Wonderful Vehicles To Get Summer Test

By DAVE McINTOSH

OTTAWA (CP)—A collection of weird and wonderful vehicles will be tested this summer in the defence department's continuing search for a means of ground transportation over mushy, swamp, mud and water.

John Watson, an engineer with the defence research branch, said here the month-long tests are scheduled in West 2, Freeland 3, West Point 8 p.m.

MONTROSE Pastoral Charge the United Church, Brown Jardine minister Miminegash 11 a.m., Montrose 3 p.m., Elmsdale 7.30 p.m. Sunday School, Campbellton 10 a.m., Elmsdale 10 a.m., Montrose 2 p.m.

FREE CHURCH of Scotland, Western Charge. Sunday School Argyle Shore 10.30 a.m., Cape Traverse 2 p.m. Worship Desable 11 a.m., Coleman 3 p.m., Summerside 6 p.m., Cape Traverse 8 p.m. Rev. Kenneth W. R. Cameron, minister.

WELLINGTON PASTORAL Charge. United Church. Rev. W. B. MacPhail, minister. Union Corner, 11 a.m., Victoria West 3 p.m., Wellington 7.30 p.m.

UNITED CHURCH, Kensington. Church School 9.50 a.m., Morning Worship 11 a.m. Evening Worship 7.30 p.m.; Summerfield service 9.30 a.m. Rev. Lewis M. Murray, BA, BD, Minister.

MARGATE Pastoral Charge. Service New London 10 a.m., Junior Choir Margate 11.30 a.m. Long River 7.30 p.m.

THE FUNDAMENTAL Baptist Church, Central Bedeque. Sunday Morning Worship 10.45 a.m. Sunday School 12 noon. Evening Service 7.30 p.m. Thursday Bible Study 8 p.m. Pastor Rev. Bernard Toner.

to start Aug. 17 at a site just off the Trans-Canada Highway, 11 miles north of Parry Sound, Ont.

The defence department is particularly anxious now to obtain an over-muskeg vehicle because of its commitments to provide a special airborne force for United Nations or other duties anywhere in the world and a battalion group for NATO's special mobile reserve.

Some 12 Canadian and American vehicles will be put on trial. They are of three types, Wheeled, tracked and air cushion.

Mr. Watson said he hopes the trials will result in engineers being able to design a suitable vehicle for production at reasonable cost.

Some of the entries:

The tracked XM-571 developed by Canadair Limited, Montreal with Canadian government financial backing.

CONVERTED TO AIR

A British Land Rover converted by American engineers into an air cushion machine. Downward jets of air lift most of the vehicle's weight off the ground so that it can travel through muskeg and still be steered.

A Hawker-Siddeley air cushion vehicle developed in Canada

A two-man, 260-pound vehicle developed by Jigger Corporation of Rexdale, Ont., which can be picked up bodily and turned around.

A new version of the Canadian army Arctic Rat developed by McMaster University at Hamilton.

A Canadian army development based on the Swedish Volvo car.

A balloon-tire vehicle known as the Gama Goat developed by Chance Vought Corporation of U.S.

Chrysler Corporation's Amphibian which drives through mud on rotating screws.

New editions of Jeeps and vehicles used in logging.

Mr. Watson said in an interview no design is too outlandish for a trial run because new concepts in vehicle design are pretty hard to come by.

He looked disappointed that one entry won't be—at least this year—a British machine which hops like a grasshopper.

CALLING CARDS

The custom of carrying personal calling cards became popular in Europe in the 18th century.

House Briefs

OTTAWA (CP)—State Secretary Lamontagne said the federal government wants to compile as much firsthand information as possible for a projected book on pre-1867 Confederation debates.

He told Heath Macquarrie (PC — Queens) in a written Commons reply the government plans to assemble material on debates in Nova Scotia and New Brunswick and of the 1864 Charlottetown conference.

The CBC's Toronto radio station CJBC has received 532 unfavorable phone calls and 76 favorable calls since it introduced limited French programming. State Secretary Lamontagne told Alfred D. Hales (PC — Wellington South). The station had received 587 favorable and 556 unfavorable letters.
