FOR THE WOMEN

Royalty at Work.

Royal ladies are the busiest women in the world. As a rule they are early risers, and have managed to accomplish a vast amount of reading and writing before the ordinary society woman is up.

Queen Victoria is familiar with at least half a dozen European languages, and even at her present age does not feel that she has finished her education, but grapples daily with the difficulties of Hindustani.

The Empress Frederick of Germany still pursues the study of music and painting with the zeal of a young girl; and the younger Empress, her daughter-in-law, besides looking after her house and children, rises early to copy important documents for the Emperor.

The Belgian Queen and Austrian Empress in former days employed their leisure in the study of Greek and in 'breaking in' pet ponies. The Dowager Empress of Russia and the Princess of Wales have tastes in common; both adepts at millinery and thorough housewives.

To Remove Stains.

Stains on painted wood caused by spatters of mortar or lime may be removed by rubbing with lemon juice; the paint will resume its original color and a little furniture oil well rubbed in will restore the luster. An easy way to remove all stains from table linen is by rinsing the stains in clear, cold rain water, then washing immediately in boiling water in the washing machine. When warmed water is used for washing by machine or by hand, the linen may be placed in the boiler and covered with cold rain water, then allowed to boil a few minutes. Every stain will disappear, and it is ready for the wash. For washing windows I have found nothing easier or better than ammonia. It is weakened with rain water as little as it is possible over it, rubbed over the glass with a soft cloth dried and in a few minutes polished. This leaves the glass beautifully clear. Turpentine is invaluable in cleaning wood and gilt frames. Apply with cloth or brush and dry with soft cloth. A bottle of hard or finishing oil should be kept in every home. Its application where needed on furniture or frames saves much of the extra hard work at house cleaning.—Housekeeper.

Hints to Housekeepers.

To keep hair brushes in good condition proceed in the following manner: Have two dishes which contain, say, a quart of water, add a dessert spoonful of ammonia. Now take the brushes, one by one, and keep dipping the bristles up and down in the water (being careful not to wet the backs), and in a minute or two the dirt and dust will come out as if by magic. Now dip up and down several times in the second dish containing the clean water to rinse them, shake well, and place to drain across a rack or towel horse. No soap is needed and no rubbing with the hands.

A good way to clean silk consists in sponging it with equal parts of black tea and vinegar. Shake the silk until it is nearly dry, whereupon press it with an iron that is half hot.

A very good way to test whether sheets are damp or not is to place an ordinary tumbler between the sheets for a little while, and if the bed is damp traces of moisture will appear on the inside of the glass.

Spots and marks on woollen gowns are easily removed by rubbing them well with a cake of magnesia. Hang the gown away for a day or two and then brush thoroughly. If the spot has not entirely disappeared, repeat

the process. Other gowns besides those of wool can often be cleaned by this means, and laces that are slightly soiled are freshened by rubbing them well with magnesia and allowing it to remain on the lace for a short time.—Exchange.

Chocolate Pie.

Scald one cupful of milk in a double boiler, rub three tablespoonfuls of grated chocolate smooth with a little of the milk and add to the contents of the double boiler. Stir into this one teaspoonful of corn starch dissolved in a little water and stir until thickened; then cover and cook for ten minutes. Set aside and when cool add one-eighth of a teaspoonful of salt, one teaspoonful of vanilla, four teaspoonfuls of sugar and the beaten yolks of three eggs and beat until light. Bake in one crust in a moderate oven. Cover with a meringue made of the whites of eggs beaten with three tablespoonfuls of powdered sugar until very stiff and glossy. Dust over with powdered sugar and return to the oven until slightly colored. Serve very cold.—Table Talk.

CARD

TO THE ELECTORS.

Having been solicited by a number of citizens to nominate as a candidate for water and sewerage commissioner in lieu of the Hon. David Laird who has resigned, I beg to say that I have accepted the nomination, and if elected will do all in my power to serve the best interest of the citizens.

I hereby solicit the votes, and support of the citizens, as I may not be able to make a personal canvass of each individual. Yours Respectfully, JOHN NEWSON.

To the Electors of the City of Charlottetown

As you are now called on to elect a suitable person to fill the vacancy on the Board of Commissioners of Sewers and Water Supply, I have been requested by a number of citizens to allow myself to be put in nomination for the office.

I now solicit your support, if it should be your pleasure to elect me, I will endeavor to discharge the duties pertaining to the office, with a due regard to economy and efficiency.

Yours truly, CHAS. MCGREGOR Ward 5, Charlottetown, May 8, '99

WORSE THAN YELLOW FEVER

Kidney Disease, Man's Deadliest Foe! Dodd's Kidney Pills its Only Cure.

Toronto, May 13.—"Yellow fever and smallpox combined, do not kill as many people, as Kidney Disease does," was the assertion of a prominent Toronto physician, recently.

The assertion is fully borne out by facts, and were it not that there is a means of checking and curing Kidney Disease the number of its victims would be trebled.

But the use of Dodd's Kidney Pills keeps the death-rate from this complaint, quite low compared to its former height.

If Dodd's Kidney Pills were used, in every case of Kidney Disease, there would be no deaths from it.

Croup Quickly cured.

Mrs. J. Sims, Mt Pleasant, Vancouver, B. C. writes:—If there ever was a never-failing remedy for a disease, it is Griffiths' Menthol Liniment for croup. We have frequently administered it to our children, even the baby, and never knew of its failure to cure in a few minutes. No home should be without it. 25 cents at druggists

One can very properly divide belts into three classes: Belts of rank or knighthood, which were much in vogue among men from the time of Edward III to the end of the reign of Henry VI. Belts of utility, such as the belts as originally were used by women to preserve the symmetry of their forms, much as the corsets are now used; and fancy girdles, which have purely a decorative purpose. Paton & Co, have 1000 belts, the utility kind, all colors all qualities all prices, call and get a belt. 3 in dy 1 wky.

Chronic Eczema Cured.

One of the most chronic cases of Eczema ever cured is the case of Miss Gracie Ella Alton, of Hartland, N. B. On a sworn statement Mr. Alton says: I hereby certify that my daughter Gracie Ella was cured of Eczema of long standing by using four boxes of Dr. Chase's Ointment. William Thistle, Druggist, of Hartland also certifies that he sold four boxes of Dr. Chase's Ointment which cured Gracie Ella.
