It's time again

TO TAKE A GOOD LOOK AT YOUR HOME

It pays — in hard cash — to give your home a careful "once over" every year. And spring is the most convenient season to make repairs — or to modernize.

Every bit of repair work neglected, every crack, every flake of peeling paint means a loss in dollar value — a depreciation of one of your most valuable assets.

If you need more cash than you have on hand to make these repairs and improvements, see your B of M Manager. He'll be glad to talk things over with you. You'll be surprised at the low cost of a B of M loan — and the easy repayment terms.
