Hon. R. B. Reid is at the Revere. Rev. James Sinclair, of Londonderry, N. S. is at the Rankin. The Rothschilds are said to hold sixty millions in Egyptian bonds. A HACKMAN in Toronto was fined ten dollars and costs for failing to fulfil an engagement. It has been finally decided by the Imperial authorities not to reduce the Halifax garrison. The funeral of Miss Fanny Farrell took place at Mount Auburn, Boston, last Wednesday. The steamer "M. A. Starr" sailed for Halifax late last night, with a full cargo of preserved lobsters, oats, etc. Toronto has exported to the United States, during the past quarter, to the value of nearly two and a quarter millions dollars. The customs authorities in Montreal have seized the beetroot sugar factory of the Union Suiere Franco-Canadian for unpaid duty amounting to \$10,000. The French account of the English conquest of Egypt is that General Wolseley captured the fortresses by loading his cannon with sovereigns. The Steamer "Miranichi" arrived from Montreal this morning with a cargo of merchandise and a small number of passengers. She sailed for Pictou this afternoon. The German ship "Constantia" and the steamer "City of Antwerp" collided in the English Channel, and both sank. Nearly all those on board were saved. VENDOR predicted severe storms for 15th, 16th, and 17th. We have had beautiful weather on those days. It is sad—we have not one prophet more. Mr. Anderson, Chief Engineer of the Department of Marine and Fisheries, arrived in this city on Thursday. He is on a tour of inspection of our Lighthouses. An Ottawa special says that a well known and highly respected citizen recently eloped with a neighbor's domestic servant leaving his wife and three children behind. Mr. M. GIBLIN, and bride, of Montreal are spending their honeymoon in this Province. They arrived from Souris last evening, and registered at the Rankin. THE LASH.—At Halifax on Wednesday last Chief Justice McDonald sentenced Andrew Doyle to one year with hard labor, and twelve lashes for committing a criminal assault on a child under 12 years of age. The Governor-General is now on his return trip from his long voyage in the interior, and has been heard from at Chilliwaack. The party travelled to Lake Okanagan, which is 400 miles from New Westminster. Mr. Anderson, of the Marine and Fisheries Department, and A. Lord, Esq., Agent for the Department, went to Point Prim to-day in the yacht "Isabel" to inspect the lighthouse at that place. A DESPATCH of the 17th from Panama, South America, is as follows:—Yesterday at 4 p. m., a large part of the tail of a new comet was observed over the summit of the Andes. Its great size and brilliancy presented an imposing sight. A CONCERT in aid of the Women's Temperance Benevolent Society will be held in the Y. M. C. Hall, on the 2nd of November. A good programme is being prepared, and the concert will, no doubt, be well worth attending. We are again obliged to call the attention of the City Surveyor to the dangerous platform across the bridge on Lower Spring Park Road. A plank which has been shaky for some time, has altogether disappeared, and left a hole for the unwary pedestrian to fall into. THE newest and most perfect fitting Corset made, is Ball's Health Preserving Corset. It is highly recommended by all the leading physicians, as being the most comfortable and least injurious to wearer invented. This Corset is for sale at YOUNG'S. SIR CHARLES TUPPER and Mr. Stephens, President of the Canadian Pacific Railway Co., have arrived at Regina. As an instance of the rapid progress of the place it is stated that there are now eighteen hotels and twenty-two stores, where six weeks ago not even a tent decorated the plain. THE opening of the Bideford Trotting Park which was to have taken place on Thursday, the 19th inst., has, owing to the unfavorable state of the weather, been postponed until Tuesday next, the 24th inst. We understand several of the fastest horses on the Island have been entered for the different races, so that a lively time may be expected. ENGINEER BATT is now engaged repairing the Silsby engine at the Fire Station on King Street. Though yet comparatively new, the Silsby did a great deal of work, and her boiler and tubes have suffered considerably. The repairs being made are extensive, and when completed by Mr. Batt the Silsby will, we learn, be as good as new. A LEGACY of the war in central and southern Georgia is a plant, called by the people Egyptian clover. It was unknown there before, but grew up in the track of the armies. It is very hardy, killing out weeds and other forage plants; it is highly esteemed by the farmers, who consider the best feed they have for stock of all kinds, and makes a fine pasture where nothing of value grew before. REAL ESTATE PURCHASE.—Mr. B. Toombs, formerly of Charlottetown, commission merchant and auctioneer, has purchased a block of land on Telegraph street corner of St. George, Moncton, from the Hon. James Ryan. There are four lots, each 50 by 100 feet, and the price paid was \$800. Mr. Toombs intends building a warehouse on the corner of Telegraph and St. George streets.—Times. MR. CYRUS McGRIGOR advertises tenders for the erection of an addition to the Osborne House. It is, we learn, his intention to raise the present building three stories high and build to an addition also three stories high which will cover the greater part of the plot of ground at the west side of the hotel. This being done, the Osborne House will be one of the largest and most commodious hotels in the province. We wish Mr. McGregor success in his undertaking. Wolseley at Alexandria.

The Egyptian Army.

Baker Pacha's Re-organization

Sir Garnet Wolseley arrived at Alexandria to-day from Cairo. He was received with great enthusiasm by all classes of the community. A special review of all the troops took place in the presence of Sir Garnet. Baker Pacha's scheme of the re-organization of the Egyptian army is completed. The preliminary scheme has been adopted by the Egyptian Council of Ministers, and the plan suggested seems to give general satisfaction. Baker recommends that the army regiments be divided into two parts; one half being officered by Egyptian field officers of good standing; the other half being officered by British field officers. The other officers, from the captain downwards, will be selected from the Egyptians and the Albanians already in the service. The army of the Khedive will number about ten thousand nine hundred men.

The Miners' Strike.

The strike of the Miners is becoming general. The plans laid down at the Manchester conference of Miners have been generally adopted. Meetings are being held in all the leading districts in England and Wales and the strike will be felt in all quarters. Yesterday, twenty thousand Yorkshire miners notified their masters, that unless the proposed rate of increase was conceded, the miners would strike in a body.

Arctic Vessels in Danger.

The Arctic expeditionary vessels "Louise" and "Varma" on the way to Yenesei are in a dangerous position in the ice at the Kara Sea. Fears are entertained of the safety of the crews of the vessels.

Irish National Conference.

Another Meeting Called.

Parnell has notified the supporters of the Conference that a meeting will be held shortly before the re-opening of Parliament, and that important matters of business will be discussed regarding Irish affairs in Parliament; as well as the general condition of the Irish people. The Dwyer imprisonment case will be taken into consideration, and a plan of action concerning the same adopted. Healy, Ernan, and Harrington have been appointed Honorary Secretaries; Biggar and Webb have been appointed Honorary Treasurers of the Irish National Land League. The following is an epitome of Mr. Parnell's speech at the Conference:—He declared that he wished to reaffirm his first utterance on a public platform—namely, that until the people of Ireland attained the right to make their own laws those laws would never be in accordance with their wishes. No solution of the land question could be final that did not secure to farmers the right of becoming owners of their holdings by purchase. He estimated that a fair amendment of the Healy clause would result in an average of twenty per cent. further reduction in the judicial decrees fixing rent. He said the Irish party required eighty-five to ninety members in Parliament, but they could not hope for this until the franchise was placed on the basis of household suffrage. In relation to the assertion of the English papers with regard to the alleged differences of the leaders with their kindred in America, Mr. Parnell denied that there had been any dictation from that quarter. He for one would have declined to obey such dictation. On whatever points they might have differed, they had agreed to leave the issue to the Irish people. Despite the most tyrannical coercion act the world has ever seen they would yet attain the measures on which they had set their hearts.

THE MONTREAL FAILURE.

Special to the Examiner.

At the meeting of the creditors of A. & C. J. Hope & Co., importers of iron and heavy hardware, who failed here last Tuesday, it was found that the failure was mainly due to depreciation in the value of the stock, and the immediate obligations which had to be met in England. The deficiency amounts to \$97,855. Indirect liabilities are \$221,279; over \$200,000, due to the Bank of Commerce and this is covered, to some extent, by business paper of an exceptionally good character—chiefly from wholesale dealers. The business was established in Montreal in May, 1871, by the removal there of the Toronto branch of Adam Hope & Co., of Hamilton. The firm dealt mainly in pig iron, lead, copper, bar iron and tin. It is not known whether the parent house in Hamilton will be seriously affected by the failure; their last statement showed a surplus of \$80,000. The death of Hon. Adam Hope, it is supposed, precipitated the embarrassment of the Montreal branch somewhat.

GENERAL CABLE NEWS.

LONDON, Oct. 19.

The Times' Dublin correspondent says it is evident that if there is no actual schism in the Irish National party there is so wide a difference in the lines of action advocated by Davitt and Parnell that it is hardly possible they can pull in the same harness. The Parnellites have secured a third of the representation upon the new council. This gives them practically a preponderance of power, as it is probable that a sufficient number of their friends will be elected by country conventions to give them a majority.

DUBLIN, Oct. 19.

A committee of the National Land League have adopted an address to the Irish people which urges a vigilant and lawful association for protection against injustice. The address says: "The inspiration of all our struggles is to transfer all the local power and patronage from privileged strangers to the hands of the people and so fortify the people for the work of self-government."

CAIRO, Oct. 19.

The crisis has ended. The Egyptian ministry have intimated their intention to permit Bradley and Eve and Hon. Mark Francis Napier to defend Arabi Pacha, on condition that the witnesses in this case shall undergo a preliminary examination.

BOSTON, Mass., Oct. 19.

R. O. Sterrot & Co., manufacturers of woollens at Dedham, Mass., failed yesterday. Liabilities, \$430,000.

DENVER, Col., Oct. 19.

The Republican's West La Samina's special says that yesterday an express train number six, to which was attached a special car containing Supt. Mellon, of the A. T. & S. F. Railway, with a party of friends, arrived at Lakin, Kansas, fifteen drunken cowboys, led by F. A. Mead, a discharged telegraph operator, began shooting through the car windows, breaking eight in one car and seventeen in the sleeper and five in the special car. By lying on the floor the passengers escaped the bullets. The sheriff with a hundred citizens from Dodge City, were sent to Lakin, and captured Mead and two of the cowboys. The posse is in close pursuit of the others.

IN THE SUPREME COURT.

In the matter of An Act of the Parliament of Canada, passed in the forty-fifth year of Her present Majesty's Reign, Chapter 23, intitled, "An Act respecting Insolvent Banks, Insurance Companies, Loan Companies, Building Societies, and Trading Corporations, and of the President, Directors, and Company of the Bank of Prince Edward Island, an Insolvent Banking Company.

UPON the application of the Liquidators of the above-named Banking Company, and upon reading the affidavit of Leonard Cambridge Owen, Charles Colson Gardner, and David C. Chalmers, with the Schedule thereto annexed, filed the fifteenth day of September last past, and the order made by me, dated the fifteenth day of September last, and the notice signed by the Prothonotary, issued in pursuance of such order, and the affidavit of Leith E. Brecken of the due publication of such notice filed the twenty-fifth day of September last, and upon hearing counsel for the said Liquidators and counsel for several of the contributors of said Company, I do order that a first call of forty dollars per share be made on all the contributors of the said Banking Company. And I do further order that each such contributory do, on or before the first day of December next (A. D. 1882), pay into the Bank of Nova Scotia, at its branch in Charlottetown, in said Province of Prince Edward Island to the account of the Liquidators of the said Company the amount which will be due from him or her or them in respect of such call. And I do also order that the further hearing of the said order granted by me on the fifteenth day of September last past, as to the further payment by said contributory of the further sum of forty dollars per share be adjourned until Monday, the eleventh day of December next, then to take place at my Chambers, in the Law Courts Building, in said Province, at the hour of eleven o'clock in the forenoon, and I do further order that a copy of this order, together with a notice from the Liquidators of the said Company, specifying the amount due from such contributory, in respect of such call, be served on all such contributory by posting the same in a letter prepaid and registered in the General Post Office, in Charlottetown, in said Province, addressed to the party or parties contributory, at his, her or their last known address, or place of abode, or by the delivery thereof, severally, to the attorney of the party to be served. And I do further order that a copy of this order be published in the Royal Gazette newspaper of said Province, and in THE EXAMINER and Patriot newspapers, published in Charlottetown in said Province, in the daily issues thereof, for two weeks from the date thereof. NOTICE.

THE Charlottetown Gas Light Company have imported a fresh supply of Bray's Patent Burners, especially made to consume only three feet of Gas per hour with the tap turned full on. These Burners are intended for use in Halls, Bedrooms, Kitchens, and other places where a light from a small consumption of Gas only is required. By regulating the tap, the Gas consumed can be reduced to any desired quantity less than three feet per hour. These Burners are so scientifically made that they will give a light equal to about ten candles at a cost of three quarters of one cent per hour. The price of these Burners to consumers by retail will be ten cents each. [Oct 10 eod pat
