50c each: Priscilla MacDonald, Preston MacLeod.

Total—\$4.00

Vastly more employment for Island labor will be provided in the fishing industry due to the use of the new type draggers, it was stated in the Legislature this week by Hon. Brenton St. John, First Kings, as he offered congratulations to the Department of Industry and Natural Resources for the work it was doing.

Through the department, he said, fishermen were getting the benefit of advanced methods of fishing and as a result would be larger catches for them and more employment on land for labor in the various plants. This was already apparent in Souris where a plant is trying out the system of frozen fillets and is expected to employ approximately 125 men and women in this year.

Mr. St. John stated that he personally sampled the fillets last year and found them excellent and added that the quality of the product had produced the company handling them with an outlet for all the fillets the plant produces.

The speaker was appreciative also of the work of the department in aiding farmers, especially through the imparting of knowledge as to the proper management of the woodlots of the Province. He noted that handled correctly a woodlot will grow trees many times faster than one which is neglected wherein the loss of wood through rot, grazing animals and disease and insect infested trees is often greater than the growth provided.

In approving of the Trans Canada Highway, he reminded the members that a look into history showed that nations in the past progressed only so much as they improved their means of transportation and communications. "Many nations have grown great because they knew how to utilize land routes".

He thought steps should be taken to expand the electrical services in the Province to the limit of power production and would particularly like to see extension of service through such populated sections as St. Margarets and other places in his district.

The Minister without Portfolio told the members that here in this Province we should have more faith in ourselves and in our resources. He thought our own abilities were great enough to provide us with many of the benefits which the people of the Island desire. He said Providence has given us many opportunities and asked that the people use them to the fullest for their own sake and the benefit of future generations.

Assent to several bills passed in the present session of the Legislature was given yesterday by His Honor Lieutenant Governor T. W. L. Prowse when he visited the Chamber following the presentation to him of the Address in reply to the Speech from the Throne.

Among the bills receiving assent "in the name of Her Majesty" were an Act to amend the Statute Law, an Act to Confirm the Revised Statutes, an Act to Amend the Bang's Disease Eradication Act, an Act to Amend the Trustee Act, an Act to Amend the Companies Act, an Act to Suspend Temporarily the Imposition of Income Taxes, Succession Duties and Certain Corporation Taxes, an Act to Provide for the Licensing or Registration of Certain Corporations and Persons, and an Act to Amend the Legislative Assembly Act. The latter amendment increases the indemnity and expense allowance of members of the Legislature by \$500 each.

According to custom the bills were presented to His Honor by Mr. Thomas Cullen, Clerk of the Legislative Assembly.

Bills Receive Governor's Assent

Assent to several bills passed in the present session of the Legislature was given yesterday by His Honor Lieutenant Governor T. W. L. Prowse when he visited the Chamber following the presentation to him of the Address in reply to the Speech from the Throne.

Among the bills receiving assent "in the name of Her Majesty" were an Act to amend the Statute Law, an Act to Confirm the Revised Statutes, an Act to Amend the Bang's Disease Eradication Act, an Act to Amend the Trustee Act, an Act to Amend the Companies Act, an Act to Suspend Temporarily the Imposition of Income Taxes, Succession Duties and Certain Corporation Taxes, an Act to Provide for the Licensing or Registration of Certain Corporations and Persons, and an Act to Amend the Legislative Assembly Act. The latter amendment increases the indemnity and expense allowance of members of the Legislature by \$500 each.

According to custom the bills were presented to His Honor by Mr. Thomas Cullen, Clerk of the Legislative Assembly.

Queries Minister About Bus Project

OTTAWA, March 28—(Special)—Transport Minister Chevrier told W. Chester S. McLure, Conservative member for Queens in the House of Commons today that he would make enquiries and reply later to a question of replacement of rail by bus service on Prince Edward Island. During the question period, Mr. McLure asked the minister:

"Is it the minister's desire to replace all Canadian National Railways rail passenger services on Prince Edward Island with bus service, except train numbers 39 and 40 between Charlottetown and Borden, as announced by W. E. Robinson, vice-president and general manager of the Atlantic region of the Canadian National Railway?"

Mr. Chevrier immediately said that the Minister of Transport would have no jurisdiction to replace passenger trains by automobile carriers. He said he presumed Mr. McLure had in mind a decision handed down by some board having to do with C. N. R. operation on Prince Edward Island.

Jewelry Stolen

KINGSTON, Jamaica, March 28—(CP)—Family jewelry valued at about \$20,000 was stolen today from the residence of Mrs. Sheila Bryce at nearby St. Andrew. A native of England, Mrs. Bryce has been living here for some years. Police declined to give details of the theft.

Services were conducted by Rev. J. T. Irwin assisted by Lic. V. W. Thurber. The pall bearers were, Henry Douglas, A. B. Bagnall, Ross McEwen, Arthur Coffin, Ernest Cameron, and William Doyle. Interment was in Mount Stewart Cemetery.

Premier Meets Mosher At Ottawa

OTTAWA, March 28—(Special)—Prime Minister Jean Lesage and Premier J. Walter Jones met and conferred an ad political and transportation adversary in the course of his Ottawa visit. The adversary was A. R. Mosher, president of the Canadian Congress of Labor and of the Canadian Brotherhood of Railway Employees, two organizations that Mr. Jones is known to hold in small esteem.

"It just happened" the Premier chuckled when speaking with The Guardian today, "that Mr. Mosher held his delegation in to see the Cabinet about bigger pensions and more security when I was around the railway committee room where the meeting was held."

Mr. Mosher was talking to Labor Minister Greg when Mr. Mosher came along. I nudged Mr. Greg and he introduced me to Mr. Mosher. Mosher started to put out his hand and I grabbed it. Then he realized who I was and backed up starting to pull his hand away.

"He would have been even more flustered if he had read the text of my letter branding the C.N.R. as inefficient and controlled by organized labor. Well, he seems to be in hot water himself these days."

(The Premier was referring to the top-level fight in the ranks of the Mosher-ruled Canadian Brotherhood of Railway Employees which has resulted in the "purging" of James E. McGuire from his job as secretary-treasurer of the CBRE. McGuire struck back in a blast at Mosher today, rocking the union to its foundations.)

W.I. Leadership Course Concludes

Yesterday noon marked the conclusion of the Women's Institute Leadership Course which had been held for a day and a half at the Vocational School in Charlottetown.

Mrs. Harold Laird, President, occupied the chair for the final session, and "Planning the district convention" was discussed and demonstrated by Mrs. Murdock McGowan and Mrs. Howard Wood. The discussion brought forth extremely interesting new ideas and suggestions for programmes.

Dr. B. J. O'Meara, Director of Dental Health in this Province, was the guest speaker and spoke on the value of sodium fluoride in suitable proportions. He also gave details of experiments which are at present being carried out.

Col. Leo F. MacDonald, Principal of Queen Square School then gave a very concise and informative talk on the duties and responsibilities of a chairman.

A vote of thanks to Mrs. Julian Herring was extended by the meeting in appreciation of her efforts in preparing the radio programs which have been heard over the local station during the past few months. Delegates were commended by the W. I. supervisors for their attendance and enthusiasm, and it was hoped the sessions would be of assistance to the individuals in preparing the forthcoming district conventions.

The serving of refreshments and the singing of "The Queen" brought the session to a close.

Personal

Mrs. Ernest MacNeill, Cavendish, has returned to her home after a pleasant visit in the City.

Mrs. R. E. White of Hunter River left yesterday to visit her sisters Mrs. Miller of St. Petersburg, Florida, and Mrs. Staley of Miami Beach.

Mr. and Mrs. George Hawkins returned to Charlottetown from Florida on Thursday and left again Friday morning for Boston, having received word of the death of Mrs. Hawkins' uncle.

Mr. Ambrose Atkins, King Street, yesterday was sworn into the Canadian Navy as an Ordinary Seaman Communicator. He had formerly served for several years with R.C.S.C.C. Kent.

Little Miss Sharon Wright, daughter of Mr. and Mrs. A. Wright, celebrated her 6th birthday on March 27th, with a party for her many friends, assisting in serving were Mrs. Gilbert Houston and Mrs. Fulton Coffin.

IN MEMORIAM

In loving memory of my dear brother Oliver C. Saunders, Winsloe, who departed this life March 28th, 1947.

Lovingly Remembered by His Sister Maud.

Card Of Thanks

Mrs. Joseph Davison and family, Kensington, wish to thank all those who sent flowers and messages of sympathy, also neighbors and friends for their many acts of kindness, during their recent bereavement.

Board Of Trade Committee To Present Briefs To Maritime Gov'ts

MONCTON, N. B., March 28—(CP)—Recommendations and policies emanating from the Maritime Provinces Board of Trade and directed to the four Provincial Governments will in future be presented personally by the newly-appointed legislative committee of the Trade Board, it was announced yesterday.

Personnel of the special committee was named in the announcement. P. W. Curtis, Charlottetown, president of the Maritime Provinces Board of Trade will be chairman and other members, representing the four provinces are as follows: G. G. Anglin, Saint John; Walter Vail, Fredericton; F. J. Storey, Charlottetown; W. Hyndman, Charlottetown; G. Dawson, Yarmouth; S. C. Milfen, Sydney; T. S. Clift, and E. Miller, both of St. John's, Newfoundland.

First consideration by the committee will be given to the drafting of briefs to implement the report of Dr. C. H. Blakeny of Moncton with respect to industrial development in the Maritime Provinces.

It was presented and approved at the 1951 annual meeting of the Maritime organization. Action to encourage new settlers and increasing the population of this portion of the country.

The briefs, now in the drafting stage, will be presented to governments by the newly-named committee, immediately upon completion.

Mr. F. W. Curtis

Noranda Mines Profits Increase

TORONTO, March 28—(CP)—Noranda Mines, Ltd., big copper-gold producer of Northern Quebec, had net profit in 1951 of \$12,768,863, an increase of \$994,307 over 1950.

Profit was equal to a record \$5.70 a share, compared with \$5.26 in 1950 and the previous high of \$5.58 in 1949.

Out of the profit, \$8,959,088 was paid to shareholders and the remainder retained in the business.

Total revenue was \$27,754,454, made up of \$21,963,106 from metals produced, \$5,565,569 from dividends and interest earned, and \$1,225,779 in profit on sale of securities.

Red Cross Drive Being Continued

Just \$230.00 additional had been received from the Men's Divisions for the Charlottetown Red Cross Campaign in the past two days. This brings Charlottetown's total to \$8,490.00 with a number of Teams still with cards outstanding. It is understood that the Parkdale Men's Association, under its President, Mr. Dan McAskill is doing a very thorough piece of work in Parkdale while Mr. Jack MacKinnon is heading up a house to house canvass in Spring Park.

This week-end 65 energetic lady canvassers drawn from the different women's organizations will do a door to door canvass in Charlottetown just to be sure that no one has been missed, and to try to bring the city's returns a little nearer their objective of \$15,000.

During the week the following returns were received from districts in Queens County most of which show substantial increases over last year.—Irishtown per Leroy Y. Campbell, \$42.95; Ebenezer per Garnet Ford, \$40.50; Mayfield per Louise Moffat, \$23.50; Suffolk per Mrs. Ernest Coles, \$12.75; Union Road per Harry Newman, \$52.80; Eldon per Martin MacDonald, \$75.00 and Orwell per Mrs. Murdock MacLeod \$25.25.

Expenditures were \$10,236.140.

Current assets at year-end were \$24,639,831, up \$3,804,688, and current liabilities \$8,742,733, up \$1,075,644, indicating working capital of \$15,897,098, up \$2,729,044.

The annual report, signed by J. Y. Murdoch, president, includes reports of Noranda subsidiaries, and the company's activities elsewhere in Canada.

By year-end, Noranda had advanced \$300,000 to Gaspe Copper Mines, Ltd., in Quebec's Gaspe Peninsula, and will continue this method of financing this year.

"However," the report adds, "final plans for construction and operation cannot be made until the situation is clarified regarding transportation and power."

Exploration is continuing in an area west of Bathurst, N.B., and Mr. Hall says "the area is interesting, but exploration has not been sufficient to define possibilities."

A large area has been staked 75 miles east of Kenora, Ont., and six areas have been found there with gold and copper values. Trenching and drilling have been started.

M.R. Wilson, resident manager of the Canadian International Paper Company, Grenville, Que., described the operation of a forestry extension service to assist farmers and others in proper management of their woodlots.

He said this service has been in operation for a year in conjunction with its wood procurement office for Hawkesbury, Ont.

Francois Matte, chief forester, Donnacona Paper Co., Ltd., explained plans for managing a pulpwood forest tract of 757 square miles in Quebec's Laurentide Park on a sustained yield basis and using two different cutting methods.

He said that to achieve sustained yield, a forest must be so managed that pulpwood can be cut perpetually in equal annual quantities and the annual harvest each year is replaced by annual growth.

Premier Meets Mosher At Ottawa

OTTAWA, March 28—(Special)—Prime Minister Jean Lesage and Premier J. Walter Jones met and conferred an ad political and transportation adversary in the course of his Ottawa visit. The adversary was A. R. Mosher, president of the Canadian Congress of Labor and of the Canadian Brotherhood of Railway Employees, two organizations that Mr. Jones is known to hold in small esteem.

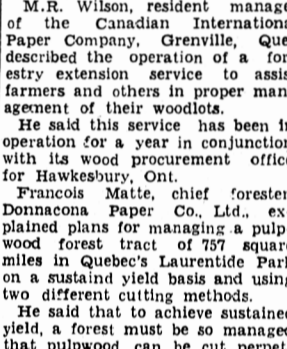

"It just happened" the Premier chuckled when speaking with The Guardian today, "that Mr. Mosher held his delegation in to see the Cabinet about bigger pensions and more security when I was around the railway committee room where the meeting was held."

Mr. Mosher was talking to Labor Minister Greg when Mr. Mosher came along. I nudged Mr. Greg and he introduced me to Mr. Mosher. Mosher started to put out his hand and I grabbed it. Then he realized who I was and backed up starting to pull his hand away.

"He would have been even more flustered if he had read the text of my letter branding the C.N.R. as inefficient and controlled by organized labor. Well, he seems to be in hot water himself these days."

(The Premier was referring to the top-level fight in the ranks of the Mosher-ruled Canadian Brotherhood of Railway Employees which has resulted in the "purging" of James E. McGuire from his job as secretary-treasurer of the CBRE. McGuire struck back in a blast at Mosher today, rocking the union to its foundations.)

Gift Boxes For Islanders In Korea

Preparations were finalized to send Island boys serving in Korea "Gift Boxes" during the regular monthly meeting of the Ladies Auxiliary held here last night at the Canadian Legion. Hall. President Mrs. J. T. Davies presided.

Guest speaker of the evening Mr. Charles Sinclair, President of the Charlottetown Branch of the Canadian Legion, in a brief speech expressed his appreciation to members of the Auxiliary for their splendid co-operation during the past year.

Additional money for the relief of veteran's families was voted during the meeting. It was also decided to make a contribution to the Red Cross in view of their current campaign and several members volunteered to canvass for the organization.

Following the meeting a "White Elephant Sale" was held which caused much delight and proved a financial success.

Hope To Clear Reefer Cars At Tormentine Today

A total of 66 refrigerator cars headed for this Province to load potatoes and other farm products are still tied up at Tormentine, according to information received last night from Mr. Frank Sayer, public relations officer, Canadian National Railways at Moncton.

In addition there were 65 cars-loads of miscellaneous freight consigned here still on the mainland. Mr. Sayer expressed the belief that this accumulation of cars would be cleared up this morning.

Mr. B. Graham Rogers, Provincial director of transportation, stated yesterday that 1500 refrigerator cars were necessary to handle the amount of potatoes sold and to be sold from the past crop season in Prince Edward Island. This, he said, was an approximate estimate as the amount already sold is unknown.
