Fitzroy Street.....

THE DAILY EXAMINER

JUNE 2, 1899.

A GOOD EXAMPLE.

The papers and people of New Brunswick are singing the praises of Mr. W. W. Turnbull, who has offered $100,000 to endow a Home for Incurables in the City of St. John, provided the Dominion Government will give the building and land of the Marine Hospital. It is not unlikely that the provision will be met. In any case, the spirit which has actuated Mr. Turnbull is one to be fostered among our wealthy men. Opportunities might be found, even in Charlottetown, for the exhibition of a like spirit. We have hospitals and other charitable institutions which would be considerably strengthened if but endowed to the extent of a tenth part of the splendid offer of Mr. Turnbull.

THE GERRYMANDER.

The Opposition will be justified in fighting the Redistribution Bill *a la outrance*, for it strikes unfairly at the political life of a large number of Opposition members. It is significant that the Liberal managers seek to accomplish this result by creating such inequalities of representation as occur (for instance) in Toronto, (Conservative) where one member will represent 50,000 people as compared with the neighboring constituency of York, (Liberal) in which there will be one member for 19,000, or Perry Sound (Liberal) for which there is provided one member for 13,778, or as occur in this province as between Prince and King's counties. If the conservative redistribution of 1892 had been an outrageous measure, as asserted by the Liberals' it might have been corrected without creating such inequalities as these.

THE EXPANSION POLICY.

Major Younghusband, in the course of his book, entitled "The Philippines and Roundabout," says:

"Before parting with Admiral Dewey I asked him what was his candid opinion, taken on the broadest possible grounds, as to the wisdom or otherwise of a permanent occupation of the Philippines by the Americans. After thinking carefully for a minute, he replied: "I do honestly think that the retention of the islands would be the wisest course to pursue. American trade is, next to the British, the most important in China and the far east, and to foster, protect and increase that trade we want that local influence in these waters which actual occupation can alone ensure."

Major Younghusband's book will, without doubt, have a large sale in the States; and these words of Admiral Dewey must weigh heavily upon public opinion there in justification of the course pursued by the McKinley Administration.

Trust in Mauser Rflies.

London, June 1.—The Mail's Cape Town correspondent says Sims Secret, a member of the Cape Parliament having recently toured Barkly district, Cape Colony, reports that a number of farmers there have received Mauser rifles and sealed parcels of ammunition from the Transvaal Government and in return are pledging themselves to rally to the Transvaal flag at Christiana upon the signal from Transvaal. Secret also says a detachment of Transvaal artillery lately inspected a bridge across the Vaal River, north of Kimberley, with a view to destroying it in the event of hostilities.

Good health is worth more than anything else to you, and every bottle of Hood's Sarsaparilla contains good health.

P. E. ISLAND HOSPITAL.

Not many persons were present and not much was done at the meeting of citizens held last evening.

The President, Charles Palmer, Esq., explained that $5,000 were needed to fully complete the building in addition to the amount already subscribed.

Dr. Taylor offered to pay a tenth of the amount ($500) next year, provided the remaining $4,500 were made good.

Mr. Cundall argued that men of means throughout the Province ought to be given an opportunity to assist in the completion of the P. E. Island Hospital,—thus giving it a really Provincial character and creating a general interest in the institution.

Mr. George E. Hughes suggested that means should be adopted to specially interest the physicians of the Province and secure their co operation and sympathy.

This proposition was discussed by Dr. Taylor, C. C. Gardiner, Esq, and others.

The importance of securing the sympathy and co-operation of the physicians and people of Summerside was specially referred to, and the President, Mr. L. L. Beer and Judge Fitzgerald were nominated to visit Summerside with that end in view.

Memorial Day at Manila.

Manila, June 1.—Memorial day was celebrated at Battery knoll, where Scott's guns were planted against the Filipino trenches in the first day's fighting at Manila. Nearly 300 soldiers lie buried there on a bleak mound surrounded by rice fields, rough boards marking the graves which are ranged in five unbroken rows. Beyond these are Spanish blockhouses and bamboo hedges, which were mown by shells from the American guns.

The few soldiers who could be spared from the trenches came to Battery knoll, dusty and bronzed, bearing flowers with which to strew their comrades' graves. A silk flag was placed upon each mound. The day was as mild as a New England spring day, when, just before sunset, a few hundred Americans gathered in a circle around Battery knoll, in brown and blue uniforms. Among the soldiers were groups of American ladies, and brown-faced natives peered curiously at the unwonted spectacle from points near by. Similar services were held over the dead in the Paco cemetery. The graves of soldiers and sailors buried at Cavite and Iloilo were also decorated.

The body of Capt. George H. Tilley, U. S. Volunteer Signal Corps, who was killed at Escalante, east coast Island Negros, by insurgents, Saturday, May 27, was found floating in the river with marks of violence on his head. He was buried at Iloilo, May 30.

We Carry a Full Line of Parts

A few good second hand wheels in stock.

MARK WRIGHT AND CO

A CHANCE FOR OUR CYCLISTS

Sir,—It is probable that you saw in the issue of the Saturday Bulletin, of May 13, as well as the issue of the same paper of May 27th, paragraphs relating to the grand Orange demonstration and procession to be held here, in New Glasgow, on the twelfth of July next, and also directing attention to the cup that is to be given to the one making the most number of points in the bicycle races to be held here that day. The cup is a handsome specimen of artistic skill; a regular beauty. It cost between eighty and a hundred dollars. Nothing like it has ever been turned out of Nova Scotia, or east of Montreal for that matter. Hundreds have admired it when on exhibition here in Eastwood's window. The medals, also, are very fine; they are the best of their kind ever turned out of Eastwood's. Both the cup and the medals are to be sent over to Charlottetown, and placed in the window of some prominent store for a day or two. I do not know exactly what days they will be over in Charlottetown, due notice will be given you whenever they are placed on exhibition.

This cup was subscribed by the citizens of New Glasgow, and presented to Central Star L. O. Lodge, 1559, this town, and to be presented to the victor in the bicycle races. We expect to see a number of your crack cyclists and sports over here on the 12th.

Wm. D. Stewart,
Sec'y of Committee.
New Glasgow, N. S., May 30th, 1899.
