ARCHIBALD SCOTT, Esq.

SIR,—As the Agent of various *Fire Insurance Companies*, I beg to bring under your notice my *PATENT ARTIFICIAL SLATE.* This composition has been upwards of, three years extensively used in New Brunswick, Newfoundland and Prince Edward Island, the Canadas and Nova Scotia, principally for covering shingled roofs, as you will perceive by the accompanying circulars of certificates. It has been severely tested, and proved most success fully its fire proof qualities under most extraordinary circumstances; so much so, that I am of opinion that Fire Insurance Companies should encourage its general application to all kinds of wood building (where the color would be no objection to its being used, such as he back walls of dwellings in the city, out houses, ware-houses, &c., as well as the roofs) by lowering the premium of insurance on such buildings as are covered.

I have the honor to be, sir,
Your obedient servant,
J. W. ROSS.
Patentee and Manufacturer

Halifax 14th July, 1853.

SIR,—In answer to your note of the 12th inst. I consider the use of your "Artificial Slate Paint" on shingled Roofs, as greatly diminishing the risk against Fire—I have frequently reduced the premiums on Buildings in the Country, upon its application,

I am, sir, your ob't servant.,
ARCH'D. SCOTT.
Insurance Agent.

The Wonder of the World!

Devines' Compound Pitch Lozenge.

THE Great Remedy is at last discovered, and COUGHS, COLDS, ASTHMA. COSTIVENESS AND CONSUMPTION have lost their terror, and vanish as as if by magic before this Sovereign remedy. Was it ever before known that, *Hopeless cases of Consumption were crred for less than $5?*

Truly, if any individual is to be pitied, and needs sympathy, it is the consumptive,—always expecting to get well, and yet the painful evidence of decay almost "makes the inner soul shrink with the outer flesh."

"Some bloom as roses bloom,
And live as roses live,
A single morning space!"

While others, in more mature life,—by some imprudence and a slight cold neglected,—in the hectic flush, the painful cough,

"The prints of their parting steps appear."

All we ask is this one question:—If you have got mucous membranes, or any other members of the body that are "heirs to ills."—are you not interested in this *great remedy*, DEVINES' COMPOUND PITCH LOZENGE.

THE NEW YORK TRIBUNE

WEEKLY—ENLARGED.

ON the 11th of last April *THE DAILY TRIBUNE*, having completed its twelfth year, was enlarged more than one fourth, or to the size of *The London Times* making it considerably larger than any other cheap Daily published in this country or in the world. No change in price was made in consequence of this Enlargement—the paper being still afforded to Mail Subscribers at $5 per annum and sold to Carriers and to Agents ordering it by Express or Mail for distant sale at $1 50 for one hundred copies, or $15 per thousand copies, payable in advance. At these prices our aggregate receipts for our entire Daily edition do not exceed the sums we pay for Paper and Ink, leaving all other expenses to be defrayed from our receipts for Advertising. In other words, we return to each purchaser of our paper from us his money's worth in the naked sheet we send him, looking for the reward of our own labor and the heavy expenses of Telegraphing, Correspondence, Reporting, Composition, Printing, Mailing, Book-keeping, Rent, &c., to our Advertisers alone. We do not think it now possible to cheapen newspapers beyond this point; if it ever shall be hereafter, we intend to be even with the foremost in demonstrating the fact.

Our *SEMI-WEEKLY, EUROPEAN* and *CALIFORNIA* editions were enlarged simultaneously and equally with the Daily, and also without any increase of price. We respectfully solicit a comparison of our Semi-Weekly at $3 per annum, [two copies sent a full year for $5. and ten copies for $20,] with any $4 or $5 Semi-Weekly, and will cheerfully send copies for this purpose upon directro post-paid application.

THE NEW-YORK WEEKLY TRIBUNE entered on its thirteenth year on the 3d of September, it was enlarged to the size of the Semi-Weekly and Daily, adding more than one-fourth to its capacity—also without increase of price. This Enlargement adds at least $20,000 per annum to our expenses, in addition to the previous cost of our Daily Enlargement already effected. All our editions from the 1st of September appeared in entirely new and beautiful type, prepared expressly for this paper. Our Steam Cylinder Presses are not surpassed by any in the world. Even though our Weekly Edition should be rapidly run up to 100,000 copies, we are prepared to print and mail every copy on the day (Thursday) that the form is put to press, without interrupting or retarding the regular issue of our three Daily editions, amounting to Twenty-odd Thousand copies. We stand ready to adopt any improvements, however expensive, which will enable us to disseminate intelligence more freshly and effectively, and shall especially hail, as we labor to effect a radical improvement in the celerity and reliability of the Mails.

THE TRIBUNE has not now its character to make or to proclaim. It has not been and never can be a mere party organ. It has supported the Whig party because the distinctive principles of that party appeared to favor the great ends which it has laboured to subserve; it never advocated a measure because it was proposed or sustained by the Whig party. It holds itself at all times as free to condemn unsound principles, unwise measures or corrupt acts should the two former be propounded or the latter perpetrated by Whigs' as though they had emanated from the hostile camp. In so far as Peace, Liberty, Education, Temperance, Internal Improvement and Industrial Development may be subserved by acting with the Whig party, it must continue to be, as it has been, Whig.

Though never acting with any Abolition or other one-idea party. *THE TRIBUNE* is and must be the relentless foe of Human Slavery, as of whatever else tends to degrade Labor and obstruct the intellectual and social development of any portion of mankind. Were it able to perceive that a vote in New-York could abolish Slavery in Carolina, it might attatch itself to some one of the expressly Anti-Slavery parties: lacking that light, it declines to abandon the substances for the shadow of political good. But while it does not see its way clear of any effective Political action against Slavery in the States which now cherish it, it regards the defeat of whatever effort to extend the giant wrong under the flag of our Union, or to obstruct by its power the progress of Abolition in other lands, as among the most urgent and sacred of public duties, not to be subordinated to any party consideration whatever. And, while it does not propose to make Anti-Slavery the basis of Political action, other than defensive, it will neglect no opportunity, remit no effort, so to diffuse Light and Truth as to render the continuance of Slavery impossible in a land irradiated by the sun of Christianity and boasting itself the great exemplar of Political Justice and law-guarded Freedom.

For Temperance in all things, but especially the disuse of Intoxicating Beverages and the legal suppression of the Liquor Traffic, we shall struggle, as we have struggled, unflinchingly and untiringly. We regard the Maine Law as essentially the most beneficent statute of our day, and confidently hope to see it soon prevail universally.

The Congressional Reports and Washington Correspondence will, as heretofore, be both reliable and satisfactory.

The Markets for Grain, Cattle, Cotton and other products of the country, will receive proper attention, and be reliably reported in *THE TRIBUNE.*

On our correspondence with the most important points throughout the world we need not here dilate. Of the fact that our Associate, *BAYARD TAYLOR*, is now on the other side of the globe, sending us advices from the seat of war in China, and expecting soon to depict for our readers the physical, moral and social characteristics of jealousy-guarded Japan, the public is already aware. He will probably return by way of Australia and California, in both of which we have several correspondents. Briefly—we shall spare no expense to keep our readers well advised on every subject of interest, and doubt not that the same generous measure of patronage hitherto accorded to us will continue to repay all our exertions.

Any friend who believes he will do good by increasing the circulation of *THE TRIBUNE* is authorised to solicit and receive subscriptions; and, on due proof that money has been mailed and post-paid to our address, we take the responsibility of its safe transmission. Specimen Copies will promptly be sent without charge to those requiring them, and we trust many friends will be moved to ask their neighbours and acquaintances to join in making up a Club to commence with our Enlarged Sheet and New-Type on the first of September, or at any time thereafter.

A limited amount of space in the *WEEKLY TRIBUNE* will be appropriated to advertising.

The Renowned Remedy!

HOLLOWAY'S OINTMENT.

A MOST ASTONISHING CURE OF SCROFULOUS ULCERS—A CASE CERTIFIED BY THE MAYOR OF BOSTON.

Copy of a Letter from J. Noble, Esq., Muyor of Boston, Lincolnshire.

To Professor HOLLOWAY,

Dear Sir,—Mrs. Sarah Dixon, of Liquorpond street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules, as to diet, &c., she was perfectly cured, and now enjoys the best of health.

I remain, Dear Sir, yours truly,
(Signed) J. NOBLE.

AN EXTRAORDINARY AND RAPID CURE OF ERYSIPELAS IN THE LEG, AFTER MEDICAL AID HAD FAILED.

Copy of a Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated January 12th, 1853.

To Professor HOLLOWAY,

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment, when I was advised to have recourse to your Oiurment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighborhood similarly afflicted, who derived equal benefit.

I am, Sir, your obliged and faithful Servant,
(Signed) ELIZABETH YEATES.

A DREADFULLY DISEASED ANCLE CURED AFTER BEING GIVEN UP BY THE FACULTY, AT MALTA AND PORTSMOUTH HOSPITALS.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King-st., Norwich.

Copy of a Letter from Captain Smith, of Great Yarmouth, dated January 19th, 1853.

To Mr. DIXON,

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines:—Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ancle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ancle became so much worse that all hope was lost. At this period, by my advice, he tried Holloway's Ointment and Pills, which, by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,
(Signed) JOHN SMITH.

Albert Hotel, Great Yarmouth.

SURPRISING CURE OF A BAD BREAST, NERVOUS DEBILITY, AND GENERAL ILL HEALTH.

Copy of a Letter from Mr. T. F. Ker, Chemist, &c., Lower Moss-lane, Manchester, dated February 12th, 1853.

To Professor HOLLOWAY,

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mr Martha Bell, of Pitt-street, in this town, had been for a considerable time laboring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result; in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was persuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved, and the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain dear Sir, yours faithfully,
(Signed) T. FORSTER KER.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Cancers	Sore-throats
Bad Breasts	Contracted and Stiff Joints	Skindiseases

[*"To commend these works is superfluous; they have met with universal approbation from the British press and public. That the periodical press, representing so great a variety of religious and political opinion, should have so generally noticed them, and that too with high commendation, is a circumstance exceedingly rare, if not altogether unparalelled. They have charms for the merely literary man, and they will obtain a hearing for evangelical truth in quarters from which it would otherwise be excluded."*]—*Kitto's Journal.*

AYER'S PILLS,

A NEW and singularly successful remedy for the cure of all Billious diseases — Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Billious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors. and Patients, has shown results surpassing anything hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the eminent gentlemen to whom we are allowed to refer for these facts, are

PROF. VALENTINE MOTT, the distinguished Surgeon of New York City.

DOCT. A. A. HAYES, Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts.

IRA L. MOORE, M. D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.

H. C. SOUTHWICK, Esq., one of the first merchants in New York City.

C. A. DAVIS, M. D., Sup't and Surgeon of the United States Marine Hospital, at Chelsea, Mass.

Did space permit, we could give many hundred such names, from all parts where the Pills have been used, but evidence even more convincing than the certificates of these eminent public men is shown in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process, in a state of purity and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities; by this, each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effect should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formula by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject, freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting wherever they exist such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see the wrapper on the Box.
