The terms agreed to between Gens. Grant and Lee are in every respect honorable to the contracting parties. Gen. Grant's letter urging Lee's surrender is worthy of the distinguished source from whence it emanated, and will give honor to his name and the cause which he upholds. Seldom has a beaten General succeeded in obtaining such favorable terms as Gen. Lee, but the gain which Grant thereby obtained more than compensated for all. Doubtless he was glad to secure the surrender of Lee's formidable army on any terms.

The Boston *Courier*, commenting on Lee's army, says:—

"To our mind, no nobler spectacle has been presented to the eyes of the world, since the beginning of this fearful struggle, than the negotiation which has just taken place between Gen. Grant and Gen. Lee. It was arranged with the delicacy and generosity which became honorable opponents who respected each other; and, after a grand trial of mutual strength, shook hands in the desire and expectation of future amity and good will. While the one demanded no mean concessions, the other could yield without any of that humiliation which leaves a sting behind. To save the further shedding of blood, and in the hope of renewed and honorable peace between the citizens of a common country, long estranged from each other, the grand transaction has been consummated on the field of arms."

NEWBERN, March 27.—It is reported here that Gen. Sherman took North a proposition from the Confederates to unite with the South in a foreign war, provided a general pardon is granted to the insurgents, together with return of property, the South accepting the constitutional amendment abolishing slavery.

Thousands of Sherman's Sick have recovered and joined the army, as also detachments of new recruits. The enemy are quiet. Large numbers desert and come into our lines daily.

Wade Hampton's cavalry are threatening a raid on our supplies between Kingston and Goldsboro,' which promises to be a formidable affair. The necessary arrangements have been made for their reception, which will result in Wade's defeat, it not annihilation. Gen. Sherman's men have become so elated and fearless over their many victories that each man is an army in himself. Three of them went out foraging the other day some thirty miles into the enemy's country and formed in line of battle four times, repulsing a detachment of thirty mounted Confederates on each occasion. Small squads of men go all around the enemy and keep up a great alarm in their camps night and day. The cars run through daily from here to Goldsboro. Our joint armies are in good cheer, and very happy.

NEWS BY TELEGRAPH FROM THE SEAT OF WAR.

NEW YORK, April 17, p.m.

Mobile was captured on the evening of the 9th, without much resistance after Spanish Fort fell

The following despatch has been received:

"WASHINGTON, April 17, 11.50.

A man, said to be Surratt, the supposed assassin of Secretary Seward, has just been taken up Pennsylvania Avenue, surrounded by a large cavalry guard, and followed by an immense crowd of people. He was caught in Maryland. Major Seward will be sent for to identify him; as far as can be ascertained he is the man."

NEW YORK, April 18.

The assassins of the President and Secretary Seward have not yet been arrested.

Evidence accumulates that it was a deep laid conspiracy in which not less than six persons were engaged, and contemplated the murder of the President, Secretary of State, Vice President Johnston, Gen. Grant; and two other members of the Cabinet.

Great preparations are being made for the obsequies to-morrow.

Gen. Johnston has surrendered his army to Gen. Sherman.

Steamship City of Baltimore, with one day later news has arrived. The Portuguese Government has acceded to demand of American minister, and removed the commander of Fort Belen who fired on the Niagara. Consols 90¼ a 90½ for money. No change in markets. Gold 146.

NEW YORK, 18th p m.

The news of President Lincoln's murder caused great excitement in Richmond. Gen. Lee was much affected. Hunter fled from the city. Some Federal soldiers threatened violence to prisoners in Castle Thunder, but their officers prevented it. The Rebel soldiers in Libby prison denounce the murder. Citizens of Richmond dread the consequences. Secretary Seward and his son are both improving slowly. Gold 145¾.

NEW YORK, April 19.

We have no particulars regarding the reported surrender of Johnston to Sherman. The latter occupied Raleigh, the capital of North Carolina, on Thursday last. Governor Vance, of that State, was among the prisoners taken.

Jeff Davis was reported to be at Hillsboro, thirty miles west of Raleigh.

Gen. Sherman captured Salisburg, N. C., on the 12th, with 1,300 prisoners, and 19 guns, and 7,000 bales of cotton. He also destroyed 33 railroad bridges, and an immense quantity of military stores.

President Johnson was visited yesterday by a large delegation of Illinoisians, and in response to their assurance of confidence and esteem, the President made a speech, in which he referred to the cause that nerved the assassin's arm, and said that the American people must learn that treason is the blackest of crimes, and that it must pay the penalty.

Both Secretary Seward and his son are recovering.

We have no confirmation of the arrest of the assassins.

Business is entirely suspended throughout the country, the day being devoted to mourning.

(By Telegraph to the Examiner.)

MELANCHOLY ACCIDENT.—On Tuesday last, a little girl, about nine years of age, daughter of Mr. McFarlane, Engineer on board Steam Ferry Boat *Ora*, was accidently killed on board said boat, by falling on the machinery. The poor child had, a few moments previous to the accident, gone on board with her father's dinner, and on sitting on a grating, in the Engine room, the vessel made a lurch—the wind blowing hard at the time—the child fell on the machinery and was instantly killed, her head being severed from her body by the shaft.—*Isl.*

THE GREYHOUND.—This fine Steamer of the Boston and Colonial line, owned by Messrs. Snow & Co. of Boston, arrived here on her first trip to these Colonies during the present week. Unfortunately when she was making this harbor early on Tuesday morning last, she ran aground on the reef at Governor's Island. Schooners were sent out to lighten her of part of her cargo and ballast, but she did not float off until about 3 o'clock on Thursday morning, at which time the tide reached a more than ordinary height. She then came in immediately to her position at Queen's wharf, where the remainder of her cargo has since been discharged. We are happy to learn that she has sustained no very serious damage, yet we believe her injury is such as will require her to be docked for repairs.

The *Greyhound* is a screw iron steamer of nearly 600 tons burden. She is very sharply built, and is about 300 feet in length. Being a captured blockade runner, she was purchased by the above firm, and tastefully fitted up for the above service. We wish her spirited owners every success in their enterprise, and hope they will not be discouraged by the slight misfortune which she has met on this her first voyage to our shores. We were pleased to observe that Franklin Snow, Esq., one of the owners, was among those on board.—*Prot.*

EASTER MEAT.—The show of meat on Saturday last, was, as we anticipated, creditable to this country. Mr. Blake's stall was the centre of attraction, and it is the general opinion of all those who saw the beef and mutton exhibited by him, that they could not be excelled in any market in the world. The beef exhibited by Mr. Bridges was also very creditable. The best beef was from two cows fed by Mr. Blake, and bought, the one from Col. Gray, and the other from the Lieut. Governor. The following facts and figures give the necessary information as to the feeding, weight, &c., of the cattle exhibited:

EXPORTATION FROM MARITISME PROVINCE.—During the past half year, ending 30th June, the importations of Nova Scotia into Canada amounted to $79,073; New Brunswick, $5,893; Prince Edward Island, $1,867; Newfoundland, principally in fish and fish oil, $13,961; making a total of $101,794. In 1860 the same importations amounted to $415,812, the quantity from Newfoundland, principally in fish, being $134,317.

A private letter from England, speaking of a Union of the Provinces, says:—"The feeling in this country is strongly in favor of it; and I think, if not carried, the Colonies will be looked on with great suspicion, and their credit much impaired here. The present uncertainty of the question has reduced the price of all Colonial investments below anything ever known, with money at the same low rate of interest. There is no reason to doubt a further decline in Colonial securities may be looked for."

GREAT FIRE AT PORT AU PRINCE, CUBA.—An arrival from Port au Prince brings details of the great conflagration at that place. It appears that on the 28th of February, at the close of the carnival, the scenery in the theatre took fire, destroying the building, and the flames communicated to the adjoining houses, spreading from one to another, until four hundred buildings were laid in ashes, involving a loss amounting to from forty to fifty million Haytien dollars. The most active business part of the city is destroyed. The government is taking measures to assist the sufferers, and a general subscription is opened for their benefit.

We understand the following gentlemen have been selected for Sheriff's for this Island for the ensuing year:—James McDonald, Esq., New Perth, for King's County; Thomas Dodd, Esq., Charlottetown, for Queen's County; Dugald S. McNutt, Esq., Princetown Royalty, for Prince County.

New York papers say that rooms have been engaged in one of the Hotels of that City for the Confederate General Lee, who, at last accounts, was hourly expected to arrive.

The Steamer *Maid of the West* is to be put on the route between Miramichi and Shediac at once. She will call at the port of Richibucto each trip.

Lost overboard from Schr. *Jona*, on her passage from Portland, Me., bound to Porto Rico, Alfred Connors, of Charlottetown, P. E. Island. Also, while being lifted over the side of the bark Judah Cappe, Coleman Donough, of Portland, died.—*Hx. paper, April 30.*

The new President of the United States (Andrew Johnson) made a speech not long since, urging war to the bitter end, and advocating the hanging of every man connected with the rebellion, closing his remarks with the following sentence:—"We have put down these traitors in arms; let us put them down in law, in public judgment and in the morals of the world." In addressing a mob at Nashville, Tennessee, a few months ago, he advocated the division of the property of the rich amongst the poor, and even mentioned the names of a number of persons whose possessions he thought ought to be given to the needy. Such is the man called upon to rule thirty millions of people.

The Portland (Maine) *Advertiser* says that the Federal Government has notified the Montreal Ocean Steamship Company and the International Company, that if any of their vessels hereafter going out return and bring passengers to that port from whom passports are required, and who have not provided themselves with them, their steamers will not be allowed to land any passengers or cargo at any port of the United States, but will be ordered to sea again.

RECIPROCITY TREATY.—The formal notice of the discontinuance of the treaty has been received by the British Government, and laid before Parliament by Earl Russell.

CHALLENGES THE WORLD.—Mrs S.A. Allen's World's Hair Restorer and Zylobalsamum, or Hair Dressing, are acknowledged by all who use them to be the best preparations for restoring, invigorating, beautifying and dressing the hair; they arrest the fall and impart a healthful and natural color to the hair. Every Druggist sells them.—W. R WATSON, Agent for P. E. Island.

REFORM IN RUSSIA.—The following extract from the recent rescript of the Emperor Alexander refers to the petition of the nobility for a constitutional form of Government:—

"The reforms happily accomplished during the ten years of my reign, and those which are now in process of execution under my orders, testify sufficiently to my constant solicitude for the amelioration and perfection of the different branches of the political organization of the State, so far as possible, and in the order marked out by my will. The right of initiative in the various portions of this work of gradual perfection belongs solely to me, and is indissolubly bound up in the autocratic power entrusted to me by God.

"In the sight of my faithful subjects, the past should be a guarantee for the future. It is not permitted to any among them to prejudice my incessant efforts for the welfare of Russia, and to anticipate the decision of questions touching the fundamental principles of the institutions of the State. No one class has legally the right of speaking in the name of the other classes. Nobody is privileged to intercede with me in favour of the general interests and necessities of the State. Such deviations from the order established by the legislation in vigor, can only shackle the execution of the plans I have traced out for myself. In no case will they be able to attain the objects toward which they may be directed. I entertain the firm conviction that I shall not henceforth encounter similar obstacles upon the part of the Russian nobility, whose secular services rendered to the throne and the country are always present to my memory, and in whom my confidence has always been, and remains, unalterable."

HOLLOWAY'S OINTMENT AND PILLS.—Fistulas, Piles, Excoriations, and strictures, are speedily relieved and ultimately removed by applying this Ointment after fomentation with warm water. Persons suffering from these scourges of the human frame should arrest their progress at once, for it is both insidious and rapid. Fistulas, if long allowed to go on unchecked, not only weaken the nervous system, but destroy life. The sooner these inestimable remedies are used the more certain is success; yet none need despair, hopeless cases have often yielded, and the sufferer has been saved a painful death. In excoriations, a few applications of this healing Ointment effect a cure, while the Pills, conjointly used, are especially beneficial in relaxing and removing strictures, whatever their situation or duration.

JUDSON'S MOUNTAIN HERB PILLS.—How strange and wonderful it often seems to us that a medicine composed of simple mountain herbs and roots, should so certainly search out and cure disease. How surprising that the Indians should know and preserve so long and well a secret that has escaped the search of the greatest physicians the world has ever seen. True, the ancient inhabitants of Mexico were a strange race, found by the Spaniards living in large cities, and, allowing for their strange customs and religion, as well civilized as their conquerors. In the words of a writer of some celebrity, "they have perished from the earth, their cities are gigantic piles of ruins; their Kings and Princes, so mighty in their life, are forgotten; their ruins and their medicine alone are left." The united testimony of all intelligent persons is, that JUDSON'S MOUNTAIN HERB PILLS are the most successful medicine in the world in curing diseases. Sold by all Medicine Dealers.

The New York *Tribune* says, "The reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The *Tribune* just hits the nail on the head The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size. At least twenty imitations and counterfeits have sprun up. They impose upon the people once and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an *immediate* beneficial effect. Facts are stubborn things.

NEW-BEDFORD, *Mass.*, Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicines failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner. Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.

Respectfully, JUDITH RUSSEL."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St. N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself, and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume The best evidence is to try them. They speak for themselves. Persons of sedentary habits, troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of re-filled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an impostor. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.

Cleanse the Blood.

With corrupt, disordered or vitiated Blood, you are sick all over, it may burst out in Pimples, or Sores, or some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure AYER'S SARSAPARILLA purges out these impurities and stimulates the organs of life into vigorous action, restoring the health expelling disease. Hence it cures a variety of complaints which are caused by impurity of the blood, such as *Scrofula* or *King's Evil, Tumors, Ulcers, Sores Eruptions, Pimples, Blotches, Biles, St. Anthony's Fire, Rose* or *Erysipelas, Tetter* or *Salt Rheum, Scald Head, Ring Worm, Cancer* or *Cancerous Tumors, Sore Eyes, Female Diseases,* such as *Retension, Irregularity, Suppression, Whites, Sterility,* also *Syphilis* or *Venerial Diseases, Liver Complaints,* and *Heart Diseases.* Try AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment have followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call the compound "Sarsaparilla," and intend to supply such a remedy as shall rescue the name from the load of obloquy which rest upon it. We think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. We can only assure the sick that we offer them the best alterative which we know how to produce, and we have reason to believe it is by far the most effectual purifier of the blood yet discovered by any body.

AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipent Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them

HUNNEWELL'S UNIVERSAL COUGH REMEDY.

There is, probably, no line of diseases which has been more erroneously treated than Throat and Lung Complaints.

There is also not a recipe written, nor a preparation before the public for the above complaints, that does not contain Ipecac, Antimony, Lobelia, or Opium, in some form or other, which I claim to be entirely unnecessary in nine-tenths of such cases, as they produce nausea, cause the stomach to repel food, and allow disease to triumph over what nature requires to keep up strength.

Again, these objectionable components cause doses to be placed so far apart, that the irritation which causes the cough gets the upper hand, and the foundation of weak lungs or consumption is permanently laid

A true Cough Remedy should not only be the pocket, bedside, or nursery companion of all, and to be used just as often as there is tickling in the throat, or disposition to cough, but to allow of its free use after the cough is checked, to clear away all remaining irritation, and make the cure perfect.

Cases of most violent Sore Throat, with all the symptoms of Diptheria have been entirely cured by making a constant use of the Cough Remedy as a Gargle. For Hoarseness it is invaluable.
