TORONTO (CP)—An overhaul of Canada's tax structure was advocated Monday night by John Diefenbaker, a national leader of the Progressive Conservative party, in an address to the annual dinner of the Toronto board of trade.

Canada's tax structure — federally, provincially and municipally — "for too great an extent the proper development of natural resources by Canadians is being held back because the tax structure has not been brought up to date and in keeping with the needs of the present."

Mr. Diefenbaker added, "I believe, and know that if foreign investment were to stop, a blow to Canadian development would result."

## KENSINGTON HIGH NOTES

The long cold January is over and that month, much has taken place in the high school. Since our news was last published all students have received the marks of their exams and once more have settled down to the daily routine. On their return to school, all the students were glad to find that their school sweaters had arrived. Since that day, an student from the high school has been easily recognized by that familiar green color. These, when the letters are tacked on them, are very attractive. The cold weather was the cause of many cars not starting but it was unable to keep our ambitious Students Council from going into action. On Tuesday, January 15, they had a party in the high school auditorium. This was attended by a large group of students and their friends who enjoyed an evening of dancing. Music was provided by records and also by Mr. Elmer Power and Mr. Thomas Hall at the piano. Hot dogs and hot chocolate were served and soft drinks were sold by the Student's Council.

# Association For Retarded Children Formed In O'Leary

An organizational meeting for the purpose of forming an Association for Retarded Children was held at O'Leary on Friday, Feb. 1st. The meeting was opened with prayer.

Among those present were Mr. Alton Raynor; Councillor; Mr. Earle Jelley, senior teacher; Mrs. Ellis, public health nurse, all of O'Leary.

There was a good representation of parents and friends from the O'Leary area, Tyne Valley and Alberton.

A group from Charlottetown was also in attendance. They were as follows: Dr. Beck, Child Psychologist; Mr. K. Parker, Superintendent of Charlottetown Schools; Miss Jackie Cumiskey, teacher of the Day Training School in Charlottetown; Mrs. Stewart Pierce, Past President of P.E.I. Association for Retarded Children; Mrs. A. M. Johnston - Secretary of P.E.I. Association for Retarded Children.

Mr. Lloyd Matthews acted as chairman. Mrs. Ellis acted as secretary protem. Mr. Matthews stated it was most encouraging to have such a good attendance and extended a sincere welcome to all.

The chairman then called on Dr. Malcolm Beck to speak to the meeting. The doctor gave an interesting, generalized talk on Mental Retardation.

He advised the meeting to keep in mind the three types of mentally Retarded and their respective needs. 1. Educable. 2. Trainable. 3. Non Trainable.  
Dr. Beck pointed out the importance of arousing in the public an awareness of the existence and needs of the mentally retarded. It was felt that parents of mentally retarded children need some one to talk out their problems to and that they also need much spiritual help.

Dr. Beck stated that he thought that this was the first rural area in Canada to attempt to form an Association of this type and that he would watch with great interest the progress and growth of the Association.

Mrs. Stewart Pierce Past President of the P.E.I. Association for Retarded Children was the next speaker. Mrs. Pierce who has worked so untriflingly for the welfare of all mentally retarded persons on P.E.I. related some of her own trials and triumphs as the mother of a Retarded Child. She also stressed the need for spiritual help.

constructive action. Mrs. Pierce pointed out that the Association should not be confined to parents of retarded children as both the objective and subjective views were needed.

WORK DONE  
Miss Jackie Cumiskey outlined the routine of the Day Training Course in Charlottetown. She stated her work required a great deal of patience and repetition but what great satisfaction was felt by both the teacher and pupil when progress and improvement resulted.

Mr. Earle Jelley spoke of his interest and willingness to co-operate with the parents.

RECENT PROGRESS  
Mr. K. Parker spoke of the progress of Psychiatry and Educational research. He felt that the public should look on the handicapped as being able to contribute something. Mr. Parker felt that for the present the education of the mentally retarded will be more or less a private enterprise.

Mr. Parker felt that a teacher for the mentally retarded required not only good training, but the right personality and interest for her work.

Mrs. A. M. Johnston gave a brief report on the formation meeting of the Canadian Association for Retarded Children which took place in Toronto last September. Mrs. Johnston also pointed the need for good publicity.

The chairman thanked Mrs. Ellis Public health nurse for her wonderful work in promoting interest in the needs of the mentally retarded in her district. Through Miss Ellis stirring efforts another Association for Retarded Children will be formed.

Mr. Matthews pointed out the progress of the Association would be slow at first, but felt much could be achieved in the future with the co-operation, interest and careful planning by the members of the association.

STRONG INTEREST  
The Charlottetown group were very impressed by the interest, enthusiasm and co-operative spirit shown by those in attendance. Mr. Alton Raynor, Mrs. Ellis, R.N. and Mrs. L. G. Duvar were appointed to the Nominating

**Protection ...at your fingertips**

Safety in the automobile is optional at no extra cost. No mechanical safety device can replace the protection of careful driving.

Last year, traffic accidents claimed the lives of more Canadians than ever before. Someone was injured every 8 minutes. A car was damaged every 48 seconds. Automobile insurance claims rose to more than one hundred million dollars.

One result of this is higher automobile insurance rates — because what is paid out in claims must be brought in by premiums. But even more important is the fact that you hold your life, and the lives of others, in your hands when you get behind the wheel of a car.

Safety pays dividends... saves lives, helps to lower your insurance costs. Be Careful.
