New Antibiotic Lozenge Strikes at Sore Throat

Toronto (2)—A new lozenge that acts fast to take away the pain of sore throats caused by minor irritations and infection is now on sale in Canada. A product of Adrem Ltd., largest all-Canadian proprietary drug house, it is named Adremicin and is a combination of powerful antibiotics and a local anaesthetic or pain deadener. The lozenge must dissolve slowly in the mouth. As it dissolves, tyrothricin and bacitracin are released to the inflamed area along with benzocaine. While benzocaine relieves the pain, the antibiotics act to destroy such bacteria as strep. and staphylococcus.

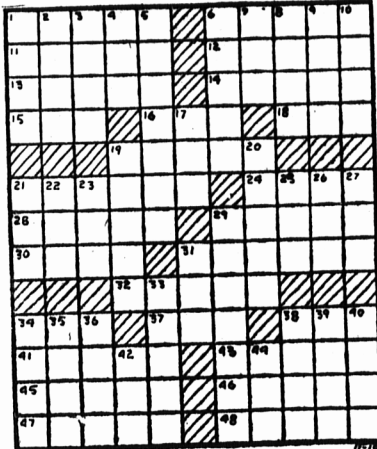

As Adremicin slowly dissolves it releases powerful antibiotic agents that fight strep. and staph. germs and kills pain almost instantly.

DAILY CRYPTOQUOTE—Here's how to work it:

AXYDLBAAXE
L LONGFELLOW
One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

DOUBLE COFFEE PLEASURE

...but not double cost

- YOU ENJOY fuller, richer flavor in coffee "creamed" with Carnation Evaporated Milk. That's because Carnation is double concentrated... homogenized... specially heat refined. It's heavy as cream. Naturally it makes coffee taste rich and delicious.
- YOU SAVE MONEY. Though Carnation makes coffee taste so much better — though millions prefer it to cream in coffee — Carnation costs only half as much as cream.

MORE CANADIANS USE CARNATION IN COFFEE THAN ALL OTHER BRANDS COMBINED
