WHERE THE BLAME RESTS.

The Patriot blames the Dominion Government for not accepting the concessions offered by the Manitoba Government...

Remembering this relative position of the parties, let us briefly refer to the conference at Winnipeg and the concessions offered...

On the other hand the delegates for Manitoba offered, in the first place, to secularize the schools—that is to banish religion from the schools...

Having thus insulted the minority, the delegates for the Manitoba Government proceeded to offer to permit religion to be taught in the schools...

How can any man, then, in view of the position of the parties, and the history of the negotiations, blame the Dominion Government for not accepting the latter proposition?

That there is ability of the highest type abounding throughout the States everyone is ready to admit. Not only is this ability there in the body of the people...

NOTES AND COMMENTS.

The position which Canada has taken in British butter markets is capable of great improvement, as these figures, clipped from the Canadian Gazette, will show:

There is in the present situation of the States food for thought on the part of Canadians. Let us avoid the mistakes of the great republic. Let us not grudge good salaries to men responsible for the conduct of affairs of state...

SPECIAL DESPATCHES TO THE EXAMINER

NOTES FROM THE CAPITAL.

Obstruction Still Triumphant.

Swelling Revenue, Lower Expenditure.

Sir Charles Tupper Settles in Ottawa.

OTTAWA, April 11.

The House continued in session during yesterday. There were numerous exciting incidents, but no progress was made in the business.

The Cabinet is to meet on Monday to consider the political situation and decide what action shall be taken in the House next week.

Archbishop Langevin had an interview with Sir Charles Tupper last night.

The statement of the revenue and expenditure for March is most encouraging. The revenue for the month increased \$250,000, and for nine months the increase is \$2,250,000.

The corresponding expenditure shows a decrease.

The net debt decrease last month was \$1,500,000.

For some time past Sir Charles Tupper has been looking for a dwelling in Ottawa, and yesterday closed the purchase of the dwelling lately occupied by Charles Magee Cooper.

The price is in the neighborhood of \$15,000.

ST. JOHN LIBERALS DIVIDED

Davies Called to the Rescue.

ST. JOHN, April 11.

The Young Liberals of St. John are determined not to accept the nomination of Colonel Tucker.

They have adopted a resolution to that effect by a majority of 42 to 19.

An appeal has been made to Mr. Davies, as Leader of the party, against the nomination.

The Star reports that Montreal will soon have a new Liberal-Conservative Association shaped on the lines of those existing in England.

Mail and Empire: Mr. Cleveland does not intend to offer him as a candidate for a third term, the Cuban resolutions will probably go no farther.
