**Superflame  
 "TWIN" FLOOR FURNACE**

Super - Efficient  
 with  
 "TWIN" BURNERS  
 plus  
 "FUEL SAVER"

**Gives MORE Heat, MORE  
 Comfort on 1-3 Less Fuel!**

Now, you can have furnace heat without a basement and without costly remodeling... all at a cost little more than you would expect to pay for an ordinary space heater. The sensational new SUPERFLAME "Twin" Floor Furnace heats your entire house more comfortably! Just light it this fall and this furnace gives you constant warmth all winter long! For a small extra payment Automatic Thermostat control can be installed on this unit.

**X-Ray View Above  
 Shows Why It's Better**

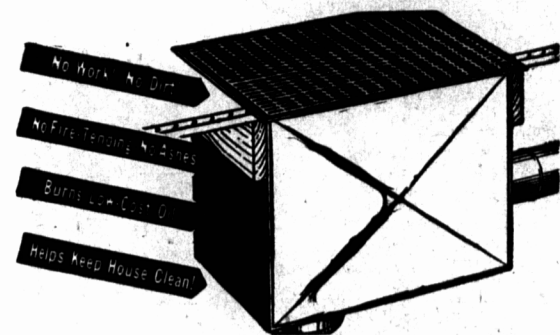

Exclusive, over-size SUPERFLAME "Fuel Saver" increases radiating surface 100%, cuts chimney loss up to 40% and reduces fuel oil bills as much as ONE-THIRD! The only Floor Furnace with two SUPER-radiating heat chambers. "It's like two furnaces in one". Use one when it's mild, two when it's cold. This "twin" feature means better heat regulation, greater circulation! "Twin" exclusive, "Triple-Combustion" burners have 3 stages of combustion (instead of 2). This means a cleaner flame and more heat from every drop of fuel oil!

**Coleman  
 OIL FLOOR FURNACE**

Here is a new kind of heating unit that will bring a new kind of warm-floor comfort to your home. It costs less than the ordinary basement-type of furnace and requires much less space. Now you can make a recreation room, children's play-room or home workshop in your basement or enlarge the one you have. There's no need for a furnace room or fuel bin when a Coleman Floor Furnace is used.

Here's Freedom From Winter Drudgery. No fire-tending — no shoveling dirty fuel—no ashes. This furnace tends itself. Just light it in the fall—then take it easy the rest of the winter. We have, at Summerside and Charlottetown, servicemen who are qualified to render expert future service on these Floor Furnaces.

It Makes Housekeeping Easier Too! No ashes, dust or fuel dirt to get into curtains and clothes, or to track over floors and rugs. That means less dusting, less laundering and less cleaning cost!

Costs Are Remarkably Low. Easily and quickly installed in any home with or without a basement. Needs no costly air ducts. It uses low-cost fuel oil, and its heat-saving features hold fuel cost down.
