The Lord Mayor of London (Mr. McArthur) entertained the venerable African missionary Dr. Robert Moffat, at a banquet at the Mansion House, on Saturday night. Dr. Moffatt was the father-in-law of the late Dr. Livingstone, and has now reached the venerable age of eighty-three years.

Mr. Alex. Blue, of West River who came home last fall, on receiving the sad news of the death of his brother Hector, left last Wednesday for Collingwood, Ont., to join his brother James in their new home. Mr. Blue carries with him the best wishes of a large circle of friends and relatives.

A wave of strikes is sweeping over the greater part of the United States and portions of Canada—an undoubted indication that an era of prosperity is at hand. We have no reason to dread the approach of strikes of this nature, but rather to hail their arrival with satisfaction.

The steamer *Worcester* arrived from Boston on Wednesday with a general cargo and the following passengers, Mrs A E Sinclair, Miss Katie Mullins, Mrs. Hornaby and child, Mrs McLeod, Miss Mary E McLeod, Lizzie Conquest, Messrs Jas Boyle, J Warren, C Auld, Jos Fogerty, Saville H Campbell, W H Green P McLeod, C E McDonald.

The Scott Act has gone into force in Lambton, and Hon. Alex. Mackenzie has left for Europe. If the Ministerial papers were animated by the spirit of the Grit press they would insinuate that there is some connection between the two events! Scandalous references are drawn by the Blakeites from quite as incoherent premises.—*St. John Sun.*

Rescued.—On Wednesday a ladder, which fell from the top of Quirk's Warehouse on Pownal Wharf, struck a man named Peter Murray, and knocked him headforemost into the dock. He struggled under the ladder in the water for a few moments, or until William Batt jumped in and saved him from his perilous position.

Mackerel.—Everybody interested in the fish trade is watching closely the movements of the New England mackerel fleet as its success or failure is indicative of the prospects in the provinces. The quality of the mackerel taken down south this spring is said to be good for the season and the size about the same as last fall's was.—*St. John News.*

This firm are negotiating for several other valuable properties.

The first arrival of the new Allan steamer "Parisian" at Montreal, is to be made the occasion of a banquet tendered to Sir Hugh Allan and Mr. Andrew Allan by the citizens of Montreal. An influential committee has the matter in hand, and to-morrow has been fixed upon as the date upon which the event takes place.

Ex-Chief Justice Duval, of Quebec, died at his residence in Quebec on Friday. In his earlier days the deceased practiced in Quebec, and was considered a very successful lawyer. On his retirement from the Chief Justiceship, the Hon. Sir A. A. Dorion was appointed his successor. Since then the deceased has been almost entirely confined to his room.

The Intercolonial Express Co., having succeeded in obtaining a through tariff from Charlottetown, parcels can now be forwarded over all lines controlled by them at *one-half the rate* formerly charged. This will be a great advantage to shippers, and will no doubt materially increase the already large business of this popular Company.

We regret to learn that Charles Robertson, Esq. clothier, Queen Street, met with a very serious accident on Thursday, 5th inst. While going on board Mr. Connolly's brigt. Happeny Runs Three Miles in 15m. 25s.—M. J. Happeny, formerly of Charlottetown but now of Boston, is reported as having beaten the American three mile record on the fair grounds at Lowell, on Saturday afternoon. Donohoe, of Lowell, who was to run with him, did not appear, and the run was made on a $100 wager that he could not lower the American record—15m. 3½s., made by P. J. McDonald, of New York, which he succeeded in doing just 13½s.

P. E. I. Breakwaters.—Mr. Geo. E. McLaughlin, C. Councillor Chappelle, at the meeting of the City Council held on Monday evening last, submitted a resolution, asking that a Committee of two be appointed to procure a proper building for a Police Station, and report on next regular night of Council. Councillors Chappelle and Lawson were appointed said Committee. We are glad that steps are being taken in this matter, and hope the Committee may bring in such a report that will warrant the Council in immediately providing a comfortable and well appointed Station. The present quarters are a disgrace to the city.

The pretty row at Washington over the presidential nominations shows no signs of quieting down. The split in the Republican party is as clearly defined as ever, and Senator Conkling is playing his cards with all the skill he can. His antipathy to Robertson is perhaps not so much a question as his determination to control the patronage of the state. The president, on the other hand, was moved in the first instance by personal friendship for Robertson and he feels that the party ought to stand by him. The republicans will not have much to thank either Garfield or Conkling for, if the row ends in the disruption of the party.

New Manufactures.—At the meeting of the City Council, Monday evening, a letter was read from the Charlottetown Wollen Factory Co., stating that they intend to put into operation a Woollen Mill for the Manufacture of tweeds, yarns, blanketing flannels, etc., within the limits of the city, to commence in May 1881, and therefore, claim exemption from city taxes for the space of five years from the date of commencement, in accordance with the law passed during the last session of the Legislature. Before the meeting adjourned Councillor McLean gave notice that at the next meeting he would introduce a bye-law for the purpose of exempting certain industries from taxation.

We think the *Pioneer's* correspondent, "Spy," has chosen a very appropriate name. Nothing could be more in harmony with his malicious style of writing against his political opponents. Had the writer failed to attach any signature to his puerile attacks upon such men as Hon. Mr. Ferguson, we believe a discerning public would see at once that the author was a "spy," a pimp, or an informer of some kind. The tone and tenor of his remarks reveal the characteristics of the writer. Upon the whole, it is just as well that such mortals find an outlet for their malice, as it will keep them for a time out of other mischief, and in this case inflicts no more injury than the "dog barking at the moon."—*Advertiser.*

Another New Division.—D. Rogers, Esq., G W Patriarch, of the Sons of Temperance of this Province, on the 28th ult, organized a new Division at Victoria, Crapaud, with 28 charter members. The Division was named Onward Division, No. 125. The officers installed were as follows:—W P, Warren Wood, Esq; W A, K. McQuarrie; R S, G. C. Mackintosh; A R S Henry Fay; F S, Thomas Bulpit; Treas, J S McQuarrie; Chap, Rev. J. S. Pinney; Con, J. H. McDonnel; A C, D. Brien; J S, J Cameron, O S, J. R. Lea; P W P, B. Farrow. Regular night of meeting, Thursday, G. W. P. Rogers expressed himself as well pleased with the appearance and prospects of this Division, and believes that with the presence and assistance of one of our most esteemed clergymen, the Division is destined to occupy a foremost position.

The steamer "Worcester," which arrived from Boston Wednesday morning has been much improved since she left this port last fall. She is, to every appearance, an excellent boat—well fitted for the work she performs. During the winter the Company have spent $10,000 on her improvement, and they feel safe in saying that she is now in better condition than when she was first launched. She has been strengthened forward and aft, has received new propeller and shaft, together with various repairs to her machinery. Her cabin has been fitted and furnished anew, and nothing which would tend to the comfort and convenience of passengers has been overlooked. This being the case, we bespeak for all who have the good fortune of a passage in the "Worcester" a safe and enjoyable trip, which they cannot fail to experience with a careful captain like Mr. Hedge, and attentive purser like Mr. Sawyer, and obliging steward like Mr. Ford.

Beating the World.—On Thursday morning, in Fleetwood Park, Mr. Robert Bonner drove his famous bay gelding Edwin Forrest to a top wagon weighing, with the driver, 360 pounds, a half-mile in 1.09. This is the fastest half mile ever trotted by any horse, mare or gelding in the world carrying that weight.

The Montreal *Witness* says that the reasons ascribed by the trade for the rather sudden advance in sugars seem to be that prices have been kept down in Montreal much lower than elsewhere by the Lower Province competition; while the leading Refining Company there has been obliged to forego manufacturing for several days owing to the absence of the water in the canal. Thus a demand was created which caused the rise, and as stocks on hand are not heavy, firmness is expected to continue for a time.

Burned to Death.

Pinette and vicinity was on Tuesday morning shocked by the news of Mr. William Chaisson's terrible death on board the schooner *Pursuit*. This vessel, of about twenty-four tons, was moored at Pinette Wharf, and was sailed by her owner (Capt. McInnis) and the deceased, who, on Monday, was engaged at making fences on the farm of the Captain. He went on board the vessel late in the evening, and at nine o'clock a gentleman who visited the schooner reports him in the cabin actively engaged mending his clothing alongside a heavy fire in the cabin stove. It is supposed that after completing his work he went asleep in the bunk and the vessel took fire from the defective stove. No one in the settlement during the night saw the fire or knew anything of it until morning, when his bones were found in the *debris* of the schooner by those having business at the wharf.

Mr Chaisson belongs to Rollo Bay. He was a man of about sixty years of age. He leaves a wife and family of four children to mourn his sad death. The schooner was totally destroyed.

A Sad Death.

The young man named Fisk, whose hand was injured by a gun shot wound a few days ago, died on Tuesday evening at the City Hospital, under the most distressing circumstances. Soon after his admission to the Hospital it was observed by the Surgeons in attendance that symptoms of lock-jaw were threatening to complicate the young man's already serious condition. Those symptoms gradually became more and more manifest, and soon were followed by convulsions of the most terrible severity. Everything that could possibly be done to obviate the almost certain termination proved of no avail. Last evening he sank exhausted, his consciousness being preserved to the end. His body was taken to his home in Tracadie. We heartily sympathise with his bereaved parents.

Sudden Death.

A young woman named Catherine McGuigan, formerly of Hope River, died very suddenly Tuesday evening, at her residence, Dorchester street. She attended service at St. Dunstan's Cathedral, and returning home about eight o'clock, was seized with cramps. She retired to a room and summoned some members of the household, who, on arrival, found her very ill. A priest and a doctor were sent for, but they had scarcely arrived when she expired.

Another Sudden Death.

On Monday last, Mr. Benjamin Robinson, of Crapaud, died very suddenly. He was walking from one of the fields in rear of his house when he was seized with convulsions and fell to the ground. Some members of the household hurried to his assistance, but he died a few moments after their arrival. Mr. Robinson was one of the most respectable farmers in the vicinity of Crapaud, and deservedly respected by all who knew him.

James A. Leaman, Esq., of Truro, N. S., paid the farmers of this vicinity his annual visit last week, and left over one thousand dollars behind him, in exchange for twelve horses, which he bought and shipped from this Station on Saturday last. Mr. Leaman stands high in the estimation of the people in this locality as a shrewd, square business man.

A company is being formed here for the purpose of getting up a first-class Trotting Park. It will be within a quarter of a mile of this Station, and on the most suitable grounds yet used as such in this Province. It will be named the "Leaman Park."

Wm. T. Haslam and others, bid good bye to-day (Monday), to their many friends and left by morning train for the far West. Mr. Haslam has the best wish of all his acquaintances with him.

Our dealers are anxious for potatoes of all kinds, at prices ranging from 25c to 30c according to quality, whilst the farmers are careless in drawing. A change may be expected soon, viz., the buyers careless, and the farmers anxious to sell, and will change same at 30c to customers.

A Glorious Ambition.

Said the Scythian ambassadors to Alexander, "If your person were as vast as your ambition the world would not contain you." We have now a conqueror whose ambition is as boundless as Alexander's. The old world was too narrow a sphere for its exercise. We refer to Professor Holloway, whose desire to benefit mankind, unsated by the countless cures his medicines have accomplished, is now actively engaged in revolutionizing the treatment of disease. Conquest and subjugation are its objects—the conquest and subjugation of the various maladies that afflict the human race. The trophies of his skill are to be found in every region of the earth. It has heretofore been the universal complaint against even the most popular medicines that they were mere palliatives, relieving pain temporarily, perhaps, but never reaching the "*materies morbi*," or element of disease in the blood. Holloway's Pills, on the contrary, act specifically upon the primary cause of the malady in the fluids of the body, and from which they spring. In external disease the Ointment is used as an auxiliary to the Pills, and its sanitive effects are scarcely less wonderful.

We make these assertions—bold as they may seem—on solid grounds. We have warrant for them in the statements of standard medical periodicals, in the published acknowledgments of thousands of grateful convalescents, and last, but not least, so far as our private convictions are concerned, in our own personal experience and observation.

To the man whose profound research and practical skill in medical science have resulted in the production of such unequalled curatives, and whose energy and enterprise have diffused them through every inhabited region between the Equator and the Poles, the homage of the world is due.—*New York Sunday Dispatch.*

Paris, May 10.

The war in Tunis, which appeared to be almost terminated by the occupation of the Kroumir stronghold at Sidi Abdullah Ben d'Jemel, threatens to be considerably and unexpectedly prolonged. According to a special received by the "Figaro," the Bey instigated, presumably by Maccio, and stung to exasperation by invasion of his territory, sent a letter to the Caido, denouncing the French as traitors, and encouraging them to resist their advance. In his letter he asserts that Turkey is backed by Germany, and Italy is prepared to support Tunis. The consequence of this epistolary folly may eventually be no less agreeable to Mahomed El Sadok than to the French.

VEGETINE.

J. Bentley, M. D., says.

It has done more good than all medical treatment.

Newmarket, Ont., Feb. 9, 1880.

Mr. H. R. Stevens, Boston, Mass.,

Sir—I have sold during the past year a considerable quanity of your Vegetine, and I believe, in all cases it has given satisfaction. In one case, a delicate young lady of about 17 years was much benefitted by its use. Her parents informed me that it had done her more good than all the medical treatment to which she had previously been subjected.

Yours respectfully,
J. BENTLEY, M. D.

VEGETINE.

GOOD FOR THE AGED.

WILL YOU READ THIS.

Clifton, Ont., Jan. 16, 1880.

H. R. Stevens;

Dear Sir—I advise you of the good results of your Vegetine. My wife's father, now nearly eighty-five years old, was attacked with *erysipelas* in its worst form. His head and face were swollen so that he was blind, and one of his limbs was badly swollen and discoloured, and broke out in several places and discharged His physician said there was no remedy that could cure him, as he was such an old man. To gratify a son-in-law, he was persuaded to take your Vegetine. Seven bottles cured him, and he is now a healthy old man.

Last Spring I was troubled, with a disordered stomach, with a sallow skin, want of appetite, cold extremeties and headache. Satisfied that this condition of things arose from poverty of the blood. I took two bottles of Vegetine; it cured me, and I am satsfied it is the best tonic and blood purifier in the market, and am only too happy to make known these facts to the world.

Yours very truly.
A. MENZIE

VEGETINE.

I have Much Pleasure in Testifying to its Efficacy.

Toronto, Ont., Feb. 23, 1880.

Mr. H. R. Stevens, Boston, Mass.:

Dear Sir—I have much plesure in testifying to the efficacy of your Vegetine for the cure of *Rheumatism*. Having been persuaded by a friend to try it, I took four bottles, from which I derived great benefit, and strongly recommend any person suffering from the same afflicting malady to try a course of Vegetine.

Yours resp'y

VEGETINE.

It Has No Equal.

Montreal, Jan. 29, 1880.

H. R. Stevens, Esq.—Dear Sir: I do not like to write testimonials for advertised medicines, but the great benefit that so many of my customers have obtained from the use of Vegetine compels me to say that with an experience of over 25 years, both in Great Britain and this country, I have never known such a useful remedy placed before the public.

St. John, N. B., April 11, 1880.

H. R. Stevens, Esq., Boston:

I have sold Vegetine ever since its introduction in this city, and from personal observation can safely say that it now takes the lead as a blood purifier.

RICHARD N. KNIGHT,

Jan 8, 1880.

H. R. Stevens, Esq.:

Dear Sir—I find the sale of your Vegetine constantly increasing, and from the favorable reports I receive from my customers, I consider Vegetine the best preparation in the market, for a blood purifier and general tonic.

Yours respectfully,
J. A. DAWSON,
Cor. St. Lawrence and St. Jean Baptiste Sts.

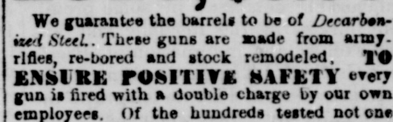
CLIMAX,



$6.50.

BREECH-LOADING SHOT GUN

ZULU, $5.50

We guarantee the barrels to be of *Decarbonized Steel*. These guns are made from army rifles, re-bored and stock remodeled. TO ENSURE POSITIVE SAFETY every gun is fired with a double charge by our own employees. Of the hundreds tested not one has failed. All these guns in future will bear the brand "Tested."

Hamilton, January 24th, 1881.

Mr. Chas. Stark,

Dear Sir,—We the undersigned have tried the "Climax" guns purchased from you by Mr. Blakeslee, and do not hesitate to say that they are the cheapest gun we have ever seen, and would be very cheap at double the price. We have done some very good shooting with them, and do cheerfully recommend the "Climax" gun to any one wishing a good gun.

Yours respectfully,
H. Craft.
