

UPEI to defend Golf Crown

The University of Prince Edward Island Golf Team, last year's A.I. A.A. Champs, puts it's title on the line this week at the Ken-Wo Golf and Country Club in Wolfville, N.S.. This year's team was decided on a 36 hole tournament at the Belvedere Golf & Winter Club, Tues. & Wed., September 22nd and 23rd. Danny MacIsaac, playing some fine steady golf was low man with a 150 total on rounds of 75-75.

Danny is a first year man, graduating from Ch'town Rural last year, and looks like his presence will be felt in Golf at U.P.E.I. for the next three years. Other members of the team include Jim Gairmus, the only hold over from last year's Championships team, shooting steady rounds of 81-81. John MacMillan, another first year man who this year won the Belvedere Golf & Winter Club Junior Championships, had

rounds of 84-79 to tie for third spot with Dave Campbell who shot identical rounds of 84-79. Dave played in the A.I.A.A. Tournament two years ago here in Charlottetown representing the now defunct Prince of Wales College.

The team poses a big threat to successfully defend it's title, and we look for a strong performance from these four capable boys. We wish them the best of luck at Wolfville and hope they can bring the Championships home to U.P.E.I. for it's second straight year and only it's second year in operation. Results will be published in next week's paper.

Intramurals

One of the strangest intramural tournaments will be ehld on Oct 4th. It is a first for any University in North America. You guessed it. Yes, it is a TUNA TOURNAMENT to be held at North Lak.. It is an effort of the Athletic Department to increase it's intramural program. There will be seven teams; six student teams and one faculty team; all bidding for first prize which will be given to the team with the biggest tuna in pounds.

The event will be video-taped and presented to the North American Conference on Intramurals to be held in Indiana. Vince Mulligan will attend on behalf of U.P.E.I. and he hopes at that time to persuade them to have their next conference at U.P.E.I..

There is another Intramural Tournament on this week. It will be an Intramural Golf Tournament open to all faculty and students.

Even the worst golfers should enter because the scoring system in use will allow them to win or come near the top. The tournament will be held at Belvedere Golf & Winter Club. Entrance fee is the cost of green fees - \$2.00 dollars. The tentative date for the tournament is Tuesday, October 6th.

All those people interested in becoming officials for Intramural sports are required to attend a clinic to be held this week. All those interested should contact Vince Mull-

igan. Mr. Mulligan's office is located in the Gym behind the stage.

Intramural football will be starting soon. According to the Athletic Department, the teams will go by houses, i.e. Dalton, Memorial, Main, Dale, Caroma, Monty Hall and City.

This year there will be two types of football played; flag and tackle. The leagues are made up of several teams and if your team loses two games you are eliminated. This continues until a winner is declared. Tackle is played first and immediately following completion of this league; the flag league will open play.

This is not final so there could be a Change in this. For schedules look on bulletin boards in residences and other buildings on campus.

On Wednesday, Sept 23rd, the U.P.E.I. Athletic Department held a trainer's clinic.

The clinic was run by U.P.E.I.'s head trainor, Dave MacNeil and the medical profession was represented by Dr. Burge. It was attended by approximately twenty-five people representing training staffs of high schools throughout the province.

The clinic covered various aspects treating injuries and a demonstration

of various instruments used by the Athletic Department at this University.

Varsity Sports

This weekend (Oct 3rd) the football Panthers open their season with a game against Acadia in Wolfville. Game time is 1:30 P.M.. All those who are able to attend the game should. The Panthers want and deserve our support.

Panthers hockey practices as yet are unscheduled. According to the Athletic Department the practices will start as soon as the ice is put in the rink.

According to the Athletic Department, there may be one or two exhibition games in Charlottetown involving teams from the Ch'town area and the University Panthers. The dates have yet to be announced.

Anybody interested in a managing position for Varsity basketball and hockey should see Ed. Hilton, Athletic Director. His office is located in the basement of the Gym.

The U.P.E.I. Tennis Team will be competing in the Maritime Intercollegiate Tennis Tournament at Dalhousie University on Oct. 12th. This tournament is for men only who will compete in single and double competition.

Atlantic College Bowl will be held on November 14th at Saint Mary's University field in Halifax. It will be played between the winner of the Bluenose Football Conference and Central Canadian Intercollegiate Football Conference with the winner to go to the Canadian College Bowl.

Canadian College Bowl will be held in Toronto on November 21st. The opponents will be the winners at the Atlantic College Bowl and winners of the Western College Bowl who will decide who will reign supreme in Canadian Intercollegiate Football for 1971.
