**PROUD RANK**

The rank of drum-major in the British Army can be traced as far back as 1632.

Barnyard Spectacle

Chickens have the nasty habit of pecking each other's eyes when they get into a tiff. And once the flock sees blood they all pile in and make it a free-for-all. One farmer made them cut out the rough stuff by making "spectacles" of aluminum foil. No more trouble!

We never know who will think up what new use for aluminum. But we do know that the demand for this light, strong, non-rusting metal keeps on going up and up and up. That's why Alcan is busy on new dams and power plants and smelters to further step up supply. Aluminum Company of Canada, Ltd. (Alcan).
