

# Dr. Rustico Man Faces Possession Charges

With the laying of three more charges of illegal possession of opium, Dr. Rustico MacQuarrie, 40, of Quarrs, South Rustico, now faces a total of five such charges, on which Magistrate James B. Johnston, Q.C., will preside over the preliminary hearings in Queens County magistrate's court.

The new charge alleges that MacQuarrie was in possession of a black and white grade Holstein steer on two counts and a red and white Shorthorn heifer on the third.

Counted by John P. Nicholson, the accused elected trial by judge and jury, and the hearing was adjourned until Sept. 19 at 7:30 p.m.

Prosecutor Alan K. Scobie stated that at the meantime he would look into the request of Mr. Nicholson that the five counts be combined into one information for trial purposes.

On a previous charge of illegal possession of cattle, MacQuarrie was committed to stand trial at the next sitting of the Supreme Court.

Owen Francis McGarry, Hermitage, charged with keeping a still, was remanded until September 18 for judgment. President Magistrate James B. Johnston said that he has had enough opportunity to examine the evidence in the case.

Pleading guilty to having had care and control of a motor vehicle while impaired, a 20-year-old man, Gerald Pinea, 143 Weymouth St., Charlottetown, was fined \$100 and costs or 30 days.

Willard Daniel Mackinnon, Canoe Cove, pleaded not guilty to driving while impaired, and his case was adjourned until Sept. 18 to fix a date for hearing. Convicted of driving in a manner injurious to the public, Allan Charles Robbins, East Royalty, was fined \$75 and costs or 30 days.

The case of Marjorie (Mrs. G. Kerwin), North Rustico, was adjourned by consent of defence attorney Allison Gills until September 23. The accused had previously pleaded not guilty to a charge of having allowed drunkenness to take place in her residence.

Drivers who continue to persist in exceeding the city's 20 m.p.h. speed limit are regularly running foul of the radar speed unit with subsequent appearances before Magistrate A.J. Haslam.

In City Police Court this morning Bylve Howard Murray, Parkdale, Wendell Senter, New Wiltshire and Beryl Egan, Sherwood, appeared on charges of speeding. All received fines of \$12 and costs or five days.

Another speeder, Earl McBride, Traveller's Rest, was fined \$25 and costs or five days. A drunk and disorderly charge against Joseph Doyle, Charlottetown, was withdrawn.

Fines of \$5 and costs or two days were given two accused for failing to halt at a stop sign. A man charged with failing to observe a yield sign was fined \$10 or five days without costs.

A case of failing to stop for a red light resulting in an accident was adjourned to September 18. A drunk and incapable was fined \$20 and costs or 10 days.

### Pension Hike Anticipated For Aged, Blind, Disabled

OTTAWA (Special) — The proposed \$10 increase in old age pensions from \$65 to \$75 could set off a chain reaction that would see a similar hike in old age assistance, blind and disabled persons pensions and the new hold by the Hon. Henry Wedge, P.E.I. minister of welfare and labor.

Following the conclusion of the two-day federal-provincial conference yesterday, said that the raise in the old age security pension would mean an additional revenue to the people of the province of about half a million dollars.

"We have not received a firm commitment from Health as to how the increase in old age security pension would mean an additional revenue to the people of the province of about half a million dollars."

Mr. Wedge said that the federal share of this would be about \$400,000 and that the provincial share of the blind, disabled and old age assistance pensions would amount to around \$125,000 for P.E.I.

He said the only group of people not likely to benefit will be unmarried women. P.E.I. said, because their husbands have been making some contributions to the pension plan before their death.

He said reports indicate the government plans to pay for the Canada Pension Plan through an increase in income, sales or corporate taxes, and apparently it is the intention to leave the contributions to the plan at one per cent from employers and one per cent from employees.

Mr. Wedge said the meeting had been very useful in obtaining information, and he will be making a full report to cabinet on his findings this afternoon. Mr. Wedge has two meetings with government department officials on Wednesday.

He and W. W. Reid, deputy minister of welfare and labor, will be meeting with the provincial labor officials concerning the winter works program. They will ask that the program be retained as before instead of being shortened by 15 days in the fall and 30 days in the spring.

He said early frosts in P.E.I. made it difficult to gear concrete after November 1, the new starting date for winter works projects. In addition, outside projects be retained as before instead of being shortened by 15 days in the fall and 30 days in the spring.

### August Busy For City Police Dept.

With 173 arrests resulting in 166 convictions along with another 79 in court by way of summons, the monthly report submitted by Chief of Police Stenens Weber, shows that one of the roughest months in a long time is behind the police department.

Of the latter the item which stood out most emphasized the drive of city police to curb speeding in Charlottetown. There were 31 drivers appeared on speeding charges and every one of them was convicted.

It was noted from the report that police during the month also received and answered 428 complaints over the telephone. This was in addition to the job of escorting 57 prisoners from police court to jail and 32 on the reverse route. They also investigated 28 motor vehicle accidents, recovered 18 of 28 bicycles reported stolen and inspected 137 yards.

Chief Webster's report, one of which he was co-mand in the City Council by police committee chairman William R. MacNeill, showed the city receiving revenue of \$720 as a result of parking meter violations.

Of the arrests made offences involving misuse of liquor were far in the majority with 158 cases. Of these 9 were drunk and disorderly, 94 drunk and incapable, 10 for drunken driving, 12 for impaired driving and 41 for illegal possession of liquor.

### Maritime Makes Good Progress Across Prairies

OTTAWA (CP) — Harvesting of the Prairies' bumper wheat crop is practically finished in southern districts and for the Prairies as a whole, more than half the threshing is done, the Dominion Bureau of Statistics reported Tuesday.

The general picture at this stage: Wheat yields are generally good except in the Peace River area. Grain quality is generally fair to good.

The DBS report is based on information from field correspondents up to Tuesday night. In the Maritimes wet weather has held up grain harvesting. Some Prince Edward Island potato harvesting is under way and the outlook is promising.
