NEW YORK

NEW YORK (AP) — Record earnings reports by some blue chip companies accompanied the stock market's sixth straight daily advance in active trading Monday.

General Motors, reporting peak profits and sales, again was the star performer as it touched a historic high of 63¼ before closing at 63⅛ for a cent gain of ¾.

Du Pont, still holder of a large amount of GM shares, also reported record profits and ended the day with a gain of ⅜ at 247.

The atmosphere of Wall Street was confident as the stock market rally continued into its seventh straight week. The rise was selective, however, and there were some prominent casualties.

Among them was Ford, which slipped 1⅛ to 43⅜ on 87,900 shares, making it the most active stock. Ford sales have been lagging, compared with the front runners in the auto industry. Ford soon reports on earnings.

Chrysler also reports its earnings soon and the street expects good news.

POLAROID GAINS

Polaroid gained 3 points as its rapid color film went on sale in Florida.

Steels were slightly higher on balance although production dipped last week. Reports were that hedge buying against a possible steel strike has been spreading slowly.

The Dow Jones industrial average advanced 3.18 to 682.89.

Volume was 4,720,000 shares compared with 4,770,000 Friday.

The Associated Press average of 60 stocks rose 1.5 to 256.9.

Among Canadian stocks, International Nickel fell ⅝ and McIntyre Porcupine lost ¾. Dome Mines was off ⅜ and Walker-Gooderham ¼. Aluminium Ltd. also fell ¼.

Prices were irregularly higher on the American Stock Exchange.

Brazilian Traction was up ¼ and Shawinigan was down the same fraction.
