IMPROVEMENTS AT THE WESTWARD.

No one who travelled by rail westward shortly after the P. E. Railway was built can fail to remark, upon going over the road now, how very greatly improved the country is.

RISEN FROM ITS ASHES.

The quickness with which Tignish has risen from its ashes may be taken as a convincing proof of the energy of the people of the West and their confidence in the continued prosperity of the country round about.

RAILWAY IMPROVEMENTS.

Under the administration of the Liberal Conservative Government the P. E. Railway was almost every year improved in one direction or another; and the improvements of the past summer are by no means the least noticeable.

HOME MARKET FOR CHEESE.

To those who are interested in developing the home market for cheese, we would commend the following rules as being worthy of their attention:

THE SCHOOL SETTLEMENT.

Jenouso by what we see in the papers, the Manitoba School question is not settled, neither party is satisfied, and the politicians who have tried to please both parties seem to be in a fair way to lose their portfolios into the bargain.

"Apart from my objections on the ground of state interfering in matters of religion, either by legislative act or decision of a trustee board, the present settlement contains the obvious feature of what to me is practically a separate school."

Upon the other hand Archbishop Langevin, who represents the Roman Catholic minority, says:—

"How have we been sold; how Quebec has been betrayed. A French Canadian and a Catholic, who ridiculed the Ducey bill, who rode into power on false promises, to sell us into the hands of our enemies! Too bad, too bad!"

Certainly Mr. Laurier has failed to effect his purpose when the chief party to the settlement speaks in this way concerning it.

A Montreal despatch reports that "the terms of settlement of the Manitoba school question as agreed upon by the dominion and Manitoba governments are far from giving satisfaction to the Catholics of Quebec."

DEATH OF MR. ARBUCKLE.

The early death of Mr. John Arbuckle is lamented all over this Province, and particularly in Summerside and Charlottetown.

—Toronto Empire.—The Presidential returns show the shocking fact that in all the States where women hold the franchise Bryan and repudiation scored a victory.

—In an address recently delivered before the Central Farmers' Institute at Brandon, Prof. Robertson said: "We people of Canada have a country which is rich under the soil in common and precious mineral."

Navigation on the St. John's River has about closed.

NEWS NOTES.

St. John is agitated by a sausage war. Antagonism is to have a condensed milk factory.

It is claimed the reason for the arrest is the unwillingness of such insurance companies to pay \$20,000 accident policy on Mrs. Spure's life.

The police of Seville have discovered a quantity of dynamite in the house of a man suspected of plotting against the government.

It is rumored in Singapore that Li Hung Chang will retire to private life in consequence of Government treatment accorded him in China.

The next meeting of the world's W. C. T. U. will be held in Toronto, in connection with the provincial meeting, October 12, 1897.

The I. C. R. freight house at River du Loup was totally destroyed by fire at an early hour on Saturday morning, together with all its contents.

Ferdinand Legere fell dead at Memramcook on Friday while walking across the floor of his residence. He had been in poor health for some time.

Unloaded on the Louisville market on Monday recently were 763 squirrels, which a farmer just out of town had killed with a club in his corn-field.

President and Mrs. Cleveland last week entertained at luncheon Dr. John Watson, known in the literary world as "Ian MacLaren," and Mrs. Watson.

George W. Ferris, who conceived and built the world-famous Ferris wheel, died at the Mercy hospital in Pittsburg, last Sunday, of typhoid fever.

By a clever ruse a man disguised as a postman one day last week secured a bag of registered letters, of the value of forty-two thousand francs, from a mail cart in Paris, and decamped.

The leading papers of Moscow and St. Petersburg have opened famine lists for the aid of the suffering people of India.

Agents from Bombay are engaging wheat in Russia for the famine districts.

Indignation has been aroused in Denver over the arrest of Andrew J. Spate on a charge of murder by drowning his wife and five children. Eye-witnesses of the occurrence say it was purely accidental.

Selden W. Cummings, barrister of Toronto, has abandoned the law to enter the ministry of the Baptist church. He is a son of William Cummings, the largest dry goods dealer in Nova Scotia outside of Halifax.

A telephone has just been placed in the pulpit of St. Michael's Church square, London, in order that Canon Fleming's sermons may be heard by the inmates of the neighboring hospitals and by invalid parishioners.

On Tuesday night last Mr. W. P. Lindsay, of Kingston, Ont., attended a clarinet, and next morning he was found dead in bed. Death is attributed to heart failure, superinduced by excitement. He was 42 years of age.

According to a Boston despatch it is now feared that John L. Sullivan will have his arm amputated to save his life. The cancer is growing rapidly and amputation is the only thing now to save the big fellow's life.

D. J. McNaughton, of Moncton who styles himself the champion featherweight of Canada, is set with a challenge to fight in Canada at 122 pounds. McNaughton lived in Charlottetown in his more youthful days and is well known here.

A Kansas paper says that the population of the state has increased by less than 2,000 during the last year, though 16,000 babies were born there.

The same paper claims that if a wall had been built round the state eight years ago, so the people could not get out, Kansas would now have 500,000 more than the present population.

James Painter, of Cardigan, was killed on the southwest Miramichi on Thursday afternoon. He was cutting down a tree when it fell. In its descent it struck a dead tree, breaking off a large limb, which came down on Painter's head, killing him instantly. Deceased leaves three sons and one daughter.

The London newspapers publish almost daily articles from the Indian authorities regarding past experience in Canada, and making suggestions for the relief of the sufferers. Lord George Hamilton, secretary of state for India, in what the newspapers describe as a remarkable speech, said that 72,000,000 people are now affected or threatened with dangerous scarcity though, it is thought the government has some prospect of coping successfully with the situation.

At Benton Centre, Yates county, one night last week, Mrs. Thomas Christie committed suicide in a most peculiar manner. She locked herself in the parlor of her home and took down a picture from the wall, broke the glass and used it to sever the jugular vein and arteries of her arm. She was subject to temporary insanity, and once before attempted suicide by the use of laudanum.

An unprecedented operation was recently performed at Grand Rapids, Michigan, when a dog's sciatic nerve was transplanted to the paralyzed hand of a man, who, several months before, had been injured by a saw. The ulnar and median nerves of the wrist had been nearly severed, and complete paralysis was the result. The operation was successful. Graybiel, the patient, says that he can now move his hand freely and fall sensation has returned. Anæsthetics were administered to both the man and the dog before the operation, and after it sufficient morphine was given to the dog to cause its death.

The late John H. Collamore, of Boston, left to twenty-seven Masonic bodies in Massachusetts—sixteen of them in Boston—the sum of \$500 each in aid of their charity fund. To two bodies in New Hampshire he gave \$500 each for the same purpose. In addition he gave \$50,000 to form a special relief fund for Masons, their wives, widows and children under 16 years of age. This \$50,000 is not to be touched until it has accumulated to \$100,000, and then its interest is to be made available for Mr. Collamore's purposes. In Boston, the William Parkman and St. Omer Commanderies, K. T., are among the beneficiaries.

SPECIAL DESPATCHES TO THE EXAMINER

NOTES FROM THE CAPITAL.

Captain Douglass on the War Path.

OTTAWA, Nov. 21.

From present appearances there is little prospect of the Postmaster General according to the request of the Montreal and other Boards of Trade for a reduction of the international postage rate to two cents.

Captain Douglas, of the Marine Department, will investigate the charges of political partisanship made against the officers of the Railway and Customs Departments, as well as of the Marine and Fisheries Department.

Father Murphy Arrested.

MONTREAL, Nov. 21.

Father Murphy, of Gold Cure fame, has been arrested on a warrant issued on a deposition made by John J. Franklin, of Toronto, who charges Father Murphy with obtaining \$500 from him under false pretences on the 2nd Sept., 1894.

The complainant alleges that on that date, Father Murphy came and told him that he had been instructed by Archbishop Corrigan, of New York, to erect a Gold Cure institute in his diocese. The complainant has since been led to believe that this was false.

Blair and the Office-seekers.

ST. JOHN'S, Nov. 21.

Hon. Mr. Blair paid a flying visit to this city yesterday and left for British Columbia yesterday afternoon, accompanied by Colonel Duvall.

He had to run the gauntlet of a crowd of office-seekers all the time he was here.

Archbishop Fabre's Return.

MONTREAL, Nov. 21.

Archbishop Fabre has returned from Europe, but he has not yet spoken on the school question.

About Japanese Chinaware

How to be Sure they are Genuine and not Imitation

Rule 1st, for the dealer.—Import your Japanese Goods direct from Japan, then you are sure they are of Japanese manufacture. This rule has been followed by Geo. Carter & Co.

Rule 2nd, for the customer.—Buy your Japanese Goods only from a firm who can assure you that they have imported them according to rule 1. In other words, buy from Geo. Carter & Co.

It is possible that some people may think our Japanese Goods are not genuine, but let such remember that by importing direct, saving all middleman's expenses, paying cash and charging moderate profits, we are able to sell Genuine Japanese Goods as low as people without such facilities can sell the imitative article. Our direct importation from Japan comprises goods to the value of four hundred dollars.
