Lobster Season Closes In Prince County Area; Fishing Exceptionally Good

Yesterday at midnight the lobster fishing season on the south shore of Prince Edward Island officially ended but much gear remains to be landed as strong north winds kept fishermen ashore all day in the area between North Cape and West Point. A decrease in daily catch in some sections caused fishermen to bring in most of their traps during the past two weeks but at Miminegash harbour where one boat landed 300 pounds on Tuesday a large percentage of the traps remains to be landed. As no more lobsters can be landed legally any in these traps will have to be released at some loss to the fishermen.

The fall season just ended has been the best in recent years, August the opening month being exceptionally good. The catch fell of considerably in September increased again in the last two weeks. There were no major storm losses but fisherman from Miminegash to North Cape lost approximately twenty percent of their gear during strong north west gales the week ending Sept. 24th. Losses were lighter in the Campbellton to Brae section.

Among the top fishermen in their areas were Ernest MacDonald, West Point; Hubert Gallant, North Cape; Frank Phee, also from North Cape and Leo Doucette of Miminegash.

A strong decrease in the number of illegal fishing cases this year has been attributed mainly to the good fishing during both the spring and fall seasons and to stronger protection measures by the Dept. of Fisheries.

Prices remained steady at 28 for canners and 32 for markets.

Let's Talk It Over

by "d"

Public buildings, like Summerside High School, which are without human occupancy during the wee, small hours of the night, and which are also remote from the regular police beats of the Town, are particularly vulnerable to the attack of vandals, who committed their depredations with virtual immunity from detection and arrest. The High School in Summerside has been made the object of such attacks with alarming regularity in recent years. Last summer many windows were broken, and the latest episode included the smashing of locks and door panels.

The inclusion of a resident janitor in such schools should certainly help to discourage such vandalism. With a janitor and his family living in the building, the culprits, bent on vicious destruction, would be pursuing their nefarious activities with considerably more risk than in the case where the janitor's home is outside the school building of course, there are other advantages which the janitor himself might not look with favor on He would always be around to help in emergencies that come up suddenly, and that might require his cooperation.

lope from a mental and physical standpoint. "Without moral development, these two would amount for nothing," he said.

DAY OF SUCCESS

Hon. Dougald MacKinnon representing the Premier of the Province who is at Ottawa, said, "You people of North Rustico have a day of success." He recalled the fire which destroyed the former school and his visiting the scene of the disaster on the following morning.

He described such happenings as, sometimes blessings in disguise "for you have built a much better one which I believe to be the finest of its kind in the Province." Mr. MacKinnon told the ratepayers of the District, "You have the wealth of the sea and your fine fertile fields but the greatest asset that you have is the youth of your community." He said it was never more important than in the present day for children to have an education and although it might be a burden for the people to pay off the debt now existing on the school it would prove to be a labour of love.

Father L. J. Ayres in reviewing the history of the schools of the Parish recalled that the first school in the district was named St. Andrews. It was a three roomed school which was eventually replaced by Stella Maris four roomed school which in turn grew into an eight roomed building. The former Stella Maris School was built in 1940. It was destroyed by fire in March, 1954.

In July of 1954 the building of the present school was commenced with the contract being let to Mr. Earl Gallant. The financial secretary for the building program was Mr. Joseph Goudin. Father Ayers said that the fourteen roomed school house which gives instruction up to grade twelve cost $75,000 completely equipped. In addition to the class rooms there is a music room, a library, a lunch room and a recreation room. The trustees during the building of the school were Richard Gauthier (chairman) Leo R. Gallant, Ernest Buote. Father Ayers paid tribute to the valuable advice given by the teaching staff whose experience he said totalled 166 years.

Mr. R. R. Bell, M.L.A. congratulated the district on their fine new building and suggested that at the same time they make an effort to bring the surroundings up to par with the new school. Mr. Bell noted many improvements in the community of Rustico during the past 16 years and predicted that it would continue to thrive in the future.

Mr. George Kitson, M.L.A. added his congratulations to those of previous speakers. He said it was a marvellous achievement that a district could erect such a splendid building and not have to borrow more than $14,000.

A piano selection at this time by Master Lionel Goudin showed that this young man has a fine touch and balanced timing in his playing. His selection was heartily applauded.

DEPUTY MINISTER

Dr. L. W. Shaw, deputy minister and director of Education told those assembled that they should think of their new school not as a large expenditure but as a splendid investment. "Often we fail to realize that what we spend in education, we must wait some time for results—but results are bound to come," he said.

The deputy minister noted that the school was bright and cheery in its interior and this, he said, was very important. He said "you cannot expect to keep children in dull dreary surroundings without such conditions having an effect on them and if this were true then the reverse must certainly be ture also."

Dr. Shaw congratulated the teachers for their contribution in bringing about the building of the new school. He said, "You have given your advice, you have lent your help and now you are ready to reap the benefits therefrom." He reminded the pupils that the school was theirs, given to them as a trust. "Se that you keep it as nice as it is today so that for those who have not started to school and even for those not yet born you may be able to say, "we have done our part, now it is up to you."

Speaking briefly also were Judge Sylvere DesRoches of the Kings County Court and Rt. Rev. Monsignor J. A. Murphy of St. Mary's Parish, Souris. Both speakers reiterated the remarks of the previous speakers adding their words of congratulations to the trustees and the ratepayers.

Yesterday morning at 9.00 a.m. Monsignor Murphy read Mass at Stella Maris Church and blessed the new School. He was attended by Rev. Earl Dalton and Rev. Clarence Pitre.

Thank Offering Service Held

The October thank offering meeting of the Afternoon Auxiliary of the W. M. S., Summerside Trinity United Church, was held in the church parlor on Tuesday with the president, Mrs. A. A. Lockhart, in the chair and Mrs. B. R. Sharp at the piano. After the president graciously welcomed the large audience, the hymn "My God, I Thank Thee" was sung, followed with prayer by Mrs. Lloyd Clark, and the repeating of the Lord's prayer in unison.

During the business session the community friendship secretary, Mrs. Albert Huestis, reported 80 home and hospital calls, 17 sympathy cards, 11 get-well cards, 17 treats and 18 flowers. The supply secretary, Miss Millicent Strong, made an appeal for new or used clothing for overseas relief. Mrs. W. K. Llewellyn read an acknowledgement from Mrs. A. Williamson, field agent of the Maritime Home for Girls, Truro, N. S., for a special contribution received. Mrs. Llewellyn also gave a reading entitled "October Days." A letter was read by Mrs. T. R. Palmer from Miss Elma Inman, Saint Augustine, Trinidad. Mrs. Albert Linkletter gave a reading on Christian stewardship. She stressed the need for a better life for all God's childjen. The Missionary Monthly subscriptions were renewed.

Mrs. Victor Travers led the devotional period, the theme being "Thanksgiving." She was assisted by Mrs. Roland Phillipson who led in prayer and Mrs. Emmeline MacKay read the 104th psalm. The hymn "O Lord, Thou Art My God And King" was followed by the reading of the 96th psalm by Mrs. Harry Simmons, and by the repeating in unison of a general prayer of thanksgiving. A special thank offering, which was received by Mrs. Charles Meikle and Mrs. T. R. Palmer, amounted to $280.00, and was dedicated by the leader, Mrs. Travers. The closing hymn was "A Charge to Keep I Have."

Following the benediction, a social hour was enjoyed. Lunch was served by a committee consisting of Mrs. Walter Callbeck, Mrs. Vernon Metherall, and Mrs. Hillard Arthur, assisted by the other members of the Auxiliary.

P.E.I. Retail Merchants Ass'n Annual Meeting

The sixth annual meeting of the P. E. I. Retail Merchants Association was held yesterday afternoon in the Baptist hall, Summerside with the president, P. M. McCaull, Ellerslie in the chair. In attendance were Messrs. D. A. Gilbert, president and general manager of the Canadian R. M. A., Winnipeg, F. A. B. Rands, general manager of National Foods Division and food consultant for R.M.A. of Canada, Toronto, M. M. Wocks, national public relations director for R.M. A. of Canada, Winnipeg and E. Jestin, R.M.A. field man, Winnipeg.

Reports were given by the president and committee chairman followed by a business discussion period during which several resolutions were presented and approved and ten new members were admitted to the organization

The resolutions were:

That R. M. A. go on record as offering full support of the P. E. I. R.M.A. to the potato growers in moving the P. E. I. potato crop at a fair and reasonable price and that we ask our national office to enlist the support of the member provinces from coast to coast. That with all provinces working together to dispose of their own and each others surplus crops of all kinds, immediate alleviation of these problems would be felt and that we at this meeting offer the same support to other provinces."

"That the three senior (years of service) directors be retired each year and three new directors be added to the board."

The nominating committee recommended the return to office of the complete board of directors but after discussion it was decided that due to his absence, J. D. Gaudet be replaced by F. L. Platz. The executive will be appointed at a meeting of the board of directors next Wednesday evening. A nominating committee for the next annual meeting was appointed from the chair consisting of Messrs. S. D. Dixon, Tryon, H. E. Phillips, Conway, and W. G. Ellis, Springfield.

The board of directors is as follows: Albert Noonan, Alberton; H. E. Phillips, Conway; P. M. McCaull, Ellerslie; J. F. Jenkins, Summerside; S. D. Dixon, Tryon; Edwin Bernard, St. Eleanors; W. I. Bowman, Hunter River; F. L. Platz, Searletown; Hedley Palmer, Roseville; W. G. Ellis, Springfield; E. H. Stewart, Montague; J. R. MacLean, Souris.

Mr. Rands, who was introduced by Mr. Gilbert, said business is like a sport, both need fair competition as opposed to the "everything goes" type of competition. He stated that it was the individual responsibility of the retailer to promote fair practises as well as to improve service to the consumers.

Mr. Rands related many of the advantages of the R.M.A. which included an opportunity to exchange ideas leading to new discoveries, the protection of the interests of each member and better relations with everyone with whom business is transacted. He concluded saying that R.M.A. is the only national organization looking after the needs of the retailers.

Mr. Gilbert said he and the other members of the national organization with him, were here to form a P. E. I. Division of the Canadian R.M.A. which, he said, was organized 59 years ago and now has over 40,000 members. The essential purpose of the organization is to serve the consumer public with quality merchandise priced as low as possible and still yield a fair profit. He described advertising as a scientific, specialized profession designed to bring the consumer into the store, to make it easier for the retailer to move his goods.

He told the retailers that they need to use their promotional power, not recklessly, but with skill and stated that "enthusiasm" is the priceless ingredient in successful promotion. Mr. Gilbert warned against misleading advertising copy which he said can undermine consumer faith. He said there are five basic types of display, but the most effective is the one that is tied-in with advertising.

Mr. Gilbert said "don't let anyone tell you that business isn't good in Canada or in the Maritime Provinces". He stated that there has been a 10.8 per cent increase in retail sales in the Maritimes throughout the month of June as compared to June 1954 and added that "this year can be the greatest year ever for the merchant who is alert. "Mr. Gilbert also pointed up many other benefits derived from being a member of this big association for independent merchants. S

Evangelistic

More than one third of the Gospel pages are taken up with how Jesus came to die.

2. The rest of the New Testament from the Acts of the Apostles to the end of the Epistles, the life and teaching of Jesus referred to less than a dozen times, but His sacrificial death referred to at least 300 times.

3. The place of the Holy Table, or Altar, in any Church, gives emphasis to the place of Christ's death, a central place in our faith.

4. The cross, Why did Jesus die upon the cross. How strange the symbol of shame should become the symbol of a conquering faith.

5. In the Apostles Creed. the Gospel meaning good news.. is the statement of Christ's trial suffering and death, yet here the very salvation God has given through Jesus Christ.

As on former evenings the service commenced by a twenty minute period of the singing of Gospel hymns led by Rev. Rees, Mrs. V. L. Dingwell, organist of St. Paul's Church was at the organ and assisted by Mrs. K. S. Rogers at the piano. St. Paul's Choir of about forty voices led the singing, in which the congregation joined most heartily.

Yesterday afternoon Rev. Mr. Rees conducted a service for women which was largely attended, and most impressive.

Last night following the service Rev. Mr. Rees was the guest guest speaker at a Diocesan Young People's Rally in St. Paul's Hall. Members of parochial branches of the A.Y.P.A. of P.E.I. were present. Many decisions to serve and follow Christ were made. This meeting with the young people proved one of the high-lights and most successful of the evangelistic services and meetings of the mission.
