ALAN LADD JUNE ALLYSON STAR AT THE CAPITOL SUMMERSIDE

The heroic and romantic personal story of Capt. Joseph McConnell, Jr., is dramatized by Warner Bros. in "The McConnell Story," now at the Capitol Theatre. Alan Ladd and June Allyson co-star in the CinemaScope and WarnerColor film. James Whitmore also stars. "The McConnell Story" is an intimate account of America's first triple jet ace, one of the nation's great flying heroes. McConnell was known as a tiger in the sky and the film reportedly depicts the drama and happiness of his life on the ground as well as his moments of flying glory. The film story moves from an army camp in New England, where Pvt. Joe McConnell dreams of being a pilot, to the skies over Korea, where Capt. McConnell flies the drama advanced aerial weapon of the day—the Sabre Jet. The story shows McConnell as the impulsive young man who falls in love with and marries the girl.

Mobile Blood Donor Here To Conduct Four Days Of Clinics

The now familiar three blue vehicles which carry the twelve members of the mobile blood donor team and all the equipment required, arrived at Summerside last evening. While in the Province during the next four days the team will be conducting blood donor clinics at Tignish, Alberton, O'Leary, Kensington and Montague with an overall objective of 950 donors — 700 whom must be from the Prince County area. The team has just completed a very successful series of clinics in Cape Breton the nurse-in-charge expressed the hope that Prince Edward Islanders would make a good showing this week as the Cape Bretoners did last week. She stressed the fact that there are just as many patients in hospital, and victims of accidents in hospitals requiring blood transfusions during the summer as in other seasons, and therefore just as much blood needed as at other seasons of the year. It is therefore of vital importance that this week's clinic be well attended, both afternoon and evening, in order to maintain the blood bank at an adequate level.
