Cough medicines, Ayer's Cherry Pectoral is in greater demand than ever.
No preparation for Throat and Lung
Troubles is so prompt in its effects, so
agreeable to the taste, and so widely
known, as this. It is the family medi-
cine in thousands of households.

"I have suffered for years from a
bronchial trouble that, whenever I take
cold or am exposed to inclement weather,
shows itself by a very annoying
tickling sensation in the throat and by
difficulty in breathing. I have tried a
great many remedies, but none does so
well as Ayer's Cherry Pectoral which
always gives prompt relief in returns of
my old complaint."—Ernest A. Hepler,
Inspector of Public Roads, Parish Ter-
rebonne, La.

"I consider Ayer's Cherry Pectoral a
most important remedy

For Home Use.

I have tested its curative power, in my
family, many times during the past
thirty years, and have never known it
to fail. It will relieve the most serious
affections of the throat and lungs,
whether in children or adults."—Mrs.
E. G. Edgerly, Council Bluffs, Iowa.

"Twenty years ago I was troubled
with a disease of the lungs. Doctors
afforded me no relief and considered
my case hopeless. I then began to use
Ayer's Cherry Pectoral, and, before I
had finished one bottle, found relief. I
continued to take this medicine until a
cure was effected. I believe that Ayer's
Cherry Pectoral saved my life."—
Samuel Griggs, Wanagan, Ill.

"Six years ago I contracted a severe
cold, which settled on my lungs and
soon developed all the alarming symp-
toms of Consumption. I had a cough,
night sweats, bleeding of the lungs,
pains in chest and sides, and was so
prostrated as to be confined to my
bed most of the time. After trying
various prescriptions, without benefit,
my physician finally determined to give
me Ayer's Cherry Pectoral. I took it,
and the effect was magical. I seemed
to rally from the first dose of this
medicine, and, after using only three
bottles, am as well and sound as ever."—

TESTIMONIAL FROM PROF. EARLE.
CH'TOWN, P. E. I., Aug. 26th, 1888.
MR. C. P. FLETCHER.

DEAR SIR—The many scores of Bell Organs
which I have had the pleasure of testing, have
given me the utmost satisfaction. They possess
excellent qualities of tone and touch, and the
general workmanship is first-class. Having been
organist of St. Paul's for 22 years, and during all
that time teaching the piano and organ to
wards of 400 persons in town and country, ex-
perience has taught me that Canada has turned
out an organ which, for qualities referred to
above, and durability, is hard to excel.

Christmas Song

In a manger in a village,
Years ago the Christ was born,
And the herald angels, singing,
Uttered in that Christmas morn.

Now no sounds of glorious angels
Falls upon the listening ear;
Only bells that call to worship,
On the air ring sweet and clear.

Let us worship, let us listen,
For the silent angels singing;
We can hear their still small voices
Even above the wild bells ringing.

There are voices in the moonlight,
There's a voice in every star;
Even the little snowflakes falling
Bring their message from afar.

Messages of peace and gladness,
God's forgiveness unto men;
Then, to-day let his banish sadness,
Christmas morn has come again.

E. L. FRANCIS.
Charlottetown, Dec. 24, 1889.

Montague.

The schooner Royal Home, loaded by
Poole & Thompson, sailed for Newfoundland
last Thursday. Her cargo consists of
the following: 4,274 bush. oats, 600 bush.
potatoes, 126 bush. turnips, 150 bush. parsnips,
34 bush. carrots, 25 bush. beets, 90
tubs butter, 80 carcasses mutton, 20 car-
casses pork, 2 cases eggs, 95 quarters beef,
1196 lbs. leather, 490 fowls, 120 geese, 352
turkeys, 80 ducks, 150 lbs. oatmeal, 100
lbs. buckwheat flour, 14 sheep pelts. The
whole cargo cost somewhere in the vicinity
of \$4,000.

Shipping for the season is evidently at an
end, as the river for some distance down is
frozen over. About this time last year
there was a similar cold snap, yet the
steamer Montague ran to the Bridge on the
11th and 12th of January.

The children attending the schools here
intend holding their annual concert and en-
tertainment on Monday evening, the 30th
inst. Judging from the programme this
will be one of the best of its kind ever held
in Montague. Professor Theakston will
lead the music.

Mrs. Bessie S. Keefer will deliver her
popular lecture "Taking Care of the
Babies" in the new hall on Saturday eve-
ning, the 28th inst. A full house is ex-
pected.

A few days ago a little girl about three
years old, daughter of Mr. B. F. Stewart,
fell from a chair and broke her arm. The
little one suffered much.

Mr. J. Cairns, wife and daughter re-
turned home last night from their pleasure
trip to Boston, where they were doing the
great maritime exhibition.

Following are the particulars as near as
could be ascertained of the supposed drown-
ing of Capt. Kirvan:—

"Some few days ago the schooner Primrose,
owned by Mr. A. McQueen came up the river,
but on account of the ice she had to anchor
about a quarter of a mile from the Bridge
where the ice has since formed all round her.
The crew were all discharged except Capt.
Kirvan. On Thursday last he was engaged in
stripping the vessel and in the evening he
went home to tea. Shortly after tea—be-
tween five and six o'clock—he told his mother
that he had to go on board the vessel to put
out the fire in the stove and to bring ashore
his clothes and some other articles. A passage
had been made from the shore to the vessel so
that a boat could go in and out as the ice was
not safe. As the Captain did not return that
night his mother became anxious about him
and sent a messenger Friday about 2 o'clock
to enquire of Mr. McQueen concerning him.
Mr. McQueen seeing the vessel's boat along-
side and nobody moving about the vessel pro-
ceeded another boat and went aboard. He
found the cabin door locked and the Captain's
clothes and other articles in the boat where he
had evidently placed them. The boat was
alongside the vessel and the rope cast off.
The vessel was searched but the Captain
could not be found. The general supposition
is that after he put the things in the boat,
when attempting to get in himself he slipped
overboard and was drowned. There was no
other way for him to get ashore but by the
boat. Saturday and Sunday six boats were
grappled, but up to the time of writing they
have not succeeded in finding the body."

Capt. Kirvan was about 38 years old and
unmarried. He was a quiet and unassuming
man, and was the sole support of an
aged and widowed mother who lives but a
short distance from the place where it is
evident her son met his sudden death.

Breakwater Wanted.

The following is a copy of a petition now
being passed around for signatures. Over
two hundred farmers and fishermen, direct-
ly interested, will sign it. Proper boat
harbors at suitable places along the North
Side from St. Peter's Bay to East Point are
what the people of that section of the coun-
try stand greatly in need of, and we trust
they may be provided for them:—

To the Honorable Sir Hector Langevin, C. B.,
Minister of Public Works, Canada:

The petition of the undersigned, residents of
Bayfield and neighboring settlements, respec-
tfully sheweth:

That the inhabitants of this part of the
country labor under very great disadvantages,
both in agricultural pursuits and in the pro-
tection of the fisheries, for want of proper har-
bor accommodation.

That, with the exception of Campbell's
Cove Breakwater, the people of the North
Side have no harbor of refuge for boat fishing
from St. Peter's Bay on the north to Souris on
the south side, a distance of over fifty miles.

That a breakwater of about two hundred
feet in length, if built at or near Long Point,
Lot 46, would give a depth of water of twelve
feet on the inside.

That such breakwater would not only bene-
fit farmers in giving facilities for shipping pro-
duce and importing coal and limestone, but
would also prove a great boon to fishermen in
affording them shelter for their boats.

In view of the above, and other reasons
which might be given, your petitioners
humbly ask that a sum sufficient be placed in
the supplementary estimates at the coming
session of parliament to build this much-
needed public work. And your petitioners,
as in duty bound, will ever pray.

BEST QUALITY Fruit, Tea, Coffee, Egg, Des-
sert and Table Spoons. Make a useful pre-
sent. To be obtained at G. H. Taylor's.

Local and Other Items.

FOR INCORPORATION.—Bridgewater, N. S.,
is agitating for incorporation.

IMPROVE the nutritive functions of the scalp
by using Hall's Vegetable Sicilian Hair Re-
newer, and thus keep the hair from falling
and becoming gray.

A FUTURETY RACE.—The Farmer says that
an effort is being made to secure the trotting
park at Summerside for a futurety race to be
trotted next autumn. Why not have the race
on the Charlottetown park?

THE PARSELL COMMISSION.—It is stated
that the special commission appointed by
Parliament to investigate the charges made
by the Times against Parselle members of
the House of Commons have finished their re-
port, but it will not be published until Par-
liament meets.

NO REMEDY for blood disorders can equal
Ayer's Sarsaparilla. Though concentrated
and powerful, this medicine is safe, and may
be taken by children as well as adults. Phy-
sicians recommend it in preference to any
other. Price 25¢. Worth \$5 a bottle.

AN INJUNCTION REFUSED.—They have some
very original ways down in Arkansas. A man
refused to pay for an advertisement, and the
editor took it out, but filled up the space with
an announcement that it had been taken by
so-and-so who refused to settle. A judge
refused an injunction to restrain the publica-
tion.

NEARLY all colds are slight, at first, but
their tendency is to so lower the system that
the sufferer becomes a ready victim to any
prevalent disease. The use of Ayer's Cherry
Pectoral, in the beginning of a cold, would
guard against this danger.

HE RECOGNIZED THE TUNE.—The Gold
Hunter says: On Thursday evening one of
our composers had the pleasure of hearing
the Salvation Army Band playing in Lunenburg,
a distance of nearly 50 miles. The
window was opened in the Lunenburg
office, and the tune they were playing
was distinctly heard and recognized in Cata-
donia.

THE TORONTO WAY.—The verdict of a jury
in Toronto, delivered the other day, deserves
honorable mention. A man was tried for a
terrible crime against a child, and the evi-
dence was clear enough. The penalty in the
discretion of the judge is imprisonment any-
where from four years to life. The jury found
this verdict: "Guilty, with a recommenda-
tion that the full penalty of the law be im-
posed." Put this down on the credit side of
the jury account.

GONE TO NEW GLASGOW.—The Agri-
cultivist says: Mr. Harry Townsend, of
Brookside Farm, New Glasgow, N. S., has
purchased from Parkside Farm here, for
\$250, the royally bred colt Ed Lyle,
3311, by Administrator, 257, dam Lucy
Thorne, by All Right, 5817, second dam
Stirling, by Thorndale, 305, Star, 14,
fourth dam by Wildair. How a colt with
such breeding can fail to be a trotter we
fail to see, and we wish Mr. Townsend
every success with him.

CHRISTMAS PRESENTATIONS.—We were
shown a beautiful heavy gold headed cane
presented to J. D. McLeod, Esq., on Chris-
mas Eve, by the young men in his employ.

Rev. Mr. Gordon and family have been
made happy by the receipt of many tokens of
good will from members of the Baptist Church
and congregation. Among other gifts Mr.
Rupert Norton, of Norton & Fennell, on be-
half of some friends, conveyed their Christmas
greeting and expressions of gratitude for Mr.
Gordon's restoration to health, emphasising
those sentiments by a gift of \$50 in gold.

A PROSPEROUS TRADE.—A Point du Chene
correspondent of the Moncton Times says:
The past season has been a prosperous one at
Point du Chene. The lumber shipments were
far in excess of the previous year's. The pas-
senger and freight traffic to and from P. E.
Island was continuous and brisk. The fall
opened up with a brisk potato trade, but this
flattened as soon as the markets broke down;
still some 200,000 bushels were shipped in the
short time that the market did stand. The
Oyster industry of P. E. I. is steadily growing
each year. Some 25,000 lbs. were shipped
from the Point. They were nearly all con-
sumed in the upper provinces. Live stock,
excepting sheep, show a decrease. There
were 23,000 sheep, which is a considerable in-
crease over last year, but horses and cattle
are not up to the previous years. All other
articles make a favorable showing notwith-
standing the very dry summer. The extra
steamer M. A. Star gave good assistance in
the carrying of the heavy freights, and en-
abled the mail boats to make better time.

News Notes.

Italy has adopted a protective tariff
against France.

Wheat took another upward jump in
Manitoba a few days ago.

The Brazilian minister at Brussels has
sent his resignation to Dom Pedro.

Russia has decided to construct a new
naval port in the Baltic sea, five miles
north of Liban.

Beach, the Australian ex-champion, has
replied to Hanlan, accepting his challenge,
to row, but insisting that the Paramatta
shall be the scene of the race.

Grave robbers at work in the burying
ground at Sydenham, Ont., the other
night were fired at with buckshot, and one
of the miscreants cried out, "I'm shot,"
but they escaped.

A Wolf Island farmer abandoned a horse
the other day, in Kingston. The animal
was sold by the pound-keeper for \$40 more
than accrued expenses, and this was offer-
ed to the former owner, who refused to
take it on the ground that the horse was
possessed of an evil spirit, and that he
wanted nothing to do with it.
