Building Improvements

Some idea may be formed of the extent to which the trade of Messrs. James Paton & Co. has developed since they opened up business in the Brown Block, on the North Side of Queen Street, when it is made known that their present large establishment is found much too small, and it has become absolutely necessary that they should extend their premises through the block to Sydney Street. The extension will be seventy feet long and will be the full width of their present store. It will be two stories high, with basement, will be built of brick and will have an entrance on Sydney Street. The store proper will be extended back for about thirty feet. The rear or remainder of the first floor will be fitted up for millinery and millinery room, and the carpet room will be directly overhead, on the second floor, taking up about the same space as the millinery and mantle rooms. All the remaining portion of the second floor, the part which will be directly over the store, will be fitted up as a ready-made clothing department. The basement will be used as a store room for trunks, valises, etc. The whole will be fitted up with all modern improvements and conveniences, and will be heated throughout with hot water. The contract for the work has been let to Messrs. Parkman & Crabbe, and the building is to be ready for occupation by the 15th of September next. The plans were drawn by Messrs. Phillips & Chappell.

Mr. P. P. Gillis is building a two-story terrace house on the corner of Great George and Dorchester Streets, the plans for which were also made by Messrs. Phillips & Chappell. This house, when finished, will rank with the handsomest and best arranged in the city. It will be built of wood, with stone basement. In size it will be 57x39 feet. It will front on Great George Street. Each tenement will contain ten rooms, including bath rooms. The kitchens will be in the basement. The fittings throughout will be of the latest and most approved style. It will be heated by hot water. Lowe Bros. are the contractors.

Messrs. Phillips & Chappell have also made plans for the Lawn Tennis Club's new house at Victoria Park, which the contractors, Parkman & Crabbe, are to have completed by the 15th July next. This house will be 12x26, with verandah all around. The interior will consist of one large hall, with waiting rooms for ladies and gentlemen on either side.

W. C. T. U. Convention.

The annual meeting of the Dominion Women's Christian Temperance Union opened at St. John's N. B., on Thursday night, the 18th inst. by a meeting of welcome to the delegates in the Centenary Methodist Church, where addresses were delivered by representatives of various temperance organizations.

The session on Friday was held in the parlors of the Centenary Church.

The report on foreign work was presented by Mrs. Tait, of British Columbia. The Secretary read the report on the Conference with influential bodies, pointing out the steady growth of the temperance sentiment in Ontario.

The need of superintendents in the Maritime Provinces was pointed out.

Miss Tully read a report on heredity and health.

In the evening Miss Willard, President of the World's Union, addressed a large meeting in St. Andrew's Church.

At Saturday's session Miss Barrett, of Charlottetown, conducted the devotional exercises, and Mrs. Johnson and Mrs. Heard, of the same place, were made members of the plan of work committee.

Boston Markets.

Boston, June 18.

EGGS.—The market has been very quiet this week. The weather has been extremely hot and the demand has been light and for small lots only. Best western have been sold slowly at 17c. P. E. Island, N. S. and N. B. in moderate demand at 17c. for choice marks.

POTATOES.—There has been but little old stock on the market this week except Chenangoes. Choice hard Hebrons, Burbanks, etc., are clearing up well at former prices. Chenangoes have been in good demand at 95c. New Southern have been in moderate supply with sales at full prices.

FISH.—Trade is still moderate, but there are some indications of an improved demand. New fish are beginning to come in, and increased arrivals will soon cause lower prices. Codfish show but little change as yet. Herring dull for both bbl. and box. Some sales of new Nova Scotia mackerel at \$12 to \$13 per bbl. Canned lobsters in 1-lb tins, 1-lb tins (18x) \$1.95 per doz.

WHAT IT HAS COME TO.—A Rochester paper publishes the following intimation: "Married—Sir William Gordon-Cunningham and Miss Florence Garner. No cards."

MORE SHIPMENTS.—Summers le Pioneer: On Thursday two horses were shipped for Yarmouth, N. S., by a Mr. McLaughlin and on Saturday Mrs. Lyden and McGrath sent away 25 fat cattle for the St. John market.

INVESTING IN HORSEFLIES.—The Agriculturist says: A few days ago Mr. J. A. Gourie, V. S., purchased from Mr. W. S. Green, of this town, for Mr. Horace Bassard, of Charlottetown, a handsome carriage mare, five years old, by Herando, 2891, dam by French, Jr. This is a bay mare, with black points, finely get, and sufficiently speedy to make a very satisfactory driver.

LETTERS TO THE EDITOR.

A Few More Words With "Citizen."

Sir,—I do not profess to be learned in the law, but I can read and fairly understand the English language when I meet with it, and for the benefit of "Citizen," by your permission, I will give you an item or two from a paper now before me, of some decisions of the Supreme Court of the United States. What the English courts may say on the subject I do not pretend to know, but if they should be in accord with those of our cousins across the border, then I can only say (but the sooner they (the English laws) and those of the Dominion are brought into harmony with those of the United States the better will it be for the cause of temperance all over the globe.

You are perfectly cognizant of the action recently taken on which were styled the "Original Package" nuisance by our cousins, and I will quote, if I am not very much mistaken, a still more recent decision. If there be rigidity any where as regards the traffic in alcoholic liquors, I am of the opinion that "Citizen" will find it in what follows:—

The case came upon an appeal from an order of the Circuit Court of the United States for the Northern District of California. The appellant was a Henry Christensen, of San Francisco, who had been refused a liquor license by the Board of Police Commissioners of that city. It was claimed that "The State of California, by its officers, denies to him the equal protection of the laws, and makes and enforces against him a law which abridges his privileges and immunities as a citizen of the United States," contrary to the Fourteenth Amendment of the Constitution of the United States. The Northern District Circuit Court ordered the release of the prisoner, who was charged with selling liquor without license. The United States Supreme Court decided that the Board of Police Commissioners had arbitrary power to grant or refuse liquor licenses, and to reverse the order of the Circuit Court.

The opinion of the court, as delivered by Mr. Justice Field, says:— "It is undoubtedly true that it is the right of every citizen of the United States to pursue any lawful trade or business, under such instructions as are imposed upon all persons of the same age, sex, and condition. The possession and enjoyment of all rights are subject to such reasonable conditions as may be deemed by the governing authority of the country essential to the safety, health, peace, good order and morals of the community. Even liberty itself, the greatest of all rights, is not unrestricted license to act according to one's own will. It is only freedom from restraint under conditions essential to the equal enjoyment of the same rights by others. It is the liberty regulated by law."

But, sir, the document is entirely too lengthy for your columns, and I must therefore omit a large portion of this very important decision, but after having referred to the power vested in the Board of Police Commissioners, he proceeds to give utterance to the following very comprehensive language:—

"There is no inherent right in a citizen to sell intoxicating liquors by retail, it is not a privilege of a state or of a city in the United States. As it is a business attended with danger to the community, it may, as already said, be entirely prohibited, or be permitted under such conditions as will limit to the utmost its evils."

Trusting that "Citizen" will be satisfied with this sort of stringency, I leave him to exercise his own judgment in pursuit of something even more so, I may possibly should time permit, return to the subject.

A NO LICENSE MAN STILL.

Charlottetown, June 18, 1891.

Slavery

Sir,—How is it that clerks in tailor shops have to work four or five hours longer than those in the dry goods or hardware? I think from 6.30 a. m. to 9.30 p. m., is a little too much of the good thing. Why not open at 7 a. m. and close at 6 p. m.? "All work and no play makes Jack a dull boy." I think this should be seen to at once. Who will be first?

ONE OF THE BOYS

The Feeling in Ontario.

THE EMPIRE ON SIR JOHN THOMPSON AND REV. DR. DOUGLASS

For some time past our newspapers have been asserting that Ontario Conservatives prevented Sir John Thompson from forming a government because he was a Roman Catholic. Referring to this the Empire says: There has been no utterance of a leading man or a public journal entitled to voice the views of the Conservatives of Ontario which can be quoted as evidence of an attempt to set aside Sir John Thompson on account of any religious opinions he may choose to hold. On the contrary, we have no hesitation in declaring that if Sir John Thompson had been chosen premier of Canada he would have been cordially accepted and loyally followed by the Conservatives of Ontario, who have every reason to admire his splendid abilities and integrity of character, his brave and modest devotion to duty and his record as a high-minded and patriotic Canadian. If words have been spoken which seem to justify the fanaticism of the Quebec organs they may be traced to a representative of Quebec and not of Ontario. The utterances of Rev. Dr. Douglass, a visitor from Quebec at the Niagara conference, words which are most strongly to be deprecated and deplored, were certainly not those of one friendly to the Conservative party, and would probably never have been permitted to pass at the time without challenge as expressing in any sense the feeling of the religious gathering where they were spoken, had not respect for the age and infirmities of the speaker caused those present to refrain from repudiating sentiments that do us no credit as people, and lack the very first essentials of common Christian charity.
