Unexpected Adventure For Guides At North Shore Camp

An unexpected adventure befell the Girl Guide Adventure Campers at Brackley Beach last evening, when a sudden heavy downpour necessitated a partial evacuation of their camp site.

To conserve the beauty of the National Parks camping grounds, trenches around the tents which ordinarily take care of such an occurrence had not been dug, and the heavy rain ran in under the tents, causing an emergency in low lying parts of the field.

The management of Shaw's Hotel rose to the occasion and kindly placed their recreation room at the disposal of the campers. Guests at the hotel turned out to drive the Guides to their temporary quarters, where they bedded down on dry blankets rushed to the scene of stolen goods, auto radio property of S.R. Johnston Limited.

A fine of \$10 and costs or 10 days was imposed upon residents of Clinton, Parkdale, Hamilton, and Charlottetown convicted of speeding.

A resident of Hampton was convicted of failing to drive his motor vehicle on the right side of the road whenever practical and fined \$10 and costs or 10 days.

Scores Of Teen-Agers Busy At Berry-Picking

Scores of boys and girls in their early teens are assisting many strawberry growers in the vicinity of Charlottetown, to gather the crop.

For the past three weeks, the National Employment Office in Charlottetown has been recruiting the young people, and recently they have been sending batches of ten to fifteen boys and girls to fill orders placed by the growers.

When an order is placed for pickers, arrangements are usually made to pick up the young-

sters at some central point such as the Market Square, Hillsborough Square or some other well-known landmark. Transportation is usually provided by truck or car. Before any of the youngsters are accepted by the National Employment Office, they must have a statement signed by their parents or guardian, to the effect that the National Employment Office accepts no responsibility for any accident or injury, which may occur during transportation to and from the farm of the strawberry grower.

Thus far, between 150 and 160 pickers have been placed in employment. This is a somewhat lower figure than last year. Because of cool weather the berries have ripened slowly, and it is only within the past week that the demand for pickers has increased. The Employment Office effects that if the weather continues favourable for the next few weeks, many more placements will be made; possibly as many as during the 1957 season.

To date, no orders have been received by the Local Office for older people, who usually hull the berries after they are received from the growers, and just prior to processing.

IF everybody looked alike and lived alike ... IN TRIBUTE

IF everybody had the same name ... THROUGH THE YEARS"

IF people were identical

IF these were true their identity wouldn't matter

BUT people are not identical

We are distinct individuals and long to express ourselves in our own personal way.

Remember this, when choosing a place in a cemetery for your family, do not choose the park type of cemetery where you are regimented and dictated to in your choice of memorial.

Choose rather a place in a traditional cemetery, the way that has been used by our forefathers for centuries. Here you may set the names of your loved ones apart with a memorial that is a tribute to them and a record of their way of life.
