

### Assassination Rifle Used In Walker Attack

DALLAS (AP) — The mail-order rifle believed to have killed President Kennedy was the same one used in an attack on former Gen. Edwin Walker, a police ballistic test report indicated Tuesday.

The report was made public by Dallas Police Chief Jesse Curry and the chief of detectives, M. W. Stevenson. Stevenson said points of comparison of the slug which was aimed at Walker match fragments of the bullets which took the president's life.

"The ballistics report cannot be final or conclusive," Stevenson said, "but generally the comparison points of the slugs were good."

The ballistics report, coupled with Marina Oswald's statements to the Federal Bureau of Investigation, point to her late husband—Lee Harvey Oswald—as not only the slayer of Kennedy but also as the sniper who fired a shot at Gen. Walker. Walker was alone at his home when a sniper's bullet tore into his residence, skinned his head and plowed through a wall.

### PM Promises Fishermen's Aid

OTTAWA (CP)—Prime Minister Pearson said in the Commons that the government's plans to improve farm credit legislation will be matched by credit assistance for fishermen.

He had been asked by Tom Barnett (NDP—Cons.—Alberta) why no mention was made of fisheries assistance Thursday when the prime minister referred to forthcoming farm credit improvements.

Mr. Pearson said he was "very conscious" of the fact he had not mentioned fisheries at that time but he said any action on farm credit would be paralleled by help for fishermen.

### Sullivan Show To Be Carried

NEW YORK (CP)—Columbia Broadcasting System has announced that the Ed Sullivan variety program will remain as a 60-minute show and not expand to 90 minutes as planned.

As a result, the Canadian Broadcasting Corporation announced it will continue to carry the Sullivan show on Sunday evenings at 8 p.m. EST (9 p.m. AST) followed by Bonanza.

CBC had earlier planned to drop the Sullivan show because the extra half-hour would conflict with scheduling of Bonanza which runs from 9-10 p.m. EST (10-11 p.m. AST).

### NAMES LEGATE

VATICAN CITY (Reuters)—Pope Paul has named Cardinal Paolo Marini, archbishop of St. Peter's Basilica in the Vatican, to be his legate at the opening of the pavilion of the Holy See at the New York world's fair April 21 and announced Monday. On view in the pavilion will be Michelangelo's marble group of the Pietà from St. Peter's and a reproduction of St. Peter's tomb in the Basilica.

### WITSTANDS FORCE

A shatter-proof mirror designed primarily for Britain's optical industry is 1,500 of an inch thick.

### Heads Students' Festival Tour

Local students are planning a mass visit to the drama festivals currently taking place across the country. Supervising the trip is Mr. Gunther Actros, well-known actor and teacher. Some 60 strong, they have chartered a **Canadian National** coach for their exclusive use. Apart from being more fun, the excited students say it's the only way they could afford the trip. One charming young thespian summed up: "It's smarter to charter—and cheaper by far!" The group chartered an entire CN coach and saved as much as 35%. And they charter sleepers for overnight trips. When asked about their travel arrangements for smaller groups, they were just as lassy with another CN answer: CN's Party Passes. They can save 10% to 20% over and above the big savings on Red 'Bargain' and White 'Economy' Days. In fact—the stage whisper around here is 'Let Canadian National handle all your group trips!'
