One Dead, Heavy Property Damage Caused

CROOKSVILLE, O., June 18—(AP)—A sudden flood rolled down a narrow Southeastern Ohio valley Friday night, leaving in its wake one dead and damage only partially estimated at more than \$1,500,000.

The water, piled up by a near-cloudburst, caused the explosion of a pottery kiln, destruction of the pottery by fire and failure of power for a big segment of the area. It flowed into seven towns and villages.

Pottery damage is estimated at \$1,000,000. The Ohio Power Company set damage to its substation in Crooksville at \$250,000.

The Mayor of Roseville said his citizens face loss of \$250,000. These estimates did not take into account the many inundated homes and business places in other communities and on farms. Authorities said no complete accurate estimate of property damage is available.

"It was the worst thing I've ever seen around here," said Mrs. William Dalrymple of Rose Farm, a village of 200.

An Associated Press correspondent called Crooksville a "battered, muddy mess."

Druggist Edgar Souders said he and his wife were at a movie when they heard the fire sirens and rushed out. Toilets in a flood washed, they hurried home to change clothes before going to their store.

4 Feet In 20 Minutes

"In 20 minutes the water rose four feet," Souders related.

The flood followed a four-hour downpour which sent Jonathan and Moxhala Creeks out of their banks over a 25-mile-square area in three counties.

At one time the water ran seven feet deep in Crooksville, but it dropped rapidly thereafter.

Mrs. Alice Adrian, 55, was drowned in Rose Farm. Five homes there were destroyed.

Other towns hardest hit by the deluge were Roseville, another pottery center; Tropic, White Cottage, Sallitilo and Fultonham. Most are mining villages.

Another flood in Washington state took three lives early Saturday. Cloudburst waters swirled down a canyon near Pomeroy, 100 miles southwest of Spokane, and crumpled a sturdy farmhouse. The dead were an elderly farm couple and their son.

Electors Vote In Three Federal Ridings Today

OTTAWA, June 18—(CP)—Membership in the 262-seat Commons will be brought to full strength tomorrow through by-elections—two in Nova Scotia and one in Montreal.

The contests—the 11th, 12th and 13th since the general Federal election a year ago—are in the farming constituency of Annapolis-Kings, in the dual riding of Halifax and in Montreal Carlier. Liberals were elected in the three seats in the general election.

Four candidates are in the running in Montreal Carlier, formerly held by the late Maurice Hart, Liberal.

Leon David Crestohl, a lawyer, is the Liberal standard-bearer. Maurice S. Hebert, another lawyer, is running for the Progressive Conservatives. Kaimen Kapinsky, a printer, is the C. C. F. candidate. The Labor-Progressive Party, which twice carried the seat, is represented by Harry Binder, a journalist.

Mr. Binder and Mr. Hebert were candidates in the general election June 27. Then the vote was Mr. Hart, Liberal, 11,993; Mr. Binder, Labor-Progressive, 4,868; A. M. Klein, C. C. F., 3,240; Mr. Hebert, 2,636.

The polls will be open from 9 A.M. to 7 P.M. EDT.

In Annapolis-Kings it is a straight fight between the two

May Be Man Wanted For Shooting Constable

MONTREAL, June 18—(CP)—R. C. M. P. Inspector J. R. Lemieux said here tonight that a suspect picked up by a Montana sheriff had made "some verbal admissions" in connection with the murder May 25 in Montreal of a police constable.

The man, giving the name of Thomas Rossier, was picked up two miles south of Whitehall, Mont., by Sheriff Pat Horton of Scooby, Mont., and two deputies. He was hungry, exhausted and had worn-out shoes and only 26 cents in his pockets. Horton also reported that he carried a loaded .32 calibre automatic pistol.

Inspector Lemieux told the Canadian Press that he had just talked to R. C. M. P. headquarters in Regina and that officers there had told him that Rossier stated: "I didn't mean to shoot the Mountie."

Rossier is wanted in connection with the fatal shooting of Constable Alexander Gorman, unarmed R. C. M. P. bank guard who was shot down when he tried to capture an escaping bank bandit.

"We're pretty sure this is our man," said Inspector Lemieux.

He added that Sheriff Horton turned over Rossier to a Sgt. Woodward of the R. C. M. P. who escorted him to Regina. Rossier was in Regina jail tonight. A Montreal City Police detective will fly to Regina tomorrow to question Rossier.

Inspector Lemieux said that the man was traced to Moose Jaw, Sask., where a railway policeman several days ago was threatened by a vagrant with a pistol.

Road Machine Smashed, Freight Train Derailed In Collision Near New Annan

A collision between a west bound extra freight train and a road maintainer drawing a heavy trailer occurred late Saturday afternoon at a crossing of the main highway near New Annan, derailling the diesel locomotive and three freight cars and wrecking the maintainer.

The driver of the maintainer, Mr. Harold Champion of Summerside miraculously escaped injury as he was thrown some distance from the cab of the machine. The accident occurred about five minutes to five and is believed to

Dies Suddenly

TORONTO, June 18—(CP)—John R. MacNicol, (above) former Progressive Conservative member of Parliament for Toronto Dayenport, died suddenly at Malton Airport tonight.

First elected to the House of Commons in 1930, he was returned in the 1935, 1940 and 1945 general elections but was defeated in his bid for re-election last June.

As an M. P., Mr. MacNicol was noted for his interest in Canadian affairs, which extended beyond the borders of his own constituency. He travelled widely, acquainting himself with the problems of other sections of the Dominion.

He was associated with the radiator and boiler manufacturing industry in Canada for more than 20 years.

Mr. MacNicol was president of the Ontario Conservative Association and later of the Dominion Association. He served as joint chairman of the Dominion Conservative convention at Ottawa in 1938.

Doctors Arrive For Conference At Halifax

HALIFAX, June 18—(CP)—There are more than a thousand doctors "in the house" tonight as the city's hotels bulge with arrivals to the Canadian Medical Association's 81st annual convention. And most of them brought their wives.

The catering problem was a big one because the tourist season is also in full swing. So doctors overflowed from the hotels into little guest homes and overnight cabins.

An agenda that covers every kind of illness and disease will be dealt with, chiefly during the three days of the open convention—Wednesday, Thursday and Friday. Social functions include a mammoth garden party in the city's beautiful public gardens, taken over for a private function for the first time in their long history. Runs to sea on the carrier Magnificent and destroyers are also on the program.

Tomorrow general registration begins after which the Medical Council opens a two-day session.

Today the Canadian Neurological Association held the first session of the general round of medical gatherings which are offshoots of the main C. M. A. convention.

Jail Escape Of Prisoner Under 2-Year Sentence

HALIFAX, June 18—(CP)—James Gilbert, of Souris, a prisoner in the King's County Jail at Georgetown, escaped from custody in the early hours of Saturday and was still at liberty last night.

Escape was effected by climbing apart the bars across one of the jail's basement windows.

Gilbert was serving a six-month sentence for having possession of stolen goods and on Friday, June 16, he had been sentenced by Stipendiary Magistrate for King's County, Joseph W. MacDonald, to a two-year term in Dorchester Penitentiary for being unlawfully at large from the King's County Jail on the night of May 21.

When the escape was discovered members of the R. C. M. P. in Montague, Souris and Charlottetown were alerted and King's County Sheriff J. B. Edwin Reid of Rollo Bay, notified. A search was immediately organized and was being continued last night.

News In Brief

JOHANNESBURG, June 18—(AP)—Field Marshal Jan Christiaan Smuts, 80, today was reported showing encouraging improvement as the result of a new treatment. He has been suffering from pneumonia.

CADOMIN, Ala., June 18—(CP)—Almost four days since a flood and cave-in entombed five miners 270 feet below the surface of the Cadomin Coal Co. mine, rescue workers still had not recovered the bodies tonight.

WASHINGTON, June 18—(AP)—The dairy strike which reduced Washington to short milk rations for eight days was settled today. Workers and nine major dairies agreed upon five days work one week and six the next at no cut in weekly pay. Seven-day operation of the plants will continue, along with every-other-day delivery to homes.

LAKE SUCCESS, N. Y., June 18—(AP)—Dr. Albert Einstein suggested tonight that the United States and the Soviet Union air their atomic bombs to an international authority. He advocated also systematic disarmament for all countries and establishment of world government.

Former Chinese Governor Of Formosa Executed

TAIPEI, Formosa, June 18—(AP)—The first Chinese to govern Formosa after a half-century of Japanese rule died the death of a Japanese Communist traitor today.

Kneeling on the ground with his hands bound behind his back, Gen. Chen Yi fell face forward with an executioner's bullet at the base of his brain.

Thus ended the career of the man whose misrule of Formosa incited the bloody uprising of February, 1947, and won for him the eternal hatred of Formosans. (Impartial estimates at the time were that 5,000 or more Formosans were slain by Chen Yi's ruthless suppression of the revolt.)

Chen Yi—not to be confused with the Communist general of the same name—was the first governor of Formosa when it was restored to Nationalist China after the Japanese surrender in 1945.

Recalled from Formosa after the revolt, he was named governor of the mainland Province of Chekiang.

In January, 1949, he attempted to induce Gen. Tang En-po, then commanding the Shanghai-Nanking area, to surrender to the Reds. It must have seemed a good gamble to Chen, for Tang was his godson, educated at Chen's expense and raised to command the province under Chen's influence. Tang, however, caused his arrest as a traitor.

It was announced only last night that Chen had pleaded guilty to the charge and had been sentenced to death by a three-man court martial.

He was led into court at dawn today for formal sentencing. The 67-year-old Chen paled but maintained his outward composure. He declined a final statement, asking only that his body be cremated.

Taken to the parade ground in the suburban village of Sintein, he quietly refused the traditional final offer of something to drink, then was shot to death without further ceremony.

The body was placed in a costly casket provided by Tang as a tribute to his godfather.

Child Killed In Fall From Car

HALIFAX, June 18—(CP)—Sandra McGregor, 2, died instantly today when she fell from the moving family car onto a highway 30 miles west of here. She tumbled from her mother's lap and through the unclosed door as the father, Theodore McGregor of Halifax, was about to close it. An inquest will be held here tomorrow.

WALGETT, Australia—(CP)—

Many aborigines in this New South Wales district are earning 1,000 pounds (\$3,100) a year working among sheep, fencing properties and rabbiting. Some use taxis for commuting, paying up to 10 pounds for each trip.

Four Drowned At Chatham Saturday

CHATHAM, Ont., June 18—(CP)—Four persons were drowned Saturday when a boat carrying five Detroit Negroes on a fishing trip overturned in Lake Erie.

The bodies of Mrs. Leona Meredith, 33, and Mrs. Dorothy Mae Neil, 37, were recovered. Missing are Mrs. Meredith's husband, Levi, and Bernard Brown, 43.

Arab League In Defence Pact

ALEXANDRIA, Egypt, June 18—(AP)—In the face of a boycott by Jordan's King Abdullah, five of the seven Arab League countries united themselves Saturday in a defence pact for the Middle East.

The agreement was tied to a decision of the Western Powers to arm the strategic crossroads countries against any Soviet aggression.

Iraq, the other League country, held off from the collective security and economic treaty because of its Hashemite family and other ties with Jordan.

Iraq hopes Jordan will join at the next League Council session in October.

Survivor Of Collision At Sea Dies In Fire

YARMOUTH, N. S., June 18—(CP)—George Hagston, about 55, of Grand Bank, Nfld., who survived the sinking of the schooner Gertrude de Costa in Halifax harbor March 18 was burned to death early today when a galley fire aboard the vessel Walter G.

Hagston was found by Yarmouth firemen slumped in the galley after flames destroyed the galley and the vessel's deckhouse. A companion, Martin Farrell, also a Newfoundland, in the galley at the time the fire started, escaped with minor injuries. Also aboard

Missing N. B. Dragger Found Drifting At Sea

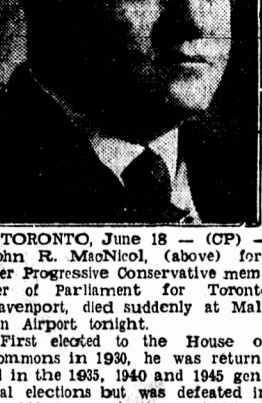

CARAQUET, N. B., June 18—(CP)—A R.C.A.F. Lancaster late today spotted the dragger Gloucester IV drifting 30 miles north of Miscou Island, on the northeastern tip of New Brunswick. The vessel was two days overdue here.

The R.C.A.F. crash boat Takuli left Chatham, N.B., tonight to tow the disabled vessel to port. It is believed that the Gloucester IV ran out of fuel.

The 34-ton fishing vessel left here Monday and was seen by another Caraquez vessel 40 miles north of Miscou Island Friday. She carried a crew of five and is owned by Maxine Lamigne, Lower Caraquez, N.B. A search got underway today when the dragger failed to put in an appear-

Growing Pains

PETROZAVODSK, Karelo-Finnish Republic—(CP)—Building contractors here seem to be having a little trouble, says the Soviet paper Investia. Windows showed up in the wrong places; two apartments in one building had three balconies apiece; one room had two balconies in one hotel, showers had to be removed because builders forgot to install drains.
