Power Project Talks Planned

TORONTO (CP)—Officials of British Newfoundland Corporation Limited will meet here Monday with Newfoundland Premier Joseph Smallwood and other Canadian, New York and London interests to discuss a Brincos role in the proposed Hamilton Falls power project in Labrador.

Following a break-down in negotiations between Brincos and Hydro, which could not agree on the price October 20, should pay for power from Hamilton Falls, Brincos has been given to routing Hamilton Falls power to New England by way of a cable and cables and through the Maritimes.

Robert H. Winters, chairman of Brincos, said he has not seen the feasibility report prepared by a British engineering consultant firm, but knows generally what it is in.

And if you don't draw trumps at once, you can cash the A-K-Q of clubs first, it is practically certain that West will try one of them to defeat you.

BEATLE-TYPE HAIRCUT SPARKS SCHOOL UPROAR

RICHMOND HILL, Ont. (CP)—Parents of at least three high school students here have indicated they will allow their sons to retain their long Beatle haircuts following a letter from the principal requesting their views on the matter.

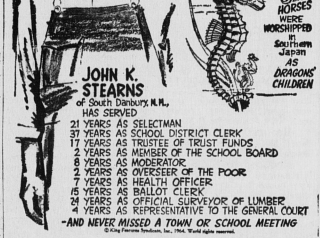

Walter McKinlay said he would not cut his 14-year-old son Jim's hair unless he could attend school otherwise.

Parents of two of the other students said they would not let their sons have a haircut.

Mr. Morrison's letter to the parents said the haircut and other teenage affectations, such as high boots and black jackets, had become a trademark for groups whose behavior is socially unacceptable.

RIPLY'S BELIEVE IT OR NOT

The original plans had called for the Immense horsepower from the project to be carried through Quebec to New York. The Newfoundland and Labrador Maritimes to New England would be feasible from an economic and engineering standpoint.
