

IN MEMORIAM

JAMES D. COFFIN
The residents of Rollo Bay West and surrounding communities were saddened on April 17 by the death of James D. Coffin, in his 73rd year, at his home where his family had faithfully cared for him during his illness.

ly, spoke comforting words to the bereaved.
Having done good to all he seemed to be sleeping peacefully in a garden of beautiful flowers received from the following:

Murray Harbor Notes

Mr. John Hogan of Charlottetown was a business visitor to Murray Harbour on Monday.

Miss Barbara MacKinnon of Charlottetown is enjoying a pleasant holiday with friends at the

Harbour, on returning to the City Miss MacKinnon will be employed at the Travel Bureau for the summer months.

Mr. Jack Rowe was a visitor to Murray Harbour and vicinity last week.

Mr. Albert Griffin well known lobster packer of Souris was a business visitor to Murray Harbour on Tuesday.

Mr. Frank Murdock has joined the crew of the dragger Murray Harbour 1 and will be employed there for the next couple of weeks.

The many friends of Mr. Luther Herring are happy to see him around and about again in his usual good health. Mr. Herring a veteran of both world wars had been under treatment at the Veterans' Wing of the Prince Edward Island Hospital.

Mr. Jock Larabee of Charlottetown has taken over as fireman on the Murray Harbour train.

Mr. Albert Lavers C.N.R. track foreman was a business visitor to Murray Harbour on Tuesday and Wednesday.

The schooner George Buelah, with the owner Capt. Milton White in charge arrived in her home port over the week-end, from Port Hawkesbury. Capt. White who disposed of his cargo of produce at several centres in Cape Breton had his schooner overhauled and painted at the Marine slip at Hawkesbury before returning to the Island.

Mrs. Ernest MacKinnon, of the staff of Prince Edward Island Hospital, is enjoying a happy vacation at Murray Harbour where she is the guest of her brother-in-law and sister Mr. and Mrs. Roy Nicolle.

Mr. and Mrs. James Herring have returned from a pleasant two months holiday spent in Boston and other American cities, on return they were accompanied by Johnnie Gosbee son of Mr. and Mrs. George Gosbee who had been visiting friends at Belmont Mass.

Miss June Burgess and Mr. Marvin Burgess of Belmont Mass., arrived by car at Murray Harbour over the week-end for a brief holiday. They were accompanied to the Island by Mrs. Roy Brooks and Mary Gosbee who had been visiting friends in the United States for the past several weeks. While in Murray Harbour Miss Burgess and Mr. Burgess will be the guests of Mr. and Mrs. Brooks.

The many friends of Mr. Albert MacLeod will be pleased to learn that his condition is reported as being greatly improved. Mr. MacLeod one of the Harbour's oldest and most popular citizens was suddenly stricken on Sunday and his condition caused grave concern among his relatives and friends.

Lobsters are indeed scarce and as is natural the scarcity puts them in ever greater demand. A new all-time high in prices is established today only to be topped by a higher one tomorrow. Over the week-end two refrigerated trucks from the United States were in this vicinity seeking to purchase the "diamonds of the deep". Mr. Rine of Boothbay Maine, arriving for his third load and Mr. Abbott, of Mystic Conn., for his first contact in this area.

The road machines are now at work putting the highway from Montague to Murray Harbour in passable condition. Several of the impossible stretches of pavement have been torn up, crushed and levelled prior to being repaved. The pot holes too are being filled and it is hoped that very soon the entire highway will be fit and safe for travel.

Mr. George Harris well known throughout this District as a great fisherman and known throughout the Province for his prowess in the National winter pastime of hockey had a narrow escape from drowning while attending to the hauling of his fishing gear on Saturday. It appears that the ropes of the dump trawl caught around Mr. Harris' legs pulling him overboard and quite naturally under as they headed for the bottom. The timely and spirited action of his helper Mr. Sam Hopkins undoubtedly saved Mr. Harris' life. This is the sixth person that narrowly escaped being drowned at Murray Harbour this season.

Mr. and Mrs. Simon Rog and their son, Simon Jr., recently of the Hague, Holland, have arrived in Murray Harbour where they plan to reside. During their first few days they were the guests of Mr. and Mrs. Laurie Gordon but are now established in a home of their own. Mr. Rog has already found employment having joined one of the dragners working out of Souris. However he will return to Murray Harbour early next month to join the crew of the dragger being purchased by Messrs Gordon and White and which is due to be delivered at the Harbour the last of June. The citizens of this District extend a real royal welcome to the Rog family and trust that they will find it may smile upon their effort in this land of their choice. —CH.

WRITTLE, England (CP)—Rev. J. O. Nicholas sat in the centre of this Essex village by his damaged church bell and personally collected £329 for a new one. A beam eaten away by death-watch beetles had crashed into the old bell.

There's only one DITHANE recommended wherever potatoes need complete blight protection There's a reason for the widespread acceptance of DITHANE for blight control. Potato growers everywhere have found—through side-by-side field tests—that DITHANE offers effective protection, promotes larger yields, safeguards vines and foliage. Compared with crops treated with other materials, DITHANE-protected fields consistently out-produced them by 35 to 50 bushels per acre. What's more, there were more No. 1's in every bushel! DITHANE offers proof... not more claims. And successful P. E. I. growers—your neighbors—know that it's proof that counts. They can't afford to risk an entire crop by using unproved fungicides. That's why they prefer DITHANE. Ask your dealer for DITHANE today. DITHANE is a trademark. Reg. Canada and U. S. Pat. Off. and in principal foreign countries. ROHM & HAAS COMPANY OF CANADA, LTD.
