**New York Stocks**  
NEW YORK (AP) — Railroads, aircrafts, oils and steels dragged the stock market lower Wednesday. But volume was light, trading selective and some industrials recovered from a mid-afternoon flurry of profit-taking to close together.

Motion pictures, utilities, chemicals and building material producers also favored the mines column. But most airlines and copper mining issues improved while motion picture, radio-television and retail chains ended mixed.

The Associated Press average of 60 stocks declined 50 cents at \$133.90. The industrial component was off 50 cents at \$182.50, the railroad component lost 70 cents at \$97.90 and utilities dipped 10 cents at \$64.30.

Canadian issues were mixed. Higher than Canadian Pacific were International Nickel, up 3/4 and Hiram Walker, up 1-2. McIntyre fell 1-2. Distillers Seagram fell 1-4 and Dome Mines slipped 1-8. On the American stock exchange, Royalite Oil, a Canadian issue, fell 1-8.

Junior base metals eased but Campbell Chibougamau hit a 1954 high. Quebec Metallurgical was prominent on the downside.
