the dwelling.

'How many of the painted imps are there?' he inquired of his sons.

'I don't exactly know, father,' answered the elder; 'but I should think somewhere about twenty.'

'Well, if that is all, we ought to be able to hold out against them for two hours at least, and by that time it will be dark enough for us to put off in our boats without being seen. Thank Heaven that they came so late in the day! Be cool boys, and firm, and don't waste any powder. If you have to shoot at all, be sure you fetch one of the scoundrels down every time, which will make the others very cautious how they expose themselves, and they'll probably haul off to wait for night of their own accord.'

'There's a white scoundrel among 'em, and I just want to draw a bead on him?' said the younger with a flash of his eye, as he tightened his grasp on the rifle he held in his hand.

'Take care, Sam,' said his father; 'don't you go to being rash, and exposing yourself any more than is absolutely necessary! for if anything should happen to you, it would be a sorry day for your mother, to say nothing of the rest of us. Take pattern by your brother Jim, who is always cautious!'

'Oh, I'll be careful—don't you fear for me, father!' replied the youth. And then he muttered to himself: 'I'll fix that white scoundrel though if there's any chance!'

'Halloo the house!' at this moment sang out a voice from the outside.

The brothers hastened to the second story, which projected about two feet over the lower, and commanded the little court within the stockade, and the elder shouted back:

'Well, what's wanted of the house?'

'We want to come in peaceably,' replied the white man, 'and I'll pledge my honor that no one shall be harmed.'

'If that's all you've got to pledge, you're a poor, miserable jackanapes!' called out the younger, before his elder brother had time to reply.

'You defy us, then?' said the man in an angry tone.

'We'll not let you in peaceably, at all events,' was the rejoinder; 'and if you attempt to break in, look out for the consequences—for there's a number of us, and we're well armed.'

'And we're enough to force our way in, and burn your cabin about your bloody heads!' shouted back the white man. 'If you'll throw open your gates and doors, and let us in at once, we'll not hurt a hair of your heads—for we're hungry and tired, and only want to eat and rest—but if you hold out and compel us to break in, we'll not spare a single one of you — man, woman, or child?'

'Go ahead, you boasting fool! and when you get in, let us know!' returned the spirited youth. 'I suppose you're down from the bloody butchery of Wyoming, and we don't expect any mercy from such fiends as you.'

After this there was a brief consultation, as it appeared, among the enemy, and then followed a series of wild, Indian whoops and yells, mingled with a rattling volley of musketry, the balls pattering harmlessly against the stout logs of the stockade and dwelling.

'There, they have opened the ball,' said the youth called Sam, 'and now let them look out for themselves!'

He approached a loophole that overlooked the stockade, and caught a view of the heads of some three or four savages, who were not so close under the palisades as they might have supposed. They seemed to be consulting together, and he thought it quite probable they were a group of the principal warriors. He cautiously presented his rifle, and was in the act of taking sight, when crack went a piece from a clump of bushes a little beyond the parties, and a bullet singing through the aperture, grazed the young man's cheek, and lodged in the roof.

The father, who had just worked his way up the stairs, groaning with pain every step, on hearing the report, and seeing his favorite son stagger back, with the blood streaming down his face, uttered a wild cry of grief and alarm, and impulsively bounded forward, forgetful of his own ailment. He reached his son, himself trembling like a leaf, and the perspiration streaming from every pore, exclaiming:

'Oh, my dear boy, are you killed?'

'Hardly scratched, father,' replied the youth, taking his hand from the wound, after ascertaining its whole extent; 'a mere flea-bite! But,' he added with surprise, 'I didn't know you could handle yourself so lively—you are quicker than Jim.'

'That's a fact,' said the father, now recalled to himself. 'What's become of my rheumatiz? I don't feel it at all;' and he commenced walking to and fro swinging his arms, perfectly astonished at the fact that his sudden shock, fright and violent exertion had cured him.

It was a fact, nevertheless, and the amazed and delighted boy remarked that the savage was welcome to the shot, since it had produced such a wonderful and happy result. Instead of the garrison being weakened thereby, it had been greatly strengthened, and this was a cause for congratulation and hope.

For a few minutes after the single shot that had wounded the boy, the besiegers kept perfectly quiet, and the elder Hanson remarked that this was a sure sign of the devils being up to some mischief. The boys looked through the loop-holes meantime, but with greater caution than before, and without getting sight of a single one of the enemy. At length a volume of smoke began to roll up in front of the gate, and then of course it was known that the savages were attempting to burn their way into the enclosure, with a view probably of setting fire to the dwellings also.

'This looks rather bad for us!' said the father.

'If we could only manage to kill that white villain, and one or two others of the leaders, I think the rest would clear out,' said the elder son.

The flames now began to steam up through the smoke, and the savages gave a yell of exultation, and one or two of the boldest stole cautiously out into the view and looked up at the dwelling. Jim drew up his rifle to a steady aim, but his father suddenly knocked up the piece, saying:

'Not yet—not yet, my son—let them get a little bolder first. As we haven't fired yet, they may think we can't, and we want a chance at the white man.'

'That's my idea,' coincided Sam. 'If we can only fetch him at the first fire, the battle will be half won.'

For the next quarter of an hour all remained silent within the dwelling—the gate and stockade, meantime, burning to the satisfaction of the Indians, who announced their delight by occasional whoops and yells, and some random discharges of firearms. Then a sort of battering-ram was applied to the already charred timbers of the burning gate, and with a loud crash it fell inward, and the savages gave vent to still wilder yells of exultation. For a minute or two they did not venture into the little court; but finding all yet remained silent in the house, they began to glide in, one after another, till at last one half stood exposed to the deadly rifles of the inmates. Still no word—no demonstration from the besieged—and thus silence and apathy encouraged and emboldened even the more timid to push on the work of destruction. Surely the inmates must be without firearms, or they would certainly have been heard from before this! and if without firearms, what had the besiegers to fear?

So, with exultant whoops and yells they brought in wood and brush, and piled it against the door, and then set fire to it with the burning brands from the demolished gate.

At this moment, the most trying one of all to Job Hanson and his sons, who had been tremulously waiting for a chance to accomplish their purpose of picking off the leaders first, and now felt that the time for defensive action could no longer be postponed—at this moment, when the smoke was rolling up through the open space between the projecting and lower story, and filling the house with stifling vapor, and the red tongues of fire were beginning to shoot up and lap the woodwork of the door, the only barrier between them and their blood-thirsty foes, and which must soon give way and afford them a free passage—at this critical moment, we say, the white man and two Indian companions ventured in front of the open gate to look at the progress of the flames, and perhaps wonder at the mystery of the silence within. They were seen through the smoke by the brave father and his sons, and three rifles were simultaneously brought to bear upon them. A momentary silence, during which each selected his man, and then came the emphatic words, spoken in a low, solemn tone by the senior:

'*To the heart, boys, and God send us deliverance!*'

The report of the three pieces were blended in one, and when the smoke rose, the three parties were seen prostrate on the earth and quivering in the death agonies, with half the remaining Indians howling in dismay around them.

'Quick, now—the water! the water!' shouted the excited father; and in less than a minute the flames about the door were extinguished by water which had been kept in readiness for just such an emergency.

The savages bore off their dead leaders, and after whooping and yelling around for a while, and occasionally discharging their pieces in harmless resentment, taking care not again to expose their persons to the death-dealing rifles of their foes, they disappeared from the vicinity, never to return.

That night was spent in watching and tearful prayers of thanksgiving by the reassembled family, who had just made a wonderful escape, and who, we will add, were never again molested.

The Ready and Reliable Remedy.

HOLLOWAY'S OINTMENT.

Circular to the Sick.

The first hospital surgeons and medical authors of Europe admit the unparalleled anti-inflammatory and healing properties of this Ointment; governments sanction its use in their naval and military services; and the masses in this country, and throughout the world, repose the utmost confidence in its curative properties. It penetrates the sources of inflammation and corruption which underlie the external evidences of disease, and neutralizes the fiery elements which feed and exasperate the malady.

Rheumatism, Scrofula, Erysipelas.

These are among the most terrible and agonizing diseases, yet in their worst forms, and when seemingly incurable, they invariably disappear under a persevering application of this soothing, healing antidote to pain and inflammation.

King's Evil, Fever Sores, Stiff Joints.

In cases of King's Evil where medicinal waters, lotions, and every recipe of the pharmacopœia have proved useless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relaxing effect upon contracted sinews is truly wonderful.

Discharging Ulcers.

A most remarkable and happy change is produced in the appearance of malignant ulcers after a few applications of this Ointment. The surrounding redness vanishes, and granules of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly, until the orifice is filled up with sound material and the ulcer is radically cured.

A Word to Mothers.

The young are the most frequent sufferers from external injuries, and therefore every mother should have this healing preparation constantly at hand. It is an absolute specific for burns, sprains, and bruises, and quickly removes the encrusted sores which sometimes disfigure the heads and faces of children.

Heated Blood, Scorbutic Eruptions.

This Ointment is universally resorted to with the happiest effects by seafarers for easing and curing the skin diseases resulting from the continued use of salted provisions. It is largely and successfully employed by sailors of all nations for curing the scurvy and the annoying eruptions which spring from overheated blood. Its fine cooling properties are invaluable in inflammation, ulcers, or sores, of the legs or feet, and it gives greater ease than any other application to the aches and darting pains, produced by varicose veins or neuralgia, resulting from exposure to cold or wet.

Wounds, Bruises, Burns, and Scalds.

The extent to which mechanical and manufacturing industry in this country has reached, is greater than in any other, therefore the liability to bodily accident has increased in the same ratio. Accidents are lamentably frequent, and often when seemingly trivial in themselves, are made to end fatally from want of due attention and proper remedies. The most powerful curative ever applied to wounds, bruises, burns, or sores of any sort, is Holloway's Ointment. Every tradesman, in fact, every man to whom an accident may happen — and who is there exempt?—should be provided with it against the physical dangers which, though never foreseen, are of hourly occurrence.

Bad Legs, Piles, and Fistulas.

The cures which this Ointment effects in healing Ulcers of long standing, and which have resisted all other applications, as well as in curing bad legs, Piles and Fistulas, have been so countless and so notorious throughout the world, that any effort to give an adequately detailed statement of their number or character would be vain. It is sufficient to say that the Ointment has never proved inefficacious.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Corns (Softs)	Rheumatism
Bad Breasts	Cancers	Scalds
Burns	Contracted and Stiff Joints	Sore Nipples
Bunions		Sore-throats
Bite of Moschetoes and Sand Flies	Elephantiasis	Skin-diseases
	Fistulas	Scurvy
	Gout	Sore-heads
Coco-bay	Glandular Swellings	Tumours
Chiego-foot		Ulcers
Chilblains	Lumbago	Wounds
Chapped Hands	Piles	Yaws

Dr. La'mert on Self-preservation.

Price, with Engravings and Cases, 25 cents; by post, 30 cents.

SELF-PRESERVATION; a popular Essay on Nervous and Physical Debility, resulting from injurious habits contracted in youth, or excesses in maturity, which, by prematurely exhausting the functions of Manhood, destroy the happiness of Married Life, or prevent the fulfilment of engagements that constitute the most cherished objects of existence.

By Dr. LA'MERT, 37 Bedford Square, London, Licentiate of the Royal College of Physicians of Edinburgh; Member of the Royal College of Surgeons, England, &c.

The above work contains most useful and interesting information on the physiological changes which occur in the Reproductive System during the periods of youth, puberty, and manhood; and on the due attainment of that degree of functional vigour upon which the hopes of posterity depend. It also points out how all the attributes of Manhood can be preserved to an advanced period of life, how they are lost, and how they can be recovered. It is free from the gross exaggerations, alarming descriptions, and dangerous remedies so generally resorted to by persons, who, practising with false medical qualifications, inflict most serious injuries, and render judicious treatment frequently abortive.

The Author is the only legally qualified practitioner whose name stands on the 'Medical Register' (the sole test of medical qualification), who has been exclusively engaged for a series of years in the treatment of the various functional disorders of the nervous and reproductive system, which, owing to the great discoveries of modern science, are rendered subservient to a rational, simple, and easy mode of treatment.

At home for consultation daily from ten till two, and from six till eight, either personally or by letter.—37 Bedford Square, London, England.

Patients residing in the colonies can be successfully treated by correspondence, and remedies can be forwarded in secrecy and safety to any address.

Notice.

WHEREAS, by Order, dated the 10th of August last, made by His Honor the Master of the Rolls, I have been appointed Committee of the Estate of PAUL MABEY, Esquire, who has been adjudged to be of unsound mind, I therefore require all Persons indebted to the said Paul Mabey, for RENT, or otherwise, to make immediate payment to me of the amounts due from them respectively.

And Whereas it appears that the said Paul Mabey, while in such unsound state of mind, executed Conveyances of portions of the Land and Real Estate belonging to him in Charlottetown, Charlottetown Royalty, and elsewhere, I do hereby CAUTION all Persons against dealing in, or conveying any such Lands, or accepting any Conveyances thereof, until the question of the validity or invalidity, of such Conveyances, from the said Paul Mabey, shall have been decided by the Court of Chancery. JOSEPH HENSLEY, Committee of Estate.

Office, Lower Great George Street, Charlottetown. 16th December, 1861.

Notice.

WHEREAS by order made in the Court of Chancery by His Honor the Master of the Rolls, dated the 10th day of August instant, the management of the Estate of Paul Mabey, of Charlottetown, Esquire, has been committed to and vested in me the undersigned. Now, therefore, all tenants of the lands of the said Paul Mabey, and other parties indebted to him, are required henceforth to pay the amounts due and to become due from them respectively to me at my Office, in Charlottetown.

The Liverpool and London FIRE AND LIFE INSURANCE COMPANY.

THE Agent for the above first class English Fire Insurance Company begs to call the attention of the public to the advantages offered by this Company, in respect to the security to the assured, and promptness to pay losses, which, without disparaging other Companies, may be safely asserted to be superior to those afforded by any other Company in the Island. The Liverpool and London F. & L. Insurance Company has been in successful operation since 1836, with agencies all over the world, and has paid in losses about two millions and a quarter sterling. Its subscribed capital is £2,000,000 sterling, and its invested funds alone amount to £1,312,000 stg.; and the fire premiums for 1861 amount to £360,130 19s 9d; and in addition to this very large capital, the Company, having been established before the recent Limited Liability Act, the individual fortunes of each of the shareholders, comprising some of the wealthiest merchants in Liverpool and London, are liable for the losses, should the whole of the capital be swept away. In this respect it differs, it is believed, from any other Company established here.

And lastly, the Agent being appointed by Power of Attorney directly from England, is authorised to draw Bills the moment a loss occurs, and without referring to the Home Company, to the extent of one thousand pounds sterling.

With these superior advantages, the Company is not disposed (though it might be well justified) to ask a higher rate of premium than other English Companies, which do not present the same advantageous features, and the Agent has been advised that an uniform rate has been agreed upon by the Directors of this Company and the "Queen's," and that the Agents here should, in this respect, "act in concert."

Agent of the Liverpool and London

In cases of Chronic Rheumatism, Neuralgia, Gout, the Resolvent, taken, will be found a quick and thorough cure.

RADWAY'S RENOVATING RESOLVENT

IS A GREAT LUNG AND STOMACH REMEDY.

Bad Cough, Hacking Dry Cough, Stitching or Wrenching, Pains in the side, Pain around the heart, Shortness of breath, hard breathing, sharp pains when taking a breath, and all other painful symptoms are quickly removed by the Renovating Resolvent.

Its use will speedily deliver the disabled and disease-stricken sufferer from

A LIVING DEATH,

And restore him to his friends in a sound, and healthy condition.

Before presenting this wonderful cleansing remedy to the North American public, Dr. RADWAY was determined to test its medicinal powers for the cure of the class of diseases for which it is prescribed in the South American Provinces, as it is a fact well known to all physiologists that

SCROFULA, LEPROSY, SYPHILIS,

and its horrible train of concomitants, prevail in the tropical regions of the South, to a much greater and more malignant degree than in the North. In fact there is scarcely a family in any of the South American Provinces that is free from Scrofula, or its kindred diseases. It runs in the blood of all its people, and has become established as a constitutional infirmity, and has baffled the skill of their best physicians. With knowledge of these facts, Dr. RADWAY was determined to test the accuracy of

RADWAY'S RENOVATING RESOLVENT,

which was prepared expressly to meet the exigencies of the diseases as developed in the tropics. Large supplies were sent to Brazil, Buenos Ayres, Chili, Peru, Equador, Venezuela, Bolivia, New Grenada, and to several islands of the Spanish main, and was thoroughly tested by Physicians and the Priesthood, and is now the official remedy used by the Physicians, under the name of "Solutivo Renovador de Radway," (the Spanish for Radway's Renovating Resolvent,) in the treatment of Scrofula, Syphilis, Ulcers, Tumors, Prolapsus Uteri, Elephantiasis, Erysipelas, Saint Anthony's Fire, St. Vitus' Dance, Fever Sores, all diseases of the Skin, humors in the Blood, white swellings, Nodes, Cankers, sores in the mouth, deafness, discharges from the eyes, ears, and nose, glandular swellings, dropsy and constitutional diseases. Such has been the unparalleled success of this remedy in curing these horrible diseases in the tropics, that we do not hesitate to promise all the sufferers with Scrofula and eruptive diseases among our own people, with speedy restoration to sound and permanent health.

It is superior to all known remedies in popular use as a cleansing syrup for

PURIFYING THE BLOOD,

and removing from the skin Pimples, Blotches, Tetter, Rash and other offensive marks, and will in a few days give a pure, clear and roseate hue of health and beauty to the face and nails, and brilliancy to the eyes.

It is a pure and innocent preparation, all-powerful to do good, but never does injury.

IMPORTANT TO PARENTS.

There is no medicine in the known world, or physician, that has ever claimed the skill of eradicating from the system diseases inherited, by transmission, from parent to child. This great power we claim for RADWAY'S RENOVATING RESOLVENT; and we religiously declare, that if Radway's Renovating Resolvent is given when the symptoms of any inherited disease are first exhibited, it will eradicate the same from the system. In the early stages of Phthisis or Consumption, Fits, Scrofula, and in cases of sore head, Ulcers, Tumors, Hacking Cough, Bronchitis, the use of RADWAY'S RENOVATING RESOLVENT will exterminate the transmitted disease from the system, and make (what the parents neglected) a sound and healthy body.

CHRONIC DISEASE.

Another class of diseases that no other medicines or the most skilful physicians have succeeded in achieving, more than in merely palliating the sufferings of the patient, which Radway's Resolvent will positively eradicate, is that of Chronic Diseases that have infested the system for years, such as Chronic Rheumatism, Gout, Scrofula, Dyspepsia, Syphilis, and diseases induced by the injudicious use of Calomel, Mercury, Quinine; diseases of the Liver, Spleen, Gall, Bladder, Kidneys, Spine, &c., all of which diseases Radway's Renovating Resolvent will eradicate, and secure to the patient a new lease of life.

The price of Radway's Renovating Resolvent is $1.00 per bottle, Dose, a tea-spoon, twice full, half an hour after each meal. Sold by druggists and merchants everywhere.

A SPEEDY PURGATIVE.

DR. RADWAY'S PILLS

Are superior to all purgative or cathartic Pills, powders, mineral and seidlitz waters, in the treatment and cure of:

Costiveness,	Depression of Spirits,
Liver Complaint,	Indigestion,
Biliousness,	Dyspepsia,
Inflammation of the Bowels,	Sick Headache,
Nervousness,	Melancholy.

IN SIX HOURS.

A dose of from six to eight of Radway's Regulating Pills, will, in the most distressing cases of Constipation or Costiveness, Derangement of the Liver, or other glands, secure a healthy evacuation from the bowels. Persons troubled with costiveness, indigestion, liver complaint, dyspepsia, will derive immediate benefit by taking a dose of these pills. After thoroughly cleansing the bowels of its retained humors, by a free purge, two to four per day, for a week or ten days, will restore the liver, bowels, pancreas, kidneys and all other organs of the system, to the healthy performance of their duties.

DR. RADWAY'S PILLS

AS A SCIENTIFIC PURGATIVE.

We have the medicinal properties of the most efficient plants, roots, herbs, gums and balsams in the vegetable kingdom. In each of these little pills lies a mysterious power, for in each pill is combined the elements of health, regeneration, strength and life.

Persons who suffer with dyspepsia, liver complaint, enlargement of the spleen, jaundice, kidney complaints, palpitation of the heart, and the evil effects induced by the excessive use of calomel, mercury, quinine, corosive sublimate, opium, tobacco, local stimulants, and exposure to paint, lead, &c., will find in Radway's Regulating Pills a permanent cure.

RADWAY'S REGULATING PILLS

Are the only vegetable substitute for calomel, mercury, quinine, and their kindred drugs, that have ever been discovered, and the only pills in use that will secure to the patient the beneficial effects in the liver and other glands of the system that physicians hope to obtain from the use of these drugs.

RADWAY'S REGULATING PILLS

Are as pure and innocent as bread, are entirely vegetable, and coated with a medicinal gum—free from taste or smell; occasion no nausea or sickness, nor will they interfere with the usual avocations of the patient.

RADWAY'S PILLS

Not only purify the blood, and extract from it all impurities, but they equalize its circulation. They regulate each and every organ to a healthy and equal action, and correct derangements of the liver, heart, stomach and bowels.

RADWAY'S REGULATING PILLS

Will quickly cure the patient of the following complaints, viz:—

Costiveness, dyspepsia, bilious fever, constipation, measles, jaundice, congestion, melancholy, apoplexy, heart diseases, hysterics, enlargement of the spleen, diseases of the kidney and bladder, amenorhœa, fainting, congestive fever, diseases of the liver, dizziness, sleeplessness, biliousness, hemricana, general debility, yellow fever, rush of blood to head, scurvy, typhus fever, dimness of sight, ship fever, obstructions, whooping cough, malignant fever, retention of urine, fits, loss of appetite, dropsy, worms, indigestion, acute erysipelas, lowness of spirits, inflammation, headache, bad dreams, palpitations, bad breath, quinsy, scarlet fever, pleurisy, inflammation of the intestines, and all organic maladies; loss of appetite, loss of memory, and loss of physical strength.

As also all COMPLAINTS OF WOMEN, such as Hysteria, Leucorrhœa or Whites, weakening discharges, chlorosis, irregularities, suppression of the menses, inflammation of the womb or bladder, difficult menstruation, and all other Diseases or Complaints, produced by excessive discharges or suppression of the Menses.

Ladies who desire to avoid the sufferings and inconveniences of these irregularities, or organic derangements, should not omit to regulate their systems by means of one or two of RADWAY'S PILLS once or twice a week, and thus be free from the many and great inconveniences to which ladies are generally subject.

MARRIED LADIES.

Every married lady, when pregnant, should regulate her system with RADWAY'S PILLS. A dose of these Pills, taken once or twice each week, during this period, will cure that distressing malady known as "Ladies' Morning sickness," and will give strength, vigor and purity to the whole system; and in all cases where there is any constitutional debility, these Pills will ensure a strong and vigorous offspring.

BILIOUS COMPLAINTS.

Letter from Dr. Salmon Skinner.

New York, January, 1860.

Dr. Radway & Co.;

I have, during the past four years, used your remedies, and have recommended them to others for Billious Complaints, indigestion, dyspepsia, &c. I consider the Ready Relief and Regulating Pills unequalled. The Regulating Pills are mild in their operations and thoroughly effective.

The first dose should be large enough to purge—say four or five, and each successive dose be diminished one pill, until reduced to one, and then repeated every day, for a week or ten days. A permanent cure will surely follow.

Yours, &c.
DR. S. SKINNER.

Radway's Regulating Pills are sold for Twenty-five cents per box, (each box contains thirty pills,) by Druggists, Merchants and Storekeepers.

A QUESTION OF THE MILLION ANSWERED.

HOW IS IT THAT

RADWAY'S READY RELIEF

Possesses such wonderful remedial powers as to cure so many diseases of apparently opposite phenomena?

We reply that Radway's Ready Relief chief and most important remedial efficacy, is evinced in the immediate arrest of pain, and its potency in the treatment of such diseases and maladies, where pain is a concomitant of the disease.

Disease, like the storm, gives unmistakeable signs of its approach. At first the threatened patient experiences a slight discomfort, this followed with pain to a greater or less extent, and other symptoms follow in rapid succession. It is in this condition of the system where Radway's Ready Relief will be found all-potent. Its administration, either internally or externally, as the seat of pain indicates, will arrest the progress of the threatened disease, and quickly relieve the patient from all pain or discomfort.

If people, on the first indication of uneasiness or pain, either slight or severe, would take a dose of Radway's Ready Relief, not one in a thousand would ever be troubled with sickness.

WHEN THREATENED WITH

Croup, Diptheria, Influenza, Sore Throat, Scarlet Fever, Typhoid Fever, Pneumonia, Bilious Fever, Small Pox, Measles, Fever and Ague, Chills and Fever, Headache, Bilious Cholic, Diarhœa, Dysentery, Cholera, Cramps and Spasms,—let Radway's Ready Relief be freely used, and, in a short time, all pain and uneasiness will cease, and the threatened disease expelled from the system.

IF SEIZED

With either of the above diseases, the use of RADWAY'S READY RELIEF will ensure a speedy cure.

"IT CURES SO MANY DISEASES,"

"And therefore I'll have none of it," says the skeptic; now we appeal to the common sense of any reasonable being who has had the least experience in medicine taking, or business relations with Physicians, if this is sound reasoning.

RADWAY'S READY RELIEF

Is not recommended by us, nor prescribed for so many varieties of disease as every physician in the practice of medicine, prescribes Calomel, Mercury, Quinine, Morphine, Opium and other favorite hobbys of the profession. It is a well known fact that in ninety cases out of one hundred, no matter what may be the name of the disease or the condition of the patient, Calomel forms the important and the most active agent of the prescription: and if the symptoms of the disease are such as to leave any doubt in the mind of the physician as to arriving at a decided conclusion what to give, he gives Calomel. This is an ancient landmark of the profession, which no innovation has ever been suffered to alter.

WEIGH FACTS.

When we tell the public that the use of Radway's Ready Relief will cure the sick of certain diseases; that it will stop pain in a few minutes after its application; that it will protect the system against attacks of all malarious, contagious and infectious diseases, we have the facts to establish the truth of our statements, acknowledged by thousands who have proved its unfailing powers on their own persons. Go where you will, speak of Radway's Ready Relief in any assemblage of persons, some one or more will bear witness of deriving benefit from its use.

IN MILITARY CAMPS.

There is no place so well calculated to test the usefulness of a specific medicine as a military camp. Radway's Ready Relief has been used in almost every camp throughout the Grand Army of the Union with the happiest success. Letters from Brigade and Regimental surgeons, officers, and privates assure us that Radway's Ready Relief has contributed more to the protection of the troops against disease, and to the use and comfort of the sick than all other medicines used or means suggested by the medical authorities.

RADWAY'S READY RELIEF

Will stop pain and restore the sufferer to ease and comfort in a few minutes after its use.

It never fails to afford relief to the patient

IN CASES OF

Rheumatism, Neuralgia, Lumbago, Tic Doloreux, Gout, Toothache, Sciatica, Face Ache, Ear Ache, Numbness, Swollen Joints, Sprains, Lameness, Strains, Pain in the Kidneys, Wounds, Pain in the Bladder,

Asthma, Difficult Breathing, Pleurisy, Pain in the Side, Small of the Back, Shoulders, Spine,

Its use will, in a few minutes, relieve you of pain, and its continued use cure you of the complaint.

CHRONIC RHEUMATISM, ASTHMA

SLEEPLESS NIGHTS.

Let those who cannot enjoy an hour's calm sleep, make a trial of it. Wm. Sydney Myers, Esq., of the Havana (Cuba) Press, well known to the New York, New Orleans and London (England) Press, says that for twenty years he had been a sufferer from ACUTE CHRONIC RHEUMATISM, and for one week had not slept an hour at any one time. He applied Radway's Ready Relief, and felt immediately relieved, and slept soundly, and awoke in the morning free from pain. Its continued use cured him.

General Jose Villamil, Commander-in-Chief of the army of Ecuador, S. A., had been afflicted with ASTHMA for TWENTY YEARS, could not lay down in his bed without subjecting himself to violent paroxysms of coughing. The first application of the Ready Relief gave him the first calm, undisturbed sleep he had enjoyed for twenty years. Thousands of other cases could be adduced, if necessary, but the best evidence to those poor disturbed sleepless sufferers, is to try it, and enjoy a night of ease and comfort.

PAIN—PAIN—PAIN

It is entitled to public confidence on the groun that in all cases when it is used where pain exists, it will afford speedy relief, and never fail to mitigate the sufferings of the patient, *be the disease what it may*. If it does not accomplish a perfect cure it will restore ease to the afflicted, nor will its use, under any circumstances, interfere with other treatment, or fasten new difficulties upon the patient.

RADWAY'S READY RELIEF

Is sold by Druggists and Merchants everywhere, for 25 cents, 50 cents and $1 00 per bottle. See that the label of each bottle bears the signatare of RADWAY & Co.

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR

Scrofula and Scrofulous Diseases.

From Emery Edes, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and much-esteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known Gage, Murray & Co., manufacturers of enamelled papers in Nashua, N. H.

"I had for several years a very troublesome *humor* in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Sawin, Houston St., New York.

"DR. AYER. I seldom fail to remove *Eruptions* and *Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general *debility*, and for *purifying the blood*, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunkhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hiram Sloat, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of *Syphilis* and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER. My dear Sir: I have found your SARSAPARILLA an excellent remedy for *Syphilis*, both of the *primary* and *secondary* type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or *mercurial disease*, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness,

are generally produced by internal *Scrofulous Ulceration*, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by *Scrofula* in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

IS THERE any VIRTUE in Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER AND ZYLOBALSAMUM?

Convincing Testimony.

REV. C. A. BUCKBEE, *Assistant Treasurer American Bible Union, N. Y. City*, writes: "I very cheerfully add my testimony to that of numerous friends, to the great value of Mrs. S. A. Allen's World's Hair Restorer and Zylobalsamum."

REV. WM. CUTTER, N. Y. City: "My hair is changed to its natural color, and growing on bald spot."

REV. J. H. CORNELL, N. Y. City: "I procured it for a relative. The falling of the hair stopped, and restored it from being grey to its natural and beautiful color."

REV. J. WEST, Brooklyn, L. I.: "I will testify to their value in the most liberal sense. They have restored my hair where it was bald, and, where grey, to its original color."

REV. A. WEBSTER, Boston, Mass: "I have used them with great effect. I am now neither bald nor grey. My hair was dry and brittle; it is now soft as in youth."

REV. H. V. DEGEN, Boston, Mass: "That they promote the growth of the hair where baldness is, I have the evidence of my own eyes."

MOFFAT'S LIFE PILLS AND PHŒNIX BITTERS.

THESE Medicines have now been before the public for a period of THIRTY YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to porsens suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and indulging them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDICINES are purely and solely vegetable; and contain neither *Mercury* nor *Antimony* nor *Arsenic* nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind as to produce habitual Costiveness with all its train of evils, or sudden Diarrhœa with its imminent dangers. This fact is well-known to all regular anatomists who examine the human bowels after death; and hence theprejudices of these well informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDICINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; *Flatulency, Loss of Appetite, Heartburn, Headache, Restlessness, Ill-Temper, Langour, and Melancholy*, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence: all violent purges leave the bowels costive within two days.

DIARRHŒA and CHOLERA, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative secretion of the mucuous membrane.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others.

The LIFE MEDICINES have been known to cure *Rheumatism* permanently in three weeks, and *Gout* in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence they have ever been found a certain remedy for the worst cases of *Gravel*.

Also *Worms*, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

Asthma and *Consumption*, by relieving the air vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces those dreadful diseases.

Scurvy, Ulcers and *Inveterate Sores*, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

Scorbutic Eruptions and *Bad Complexions*, by their alternative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of *Salt Rheum*, and a striking improvement in the clearness of the skin. *Common Colds* and *Influenza* will always be cured by one dose, or by two even in the worst cases.

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of THIRTY-FIVE YEARS, and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He, however, at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

Bilious Fevers and Liver Complaints.

General Debility, LOSS OF APPETITE, AND DISEASES OF FEMALES—these medicines have been used with the most beneficial results in cases of this description:—KING'S EVIL and SCROFULA, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. NIGHT SWEATS, NERVOUS DEBILITY, NERVOUS COMPLAINTS of all kinds, PALPITATION OF THE HEART, PAINTER'S COLIC, are speedily cured.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the estimation of every patient.

BE CAREFUL OF COUNTERFEITS.

Several have lately been discovered, and their nefarious authors arrested, both in the city of New York and abroad.
