Workmanship Guaranteed

Let us explain to you the advantages of buying Shorey's ready-to-wear clothing. We will try to do it as briefly as possible. This make has a guarantee card in the pocket of each garment guaranteeing the workmanship to the fullest extent. This is worth money to you.

The cloth in Shorey's clothing is all sparged and shrunk and will not spot with the rain or shrink. This means a saving of money and increase in comfort.

Many of their lines are waterproofed by the wonderful Rigby process, and this without extra charge.

Right waterproof cloth feels, looks and handles the same as unproofed goods. The only way you can tell that a Rigby garment is waterproof is that it will not get wet. The cloth remains porous so that it will admit the air but keeps out the rain.

Their boys' and children's goods are made to stand the strain that boys give them. As boys are pretty much all alike, you will understand what this means.

JAS. PATON & Co.

222, 6, dy & wky.

A well dressed man or boy respects himself and commands the respect of others. Dressed in Shorey's clothing he looks and feels that he is well dressed, which makes him feel twice the man that he would in an ill made and badly fitting suit of clothes.

You may be told that some other make of clothing is as good as Shorey's, but do not allow yourself to be fooled because some one wants to make an extra profit out of you.

Ask for and see that you get Shorey's clothing, and take no other.

We enclose you a copy of the guarantee card which is put in the pockets of all our garments. If you do not find this in the pockets of clothing shown you, you are not looking at Shorey's goods. No other make of ready-to-wear clothing in Canada will give a guarantee of workmanship with their goods.

We hope you will remember these points and make use of them when buying.

It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup.

ALCOHOL AND ENDURANCE.—Dr. Haggard in a paper on alcohol, says that in the German army the Kaiser finds the beer drinking soldier 15 to 20 per cent. less effective than the abstainer. The loss of specific weight, the increase of water and fat, contents of alcoholized tissues, make them more subject to exhaustion, infection and cold effects. In a six-day bicycle race in New York in December there were 33 entries. Only twelve stayed in the race. All who used alcohol dropped out. The one who had never touched it won the race as he had the previous year; the second used none; the third drank sparingly; the fourth took a drink occasionally, in training took a little beer.

A BOSTON ROMANCE—Harry Bigelow, a rich young man belonging to Boston, a few weeks ago wandered into Jordan & Marsh's big department store. There he was waited on by Miss Mary A. Reese, acknowledged to be a famous beauty of Boston's shopping public. Bigelow fell in love at sight. He obtained an introduction, wooed and proposed marriage to her. She advised him to get his father's consent. The young man's rich father stormed when his son broached the subject to him. The son weathered the storm and pressed for decision. The father compromised. He proposed that the son should take a trip around the world before pressing his suit further. The son accepted. With an unlimited letter of credit Young Bigelow started globe trotting. The trip suddenly ended at Chicago. He hurried back to Boston, called at the department store, and at the close of the business day he and Miss Reese were wed. Then they went globe trotting together. It is understood that the father has relented.
