General Telegraphic News.

KINGFISHER, O. T., May 4.—Cheyenne Indians have assumed a threatening attitude against settlers in the newly opened land. The building of a town on the site of an Indian burial ground is regarded by the reds as the greatest sacrilege, and they threaten to burn it and massacre the inhabitants. Troops are to be sent to the scene.

TORONTO, May 4.—The Globe's London cable says: "Despite the gradual decline in the foot and mouth disease, farmers are still further urging the need of greater restraint in the imports of live stock. The latest idea is to promote a monster petition from the farmers of all parts of the country, asking parliament to totally prohibit the importation of foreign live stock except for breeding purposes. Farming papers support the idea."

MARSEILLES, May 4.—The Illinois river is rapidly rising and the city is threatened with inundation. Should the levee break it is feared every manufactory in the city would be swept away.

HALIFAX, May 4.—For some months it has been the practice to have lighted candles on the altar during the celebration of holy communion at the Bishop's Chapel. This has caused serious trouble in the congregation—the finances ran down, several members have left the church, and others threatened to do so unless the practice was discontinued. To-night a meeting of the congregation was held, at which a large majority expressed themselves opposed to the innovation, and Bishop Courtney, who was present, ruled that in future the candles must not be lighted. In making this decision the bishop did so, not on doctrinal or legal grounds, but solely to preserve peace in the congregation. He refrained from expressing an opinion on the merits of the question.

OTTAWA, May 4.—The correspondence on the question of the union of Newfoundland with the Dominion, presented to parliament to-day, is confined to the year 1888. In response to the invitation of the Dominion Government, Newfoundland promised to send a delegation to Ottawa and suggested a date in July for the meeting to be held. The Dominion authorities said the time was inconvenient and proposed September, to which Newfoundland concurred. Before September arrived the governor of Newfoundland wired Ottawa that the delegation could not visit Canada, no explanation being given; and at this point the correspondence ceases.

MAKES FLESH AND BLOOD.—When the system is all run down and there seems to be no hope of obtaining nourishment for the body by the ordinary process of food supply and digestion, when the body is sinking fast, then is the time to use Miller's Emulsion of pure Norwegian Cod Liver Oil. It always works wonders, because it is a flesh and blood maker and contains all the constituents for nourishment found in wheat, in fact, Miller's Emulsion is a perfect "staff of life," and has saved and cured thousands. In big bottles 50c. and $1 at Charlottetown drug stores.

THE LADIES DELIGHTED.—The pleasant effect and the perfect safety with which the ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

The Republicans have made large gains at the municipal elections lately held in France.

The Telephone Company
—OF—
P. E. ISLAND.

PARTIES using the Telephones would find talking much more satisfactory if they would observe the following rules:—

1st. Speak with the mouth about four inches from the transmitter.

2nd. Speak in a moderate tone of voice, not too loud, and distinctly.

3rd. Place the telephone so as to cover the ear, just as if you wished to shut out all other sounds. Do not press too hard on the ear.

It is possible to talk and be heard when standing back two or three feet from the transmitter, if you shout loud enough, but it is not a pleasant mode of conversation, is entirely unnecessary, and is a useless waste of wind and lungs, besides being very annoying to all within range of your voice.

SAVED!

The testimonial below refers to a patient who was pronounced incurable by leading physicians in England:

From Rev. Dr. Hill.

M. F. Eagar, Esq. HALIFAX, N. S.

Dear Sir,—I feel that it is due to you that I should say publicly what I have said privately very many times, namely, that I firmly believe your PHOSPHOLEINE was the means of restoring a near relative of mine to ordinary health. The patient was apparently in the last stages of Consumption, but with the concurrence of skilled physicians your PHOSPHOLEINE was tried, and, I am happy to say, with results that I certainly did not anticipate. My friend is to-day in the enjoyment of excellent health.

Believe me, yours very truly,
GEORGE W. HILL, D. C. L.
Rector St. Paul's.
