

More Beneficial Effects of the National Policy.

"One fact is worth a hundred assertions." Spectator:—"Messrs. Semmens Bros., of Hamilton, are building another addition to their already extensive premises, which will be two stories in height and 10x35 feet in size. They are making preparations for the carrying on of a largely increased business."

Spectator:—"Messrs. Copp Bros. & Co., of Hamilton, are now having new brick buildings constructed within the square of their extensive premises on York and Bay Streets, for the turning out of the metal work in connection with their manufacture of ploughs. The work is carried on under the supervision of Mr. John Lane, of Chicago, who is said to be one of the most proficient men in the manufacture of ploughs that is to be found in the United States. He is introducing special machinery and furnaces so that the facilities for production will be greatly increased and the cost considerably lessened. A special plough for use in Manitoba will be one of the new features. When the new machinery is in operation American ploughs will have to remain over the lines, as the same patterns will be produced within the Dominion."

A number of men are now busily engaged at Hamilton, in fitting the nail and spike factory connected with the rolling mills with machinery. Thirty-three nail machines will be employed when the works are completed. At present, \$50,000 worth of machinery has arrived for this enterprise.

Messrs. Duncan, Fuller & Co., the celebrated boot and shoe manufacturers of Detroit, sooner than be done out of their Canadian trade under the National Policy, have established a large factory in Toronto.

The "Canada Publishing Company" has been incorporated; place of business, Toronto; capital, \$150,000; object, to manufacture, publish and sell books and school requisites.

A large cabinet factory is about being erected by Mr. Zingsheim, King street, Hamilton, for the manufacture of all kinds of furniture.

Journal of Commerce:—"New boiler works are in the course of construction at Windsor by a Detroit firm."

The pioneer shipment of fruit and ornamental trees hitherto supplied from the United States is announced from Windsor to the Eastern Provinces.

The Stormont Cotton Manufacturing Company, of which Messrs. Gault Bros. & Co., of Montreal, are the principal promoters, are about to begin the erection of suitable buildings in Cornwall, the people of that town having voted them a bonus of \$10,000 and a remission of taxes for twenty years.

Monetary Times:—"The mill and elevator to be erected at Point Edward, near Sarnia, has got as far already as a test pile, which was driven last week."

The new kiln for the St. John, Que., glass factory building, of German clay, is to cost \$1,000.

Brantford Courier:—"Mr. James Coleman, the business agent of the Hamilton Forging Company, while in conversation with one of our business men, this morning, stated that the business of the Company was increasing so rapidly that they would be compelled to continue work in the shops night and day; that they had orders at the present time for over two thousand axes, which was being largely supplemented each day. He attributes the success of the industry to the readjustment of the tariff, and is confident that ere long Canada will be the most successful country under the sun."

Mail:—"The Galt Reformer very properly condemns certain conferees who circulated a story to the effect that the Agricultural Works were about to close owing to the N. P. Its Ay correspondent says the proprietor has shipped since Jan 1st over 1,275 machines and has at present more unfilled orders than ever before, no less than eighty-two of them being received in one day last week. He found it necessary to telegraph his agents to stop selling hay rakes on Monday last, as he found that orders were coming in for them much faster than he could manufacture in time. More men are employed and more machines are being made and sold than ever before."

Montreal Gazette:—"We learn that Messrs. Fisher, Son & Co. have acquired a fine mill property at St. Gabriel Locks, for the purpose of manufacturing heavy woollen goods. New machinery has been placed in the building, about 50 pair of broad looms being now ready for operation, and it is the intention of the proprietors to at once engage in the manufacture of Union Bavers, President Cloths, and, in fact, every class of cheap overcoatings. There will be employed at once about 100 men in connection with the mill, and the staff will be increased as the market enlarges. No mill in Canada has hitherto been engaged in the manufacture of these goods, they being all imported, but the new tariff having afforded an opportunity for the manufacture of heavy overcoatings in Canada, Messrs. Fisher, Sons & Co. have determined to enter upon the enterprise, and will shortly begin operations."

Ottawa Free Press:—"One good result is likely to spring from the N. P. Legislation. The doubling of the duty on imported animals will, it is said, keep out of Canada the American circus shows, which, in the spring and early summer, used to invade the country and carry away hundreds of thousands of dollars of hard-earned money. People who never subscribed to a newspaper, or read a book of natural history in their lives, hesitated not to invest ten or fifteen dollars and drive twenty or thirty miles to see a show,—the horse riding and the lewd jokes of the clown proving the great attractions. We are not sorry to see a stop put to exhibitions of this character, and only regret the 'Minstrel' nuisance cannot be as easily extinguished."

Monetary Times:—"There are four factories being built in the Madawaska, New Brunswick, to make starch from potatoes." The Globe some time ago complained that the N. P. did not increase the protection to starch refiners while it taxed the raw material (corn). Now the beneficial effect shows itself, we are going to make starch from something our farmers can profitably produce."

Ottawa Telegram to Globe:—"It is stated on reliable authority that Mr. P. T. Barnum paid \$4,000 duty on bringing his show into Canada." So much gained by the N. P. at all events, according to the Globe's own admission.

A vinegar factory has been started in London, Ont., capacity 60,000 gallons per annum. The capital came from the States.

London Advertiser:—"The shipments of flour from this city to Glasgow last week equalled 2,200 barrels." The milling interest is not quite dead yet, seemingly, as large shipments of flour to Glasgow are being made weekly and new mills are being erected.

Napanee Standard:—"The carriage manufacturing business was one which was singled out by the Opposition for destruction by the N. P. The result in Napanee is, that all the factories heretofore existing are in a prosperous condition. And Mr. H. Lanson has opened a new one in the large building on the east corner of Dundas and Adolph streets. The farmers will benefit by the increased competition." This does not confirm the Globe's dolorous statement in regard to this industry.

The Napanee Standard chronicles the opening of a new hydraulic cement manufactory in that town—a direct result of the National Policy. A co-opeage has been established in connection with the works, which will also turn out land plaster in a short time. Formerly, American cement was imported and the entire cost was money sent out of the country.

Notice is given of the incorporation of "the St. Lawrence Sugar Refinery Company, Limited," with capital of \$400,000, for the purpose of refining sugar and the manufacture of syrups.

Letters of incorporation have been granted to the Tilsonburg Beet Root Sugar Company, who propose to carry on the manufacture of the saccharine article from the sugar beet, with a capital of \$50,000 in shares of \$50 each.

The new tariff has had a highly beneficial effect on trade between British Columbia and the other Provinces. A telegram says that the last steamer to Victoria had its cargo made up chiefly of Canadian goods, whereas the bulk of it formerly was of United States manufacture.

Methodist Conference.

Rev. H. Pickard, D. D., Treasurer of the Supernumery Fund, presented his report which showed the Fund to be in a very flourishing condition. Income from the three Eastern Conferences had been \$7,822, expenditure \$6,323—leaving nearly \$1,500 to be added to the capital stock, which now amounts to \$65,000. During the last eight years over \$14,000 had been added to the capital stock. A resolution expressing pleasure at the satisfactory state of the Fund was most unanimously passed.

ORDINATION SERVICES.

The church was crowded. For two hours and a half the interest was kept up. Eight ministers, whose names we have already published, were set apart by the imposition of hands. Revs. H. McKeown, President, F. W. Harrison, Secretary, H. P. Cowperthwaite, A. M., Journal Secretary, Dr. Pickard, Dr. Stewart, J. Hart, ex-President, S. T. Teed, R. Duncan and others, taking part in the laying on of hands. Dr. Sutherland delivered the charge, which was a masterly defence of Methodism, both of its policy and doctrines. All pronounced it unique in its excellences. We are sure that it will not soon be forgotten. Every public appearance by the Doctor seems to have raised him in the esteem of the brethren, until they begin to think that there are no offices in the Church which he could not fill with the utmost dignity and satisfaction to all concerned.

ELECTION OF CHAIRMAN.

This was quite spirited, but almost unanimous in every case. The President is ex officio Chairman of the St. John District. He nominated, as the Secretary, R. W. Weddall, A. B., which the Conference readily endorsed. Out of 55 votes cast for Chairman of the Fredericton District, Rev. E. Evans obtained 55. The Conference accepted, on his nomination, the Rev. W. W. Colpitts, B. S., as Financial Secretary. For Sackville District, Rev. D. Chapman was elected, but, when he declined, Rev. R. Duncan was elected almost unanimously. He nominated Rev. F. Marshall for Secretary, which the Conference accepted. Rev. S. T. Teed received 51 votes for Miramichi District—the next highest receiving 7. Rev. J. N. Parker was elected Secretary. Three names—Fred. W. Harrison, H. Sprague and Geo. Harrison—received, at the first vote, a considerable following for the Chairmanship of the St. Stephen District. A second vote placed Rev. Fred. W. Harrison in the chair by a good majority. His nomination of Rev. C. W. Dutcher, as Secretary, was readily accepted by the Conference. A large majority placed the Rev. H. P. Cowperthwaite, A. M., in the chair for the P. E. Island District. He nominated Rev. F. J. Deinstadt as Secretary, of which the Conference approved.

THANKS.

Dr. Sutherland and Rev. J. Shaw were thanked for their presence and help at the Conference sessions. A unanimous vote of confidence was passed in the Missionary Secretary. Ex-President Hart was heartily accorded a well earned vote of thanks for the ability and fidelity which had characterized his year of office. Mayor Dawson and his lady's kindness in inviting the Conference to tea on Tuesday evening—which invitation was accepted by nearly all the members of the Conference, and several of their wives—was acknowledged by a hearty vote of thanks. Several ministers spoke of the pleasure such a reunion had afforded. Sixteen years ago the Conference accepted a similar invitation from Mr. Dawson. On both occasions most of the Ministers inscribed their names in an autograph album. Charlottetown friends were thanked for their kindness in so comfortably and hospitably entertaining the Conference during its sittings, as well as the ministers of the circuit for making such admirable arrangements. Rev. C. H. Paisley, A. M., late Secretary, was thanked for his efficient services. The Assistant Secretaries—Messrs. T. Marshall, R. W. Weddall, and H. R. Baker—were thanked for the manner in

which they had discharged their duties. The Journal Secretary—Rev. H. P. Cowperthwaite, A. M., was thanked for the efficient way in which he had performed his duties.

SACKVILLE INSTITUTIONS.

President Inch spoke of the crowded state of the College, and the necessity for a new College building. Last year a larger class were graduated than in any former year. It was a class of which they were proud. Seventy-five students had been in attendance.

Dr. Kennedy, Principal of the Ladies Academy, said that the attendance had been 76. The musical department was in a very high state of efficiency.

Rev. C. H. Paisley, A. M., Principal of the Boys Academy, claimed the sympathy and support of the preachers for himself, and on behalf of the department over which he was called to preside.

Dr. Stewart, Theological Professor, said that the Institutions did not belong to the Professors, but to the ministers and people generally. He had been highly pleased with the young men under his charge.

SPIRITUAL CONDITION.

The greater part of one evening was devoted to the consideration of the state of the work of God. A profitable discussion followed, participated in by Messrs. Dr. Pickard, Smallwood, Colpitts and Johnson.

ELECTIONS.

Rev. R. Duncan was elected to the Central Missionary Board. Rev. Robert Wilson was elected to be corresponding Secretary of the Sabbath School Committee. Rev. E. Evans was elected Financial Secretary of the Conference. Rev. H. Daniel, the oldest and one of the most diligent members of the Conference, was elected to the Transfer Committee.

CLOSING OF THE CONFERENCE.

The Conference has been long but very harmonious. If the reins had been held sometimes with a firmer grasp, business might often have been expedited. President McKeown is stronger in the pulpit than in the Presidential Chair. Before the close, he addressed some timely remarks to the brethren, urging them to renewed fidelity to God, and increased zeal in their work. A hymn was sung and prayer offered by Revs. H. Daniel and F. Smallwood. Conference adjourned till the fourth Wednesday in June, 1880 to meet in the city of St. John.

Special Notices.

B. BALDERSTON has the cheapest Groceries in the city—McGill's old stand, nearly opposite the Market. [j 27 6]

LADIES and gentlemen in city or country, will find at E. W. Taylor's a very nice assortment of nearly all kinds of jewelry, and should you favor him with a call, we think he can suit you in style and price. See ad vertisement in another column.

TEARE'S

Directory & Hand Book

OF PRINCE EDWARD ISLAND, FOR 1880 AND 1881.

Neatly Bound—Price Two Dollars.

WILL be published in a few months, provided a reasonable number of subscribers be obtained. It will contain a complete Directory of Charlottetown and Summerside, with Business notices of the principal establishments. Business Directories of Georgetown, Souris, Mount Stewart, Alberton, Montague Bridge, and more than 100 other Towns, Villages and Settlements. Historical Sketch of the Early Settlement, Rise, and Progress of the Province. Its Salubrious climate, fertility and productiveness of the soil, and special adaptability for the growth of root and other crops, including beet. Its numerous industries. Accurate records of Banks, Barristers, Judges, Justices of the Peace, Courts of Justice and Law Officers, Churches and Ministers, Schools and Teachers, Corporations and Foreign Consuls, Customs, Excise and Inland Revenue, Postal and Fire Departments, Dominion and Provincial Governments, Board of Health, Masonic, Odd Fellows and Temperance Orders, together with other useful information.

The Book is designed not only for circulation on the Island, but in England and elsewhere, and will thus extensively publish the wealth, resources and natural advantages of the Province. A limited number of advertisements inserted at moderate rates.

Compiled by ROBERT TEARE, (formerly on staff of Business Directory, London, G. B.) P. O. Box 84, Ch'town, P. E. I. July 2, 1879.
