THE DAILY EXAMINER.

DECEMBER 10, 1878.

The Veterans of the Capes—Mails—The Winter Route.

Messrs. Muttart and Irving were in town to-day; and we are pleased to learn that the Post Office Department is about concluding an arrangement with them for the prompt conveyance of the mails so soon as the Northern Light ceases to ply regularly between Georgetown and Pictou.

We are happy to note that Messrs. Muttart and Irving are hale and hearty; and we have no doubt that they still possess the vim and sagacity which have rendered them so successful in their extremely difficult and hazardous winter work; and so popular with the travelling public.

Canada Under Earl Dufferin.

We have received from the Agent for the Maritime Provinces—Mr. J. L. Stewart, St. John—a handsome copy of Stewart's History of Canada Under the Administration of the Earl of Dufferin.

As Our Neighbors See Us.

The special correspondent of the St. Louis Missouri Republican, the oldest and most widely circulated paper in the whole Mississippi Valley, gives a series of pen-pictures of personages who figured in the Vice-Regal reception at Halifax.

But seated at the head of the long table, with the Marquis above and behind him at his left shoulder, is really the most remarkable man in the whole assemblage. I mean the Right Honorable Sir John A. McDonald, Prime Minister of Canada.

The following coming from an American, is likewise worthy of notice:—

The meeting of all these notabilities at Halifax has naturally created much enthusiasm. But let there be no mistake about it, the enthusiasm of these Canadians, like dramatic madness, hath a method in it.

At Liverpool, N. S., the other day, Mr. Allan Farquharson accidentally fell upon a knife which he held in his hand, and which severed an artery in his throat, causing his death.

County Line Station Notes.

(By our own Correspondent.)

At the request of the members of "Holy Magi" C. T. A. Society, Freetown, the Rev. R. B. McDonald, P. P., Miscouche, on Thursday last delivered a most impressive and telling lecture on Temperance to a very large and attentive audience.

See See Jones is in this vicinity, and doing a big trade in boring wells and setting down his Patent Combination Barrel Pumps, to the entire satisfaction of the people.

Whence Manitoba Derives Its Name.

Manitoba Lake, which has given a name to the Province formed out of the Red River region, is called after a small island, whence, in the stillness of the night, issue strangely sweet, mysterious sounds.

Financial and Commercial.

In New York the selling rates for prime bankers exchange are now quoted as follows:— 60 days, \$4.82½ equal to 8½ per c. premium.

Here the banks charge 8½ and 10 per c. premium, and buy at about 8 and 9½.

LONDON, Dec. 7. Yesterday's rumor, although not confirmed, is reiterated on the London Stock Exchange to-day, where it is persistently asserted that the bank will fail unless upheld by outside assistance.

All the newspapers mention rumors of commercial and financial troubles, but do not mention names. They say up to the close of the market the rumors were not confirmed.

The Guardian's London report says the rumor that there has been a run on an important Provincial Bank was the reason for uneasiness, but it appears that the depositors and others interested had been needlessly alarmed, the London agents of the bank having shown confidence by paying all drafts presented to them.

Chilian advices confirm previous reports regarding the seizure of the ship "Devonshire," for illegally loading guano. Lima dates to Nov. 16 states that the ex-President Prado's assassination occurred while he was entering the Senate Chamber.

MOVEMENTS OF THE FISHING FLEET.—The weather has been unfavorable for the Shore fishermen the past week, and very little has been done. The number of arrivals in other departments has been unusually small, and the week has been a dull one for the fishing interest.

NEWS BY TELEGRAPH

OTTAWA, Dec. 8.

The "Official Gazette" contains notices of the appointment of officials of the Vice-Regal household: Major DeWinton, Secretary; Col. Littleton, Military Secretary; Hon. R. Moreton, Comptroller, and Capt. Chater and Lieut. Harbord, Aides.

The Marquis and Princess walked into the city yesterday, and made several purchases from different stores. They were out for a long walk to-day, being accompanied by two members of the Vice-Regal staff.

The weather has been quite cold during the past two days, with a heavy frost to-night.

LONDON, Dec. 8.

The new 4 per cent. Canadian loan, £3,000,000, was tendered yesterday. Only £1,619,000 was allotted at an average of 99 1/2.

Rumors of a new political treaty between England and Turkey originated in the fact that Minister Layard recently submitted to the Porte various claims treating in detail three of the chief points of previously adopted reforms.

A telegram from the Captain of the British troop ship "Orontes" says there is no truth in the report, cabled from Halifax, that a boat's crew from that ship had been lost in attempting to rescue a man who had fallen overboard.

LONDON, Dec. 8.

A Lahore despatch says the reply of the Ameer of Afghanistan to the Viceroy of India's ultimatum has been received by the Indian Government. The Ameer criticises the professed friendly intentions of the British Government, and alludes to its action in the past.

The Standard's special from Thull says that the British killed at Peiwar are now estimated at 20.

The vast supplies the Afghans had accumulated for winter in the villages around Peiwar greatly relieve the commissariat.

The Operations Against the Ameer.

The special correspondent of the "Daily News" at Simla telegraphs peculiarly the strength of the three armies which are to operate against Afghanistan. These consist of the Quetta army, the Peshawur Valley army, and the Kuram column.

Sensible Advice.

You are asked every day through the columns of newspapers and by your Druggists to use something for your Dyspepsia and Liver complaint that you know nothing about, you get discouraged spending money with but little success.
