Expect Birchwood High In Use By Mid-February

The new Birchwood High School is expected to be ready for occupancy in late February 1958, according to a report tabled by the City School Board at last night's annual meeting.

"The completion of Birchwood High School," the report states, "provides the City of Charlottetown with adequate accommodation for its school population which now numbers approximately 2,850. While some of this is old and in constant need of renovation and repair, the physical facilities of our school system appear adequate for the present and no further building program is contemplated at this time.

"With the removal of the four grades from Queen Square and Rochford Square Schools, classes now on staggered time and those at the Community Centre and Notre Dame Academy can be accommodated. Further, present unsuitable classroom space will be replaced."

EXPRESS REGRET
"The School Board noted with deepest regret" the passing of two recently-retired Board members: Dr. W. J. P. MacMillan and Mr. H. F. MacPhee, stating that "The School Board and the community in general owe much to the long and devoted service of these two men."

The report also referred to the retirement in 1957 of Mr. T. Edgar MacNutt, veteran secretary of the Board, and recorded that Mr. John Roach was appointed to this position on a part-time basis, also noting that Mrs. Nancy G. Sutherland, former part-time secretary was now on full time and was assisting both the Superintendent, Mr. Parker and the Secretary.

The report pointed out that the Board had been operating on this revised administrative arrangement for a year and had found it efficient and satisfactory.

With reference to Mr. MacNutt, the report stated:
"Early in January, Major T. E. MacNutt retired after 33 years' service as Secretary. During his years with the Board, Major MacNutt served faithfully and efficiently, and in so doing made an invaluable contribution to the cause of education in this City. The esteem in which Major MacNutt is held
