Trailer Park Sewage Poses Health Problem

By RALPH CAMERON
Within the confines of the Village of Sherwood, an admitted health menace, raw sewage is being permitted to run in an "open sewer" at the side of the road about a mile from this city's limits. The sewer to be run along Mr. Edward Road and crosses the highway, via a culvert, from where it runs across a nearby field. The sewage apparently comes from a trailer park on the outskirts of Sherwood and about a mile from the junction of that road and St. Peter's Road.

CRACKDOWN

Although the letter did not say so, it is also understood that some of the clubs have been selling liquor to minors. Charges have been made in recent weeks to this effect.

EXPLAINS PURPOSE

In explaining the purpose of the letter, Mr. Wood, told The Guardian last evening that since the clubs on the Island had no rules to go by, it was about time that some code was drawn up to set the standards. "We wanted to give the clubs an advanced idea of our plans," he said, "and the price increase" was a result of the new regulations when they would begin work on it had been decided. The inspectors would fulfill the purpose of licensing board as established in other Maritime provinces.

210 DEAD

(Continued from Page 1)
"I've talked with my son," she later told reporters fully. "His feet are hurt some, but otherwise he seems to be fine. I'll have him back soon." Success in this rescue operation would bring to 100 the number of miners to escape the flood. A total of 79, often swimming for their lives, got out within a few hours after the disaster struck. The loose nature of the ceiling of the prison chamber made ejection necessary in the drilling of an escape shaft, for the bit might loose great chunks of rock and ore-bearing earth on the men.
