

Personal, Estate Taxes to Remain Unchanged

MONTAGUE BUREAU OF THE GUARDIAN—The personal and real estate tax rate will remain the same for this year in the town of Montague. This decision was reached at the regular monthly meeting of the town council held last evening.

The tax rate of 1% has been unchanged for several years and unless something of a major nature occurs the rate will remain for the year, it was stated.

One of the councillors stated that although the rate is low the assessment is high and this with the 20 per cent increase in school taxes is "bad enough". The assessors have completed their job for the year and the tax notices are expected to be out early in July. This has been a problem in other years, to get the tax notices out early in the year instead of in the fall when all are faced with coal and oil bills for the winter, he said.
