A PUBLIC MEETING

Of the inhabitants of Alberton and vicinity was held, pursuant to notice, at the Temperance Hall, Alberton, on Wednesday, the 26th ult., to take into consideration the distressed state of the District, when the following resolutions were unanimously adopted:—

Proposed by James Forsyth, Esq., seconded by Hon. G. W. Howlan,—

That, owing to representations made to this meeting, we are of opinion that very great distress does exist in this District, and that, at the present time, such scarcity of grain and fodder exists, that unless the Government will grant a sum sufficient to obtain seed grain, a very great number of persons will suffer from real want for this great necessity of all farmers. Proposed by G. M. Clark, Esq., seconded by Wm. Hubbard, Esq.—

Therefore, Resolved, That in the opinion of this meeting, a memorial setting forth the foregoing resolution should be sent to the Government, requesting the grant of such a sum as the Government may think meet for the purpose of procuring seed for those in need, and that such sum be placed in the hands of a Committee, to be named by the Government, in the several localities in the District needing assistance.

That such said amount be added to the next instalment due on land, with interest. All parties not on Government lands to pay the same as may be in accordance with the view of the Committee, having due regard for the condition of the applicant and security for the Government.

Resolved, That Richard B. Reid, Benj. Rogers, and Neil Woodside, Esqrs., do constitute a Committee to memorialize the Government, in accordance with the views of this meeting.

Moved by Herbert Bell, Esq., M. P. P., seconded by Hon. G. W. Howlan, M. P. P.—

Resolved, Therefore, That a list be opened for subscriptions, and that James Forsyth, Esq., be appointed to distribute the same; and appoint agents, from whom recommendations will be required, to obtain relief. It was also further resolved that the following gentlemen do constitute a Committee to solicit subscriptions in behalf of the poor of the District:—Messrs. Daniel McIntyre, Wm. Wells, Richard B. Reid, John D. Woodman, John Clark, Jas. Rogers, R. H. Craswell, Antoine Perry, and William Hardy.

It was then proposed and seconded that the proceedings of this meeting be published in the Island papers.

Dr. O'Leary then vacated the chair, and Mr. John Carter was called thereto, when the thanks of the meeting were given to Dr. O'Leary for his efficient conduct in the chair. The meeting then dispersed.

R. B. REID, Secretary.

CHARLOTTETOWN DEBATING CLUB.—On Friday evening last, the question "Would a Sectarian system of Education be preferable to the one at present in operation in this Island," was opened by the Secretary, and after a prolonged discussion, was decided in the negative.

On Friday evening next, D. Laird, Esq., will open the question, "Would it tend to advance the prosperity of this Colony to make it a free port?"

R. R. FITZGERALD, Sec'y.

People—especially those in the country—often want to know the best and cheapest place to purchase their Dry Goods. To all such we would say, give ROBERT YOUNG a trial, confident that those who favor him with their patronage will not be disappointed. He is now offering the balance of his stock of Winter Goods at cost price, and White Cottons and Hoop Skirts at prices that requires to be seen to be believed.

HUNNEWELL'S

UNIVERSAL COUGH REMEDY. Ten Years have clearly proved that the theory of simplicity, the great element of this splendid preparation,

which allows its use whenever there is tickling or irritation in the Throat, and producing no debility, is the only and true theory by which Colds, Coughs, Hoarseness, Bronchial Complaints, and all Throat Affections, which, if neglected, end in Consumption, can be effectually cured.

Sore Throat, the great origin of Diphtheria, when neglected, is cured by making a Gargle with equal parts of water.

Whooping Cough is completely relieved of its violence by a constant use of the remedy.

Testimonials of undoubted character can be seen at my office by all.

Small Bottles, 25 cents. Large do 50 cts.

Sold by all Wholesale and Retail Dealers in Medicine.

Holloway's Pills.—Indigestion and Liver Complaints.—The digestion cannot be long or seriously disordered without the derangement being perceptible on the countenance. These Pills prevent both unpleasant consequences; they improve the appetite, and with the increase of desire for food, they augment the powers of digestion and assimilation in the stomach. Holloway's Pills deal most satisfactorily with deranged or diseased conditions of the many organs engaged in extracting nourishment for our bodies from our various diets—as the liver, stomach, and bowels, over all of which they exercise the most salutary control. By resorting, at any early stage of his malady, to these purifying and laxative Pills, the dyspeptic is speedily restored to health and strength, and his sallowness gradually vanishes.
