

Many Congratulatory Messages Are Received

Reverend Mother Paula, Sisters Of Martha Highly Commended On Project

Archdiocese of Toronto
Chancery Office
Very Rev. Sister M. Paula, Superior, Charlottetown Hospital, Charlottetown, P. E. I.

Very Rev. and dear Mother: I wish to join your many friends and well wishers in congratulating you and your devoted Community of Sisters on the occasion of the opening of the new Private Pavilion of your Hospital which I am told is not only modern in every way but makes your Hospital one of the finest in our country.

It must be a source of great joy and satisfaction not only to you and to the medical staff but to the people of Charlottetown and of the Province generally to witness the advances you have made in the service of health and well-being of the whole community. During the past quarter of a century your Hospital has progressed in a most marvellous way, and I am sure that the same spirit of loving kindness and charity pervades it now as was always noticeable in the early days when I was in close touch with it.

While renewing my sincere felicitations, I sincerely beg God to bless the work which you and your Community are doing so nobly for the healing of the sick and the safeguarding of the health of the people of the Island Province.

With cordial greetings, I am, Devotedly yours in Christ,
JAMES C. CARDINAL MCGUIGAN
Archbishop of Toronto.

Kingston, Ont. 6
Rev. Mother M. Paula, Sister Superior, Charlottetown City Hospital, Charlottetown.

Dear Mother Paula: I heard with great interest that the new Pavilion of your hospital is almost completed and that the official opening is set for February 21st.

I wish I could take part in the happy festivities and rejoice with you on that happy occasion but will have to do so at a distance.

All who shared in this great work deserve heartfelt congratulations.

His Excellency, Bishop Boyle must be very proud to see the great progress made by your hospital since he took charge of the diocese.

The board governors, "faithful men and true," and the members of your medical staff are seeing their improvement and buildings program a reality much sooner than seemed possible a few years ago. They have worked hard to bring the City Hospital to its present stately proportions and first-class efficiency.

This has been due to the loyal co-operation of the parish clergy of the diocese and to the wonderful support given so generously to the hospital by the citizens of all religious denominations.

But I am sure the highest praise must go to the Sisters of St. Martha of Prince Edward Island, who as a young community, took charge of this hospital and by their countless courage, by their skill, cleverness, by their fine spirit of self-sacrifice and religious devotion to duty have brought Charlottetown City Hospital to the front line of outstanding Maritime hospitals and training schools for nurses. All best wishes for your continued progress and success.

J. A. O'BULLIVAN
Archbishop of Kingston.

Respectfully Yours

Furthermore, the general public has become more health conscious than ever before and the modern hospital of today must be well planned and constructed, equipped with modern, scientific equipment, and staffed with trained and experienced personnel.

Your new Private Pavilion will, I am sure, fulfill all these requirements and take its place in the forefront of hospital development and advancement.

GOD MADE A NURSE

God made a nurse. He made her heart, brave, true and kind, And like the mountain streams her mind As crystal clear, yet swift and deep As where its waters rush and sweep.

He made her hands strong, tender, skilled, Their touch with His own pity filled, And gave to make his nurse complete, A sense of humor wholesome, sweet, God made a nurse.—Thank God.

THE SURGEON'S HANDS

His face? I know not whether It be fair, Or lined and greyed to mark The slipping years. His eyes? I do not glimpse the Pity there, Or try to probe their depths for Hopes or fears. Only upon his wondrous hands I gaze, I gaze, And search for memories through So fittingly To voice their loveliness. In Still amaze I bow before their quiet dignity. To make the crooked straight, And heal old sores; The blind to see, the war-torn Clean and whole. Throughout the suffering world They touch the doors. That open wide to life. The Bitter bowl Of pain they sweeten till the Weary rest, As though the hands of Christ Had served and bled.

MYSTERIOUS AILMENT

CREEMORE, Ont., Feb. 19 — (CP) — A mysterious ailment resembling whooping cough has struck more than 1,000 persons within a 20-mile radius of this village 90 miles northwest of Toronto. At least half of the 800 residents of this community are ill.

OTHERS

Lord, help me to live from day to day In such a self-forgetful way That even when I kneel to pray My prayer shall be for "Others."

Help me in all the work I do To ever be sincere and true And know that all I do for You Must needs be done for "Others."

Let self be crucified and slain And buried deep; and all the while May efforts be to rise again Unless to live for "Others."

And when my work on earth is done And my new work in Heaven's begun, May I forget the crown I've won While thinking still of "Others."

"Others," Lord, yes, "Others!" Let this my motto be Help me to live for others That I may live for Thee.
