CURRENCY

MONTREAL (CP)—The U.S. dollar closed at a premium of 7 27-32 per cent in terms of Canadian funds, unchanged from Friday's close. Pound sterling closed at $3.02¾, unchanged.

NEW YORK

NEW YORK (AP)—Gold mining shares, including Canadian issues, slipped sharply in a mixed stock market Monday after President Kennedy renewed his pledge that the United States will not devalue the dollar.

The president said that those who speculate against the dollar are going to lose. It has been speculation based on hope for devaluation which has boosted the gold mining shares

Dome Mines fell 3⅛, Homestake 1¾, Campbell Red Lake ⅞, McIntyre Porcupine ¼, and South American Gold and Platinum ⅜.

At the same time, the president said that he would like to see the July economic reports before making a decision about an early tax cut. Since these reports will not become available until August, it tended to dampen those who are basing a bullish attitude toward stocks on hope for an early tax cut.

The Dow Jones industrial average edged up .29 to 577.47.

The Associated Press average of 60 stocks eased .40 to 215.00.

Volume was 2,770,000 shares compared with 2,610,000 Friday

TORONTO

TORONTO (CP) — The stock market suffered its seventh consecutive setback during moderate trading Monday.

Canadian Oil Companies was the favorite among traders as it rose 1¾ to 34¼, after earlier going to a 1962 high of 35½. It was the day's most active industrial stock with a share turnover of 12,524.

The stock began to move immediately at the opening of trading Monday following an offer during the weekend by Shell Oil of Canada to purchase the company through a subsidiary, Hester Oil Co. Ltd., for $114,000,000.

Power Corporation, which has a large interest in Canadian Oil, registered the biggest gain of the day, ahead 3¾ to 49.

Elsewhere on the industrial board Atlas Steel, last week's big gainer, dropped a point and Minnesota and Ontario Paper 1½. Moore Corporation was down ⅝, International Utilities ⅞ and Canadian General Investment one point.

LATIN AMERICAN UP

On the base metals market, Latin American, a junior producer, attracted the most attention as it jumped 34 cents in price to $1.07 a share on a big turnover of 427,400 shares.

An official of the company said it had struck the top of an ore zone on its Northern Chile property and described it as a "fair zone of copper oxides and sulphides."

Among senior base metals, International Nickel climbed a point, Craigmont ¾ and Falconbridge ½. Gold issues had a bad day with Dome down 1¾, Kerr-Addison 25 cents and Giant Yellowknife ¼.

On the exchange index, industrials declined 1.65 to 522.35, golds 1.59 to 101.91 and base metals .52 to 181.11. Western oils were ahead .40 to 94.95.

The final volume was 2,240,000 shares compared with 2,569,000 Friday.
